LANGLEY

EXPLANATORY NOTE

BYLAW NO. 3011

The purpose of Bylaw No. 3011 is to adopt the 2017 - 2021 Financial Plan. In 2017, our five year financial plan includes \$44.4 million in operating expenditures and a further \$21.8 million in capital expenditures. Approximately 74% of the operating expenditures are funded through property taxes and utility charges billed at the end of May each year.

New assessment growth in 2017 will generate additional tax revenues of \$235,000. The total net increase in expenditures is \$883,595 or a 3.61% taxation increase.

Based on the results from the recently completed Community Survey and the feedback received from the neighbourhood meetings, there were a number of priority areas identified for the City to focus on such as public safety, homelessness, the upkeep of parks, boulevards and trails, infrastructure renewal and recreational opportunities. City Council has heard from the taxpayer, and this financial plan was developed to address these priority areas.

One of our biggest priorities for 2017 is to address some concerns surrounding homelessness and public safety. The City has included in the budget a provision for additional bylaw enforcement staffing and a Community Liaison position to work with social service agencies and oversee the implementation of the Homelessness Strategic Plan and Community Crime Prevention Strategic Plan. The RCMP costs represent the largest departmental expenditure in the budget, and the proposed policing increase will lower the vacancy rate at the detachment, resulting in more of the RCMP members being deployed in the City. The City will also address public safety by enhancing the emergency radio system with the Langley City Fire Service joining the multijurisdictional E-Comm system.

Improving parks, boulevards and trails will be a greater priority in 2017. The Financial Plan will include floodplain pedestrian bridge upgrades, a number of park facility capital upgrades, as well as a Corridor Improvement Program will be implemented to enhance the maintenance of walkways, boulevards, sidewalks, and medians.

The City will improve recreational opportunities by adding more Timms Community Centre staffing positions to maintain the City's newest asset and to enhance City services, a full year of funding is provided for a Plan Checker / Building Inspector position which was added half way through 2016.

Although the total net increase in expenditures results in a 3.61% overall taxation increase, including utility rate increases, the average single-family home assessed at \$728,339 will see their taxes increase by \$170 or 5.92% whereas the average multifamily home assessed at \$253,636 will see an increase in their taxes by \$39 or an increase of 3.20%. The same tax rate must be applied to both types of residential properties. The different percentage increase is due to the assessed value of single family homes, increasing on average 10% more than multifamily homes. Business class properties will see an average increase of 5.39% and Light Industrial properties a 5.34% increase. The ratio between residential and business properties has moved closer to 1:3 which is the typical average in Metro Vancouver.

The City is anticipating \$6.4 million in casino proceeds to be received in 2017 up \$400,000 from the prior year. This funding will be used to address infrastructure renewal for capital projects like bridge deck repairs on 200 Street, Douglas Crescent rehabilitation between 204 Street and 208 Street, enhance rehabilitation on 56th Avenue initially budgeted in 2016 reflected the Canada Infrastructure grant received from senior levels of government.

In addition, the City will allocate \$168,000 towards community grants and a further \$168,000 to the Enterprise Fund to be used at Council's discretion for expenditures that are not otherwise anticipated during the year and budget cycle.

Using casino proceeds to fund larger capital projects avoids borrowing and paying principal and interest charges and has helped to keep the City's tax rates lower by 2.5% in 2017. So casino dollars are at work in our community!

The City of Langley's 2017 Financial Plan provides for a number of improvements which will enhance the community. By strengthening public safety, addressing some of the issues surrounding homelessness, improving parks and trails, focusing on infrastructure renewal and recreational opportunities, the City of Langley will reinforce its reputation as the Place to Be!

2017 - 2021 FINANCIAL PLAN

BYLAW No. 3011

A Bylaw to adopt the Financial Plan for 2017 - 2021.

WHEREAS Section 327 of the Local Government Act provides that a Council must have a Financial Plan that is adopted annually, by Bylaw, before the annual property tax Bylaw is adopted;

AND WHEREAS the City has undertaken a process of public consultation prior to the adoption of the Financial Plan;

NOW THEREFORE, the Council of the City of Langley, in open meeting assembled, enacts as follows:

- 1) Schedule "A", attached hereto and made part of the Bylaw, is adopted as the Financial Plan of the City of Langley for the period 2017 2021.
- 2) Schedule "B", attached hereto and made part of the Bylaw, is adopted as the Capital Improvement Plan of the City of Langley for the period 2017 2026.
- 3) Schedule "C", attached hereto and made part of the Bylaw, is adopted as the "Financial Plan Objectives and Policies" of the City of Langley for the period 2017 2021.
- 3) This Bylaw may be cited for all purposes as the "Financial Plan 2017 2021 Bylaw, 2017, No. 3011."

READ A FIRST AND SECOND TIME this sixteenth day of January, 2017.

ADVERTISEMENTS WERE PLACED in the Langley Advance on the nineteenth day of January, 2017 and the twenty sixth day of January, 2017.

AN OPPORTUNITY FOR PUBLIC COMMENT this first day of February, 2017.

READ A THIRD TIME this -- day of -- ,2017.

FINALLY ADOPTED this – day of --, 2017.

MAYOR
CORPORATE OFFICER

FINANCIAL PLAN 2017 – 2021

BYLAW NO. 3011 Schedule 'C' Financial Plan Objectives and Policies

In accordance with Section 165(3.1) of the Community Charter, the City of Langley is required to include in the Five Year Financial Plan, objectives and policies regarding each of the following:

- 1. The proportion of total revenue that comes from each of the funding sources described in Section 165(7) of the Community Charter,
- 2. The distribution of property taxes among the property classes, and
- 3. The use of permissive tax exemptions

1) Funding Sources

The following table shows the proportion of total revenue to be raised from each funding source in 2017.

Revenue Source	% of Total	Dollar Value
	Revenues	
Property Value Taxes	57%	\$25,710,425
User Fees and Charges	22%	10,292,930
Revenue from Other Sources	3%	1,566,360
Casino Proceeds	14%	6,400,000
Government Grants	4%	1,737,485
Total	100%	\$45,707,200

Property taxes form the greatest proportion of revenues. As a revenue source, property taxation is efficient to administer and understandable for the residents. It is a stable and reliable source of revenue to fund core services like general administration, police services, fire services, bylaw enforcement, and street lighting which would be difficult to fund on a user pay basis.

User fees and charges form the second largest portion of the revenues. Water and sewer usage are billed based on the water meter consumption. Building permit, business licenses and sale of services are also on a user pay basis which attempts to apportion the value of the services provided to those who use the service.

Casino proceeds are used primarily to fund capital infrastructure renewal.

Objective

To maintain the property value tax proportion to the same proportion that it is currently.

Policies

The City will review all user fee levels to ensure they are adequately meeting both the capital and delivery costs of the services.

2) Distribution of Property Tax Rates

The following table outlines the distribution of property taxes among the property tax classes.

Property Class	% of Total	Dollar Value	
	Property Taxation		
Residential (1)	47.6%	\$12,248,042	
Utilities (2)	0.4%	107,734	
Light Industrial (5)	6.1%	1,562,953	
Business & Other (6)	45.6%	11,728,136	
Recreation / Non Profit (8)	0.3%	63,526	
Farmland (9)	0.0%	34	
Total	100%	\$25,710,425	

The residential property tax class provides the largest proportion of property tax revenue which is consistent with most other jurisdictions.

Objective

To shift the tax burden from the residential class to the business class so that the business class pays a higher proportion of the property taxation to move towards the average ratio between classes identified in Metro Vancouver. The ratio in 2017 will be 1: 2.99 between the residential and business class and 1: 3.195 for between the residential and light industrial class.

Policies

Continue where possible to supplement the revenues from user fees and charges to help offset the burden on the entire property tax base. Over the next five years slowly move the ratio of the residential to business class closer to the average ratio in Metro Vancouver.

3) Permissive Tax Exemption

The City has an existing permissive tax exemption policy which guides the administration and approval of permissive tax exemptions every year.

Objective

The City will continue to support those organizations that have received a permissive tax exemption in the past and review new applications as they arise.

Policies

The City adopted a new permissive tax exemption bylaw in the Fall of 2016. The City also adopted a revitalization tax exemption to support the efforts identified in the Downtown Master Plan.

2017 - 2021 Financial Plan

Fiscal Period January 1, 2017 to December 31, 2021

Bylaw 3011

Budget Message

January 11, 2017

Message from the Director of Corporate Services

Mayor and City Council City of Langley

2017-2021 Financial Plan Summary

In 2017, our five year financial plan includes \$44.4 million in operating expenditures and a further \$21.8 million in capital expenditures. Approximately 74% of the operating expenditures are funded through property taxes and utility charges billed at the end of May each year.

Based on the results of the recently completed Community Survey and from feedback received at the neighbourhood meetings, a number of priority areas were identified and include: public safety; homelessness; the maintenance of parks, boulevards and trails; infrastructure renewal and recreational opportunities. City Council has heard from taxpayers, and this financial plan was developed to address these priority areas.

The total net increase in expenditures is \$883,595 which would require a 3.61% taxation increase to balance the budget.

2017 Financial Plan

One of our biggest priorities for 2017 is to address some concerns surrounding homelessness and public safety. The City has included in the budget a provision for additional bylaw enforcement and a Community Liaison position to work with social service agencies and oversee the implementation of the Homelessness Strategic Plan and Community Crime Prevention Strategic Plan. The RCMP costs represent the largest departmental expenditure in the budget, and the proposed policing increase will lower the vacancy rate at the detachment, resulting in more of the RCMP members being deployed in the City. The City will also address public safety by enhancing the emergency radio system with the Langley City Fire Service joining the multi-jurisdictional E-Comm network.

Improving parks, boulevards and trails will be a greater priority in 2017. The Financial Plan will include floodplain pedestrian bridge upgrades, a number of park facility capital upgrades as well a Corridor Improvement Program will be implemented to enhance the maintenance of walkways, boulevards, sidewalks, and medians.

Recreational opportunities improve with the addition of more staff to serve and maintain the City's newest asset the Timms Community Centre. Additionally, a full year of funding has been added to increase our Building Department staff by one Plan Checker / Building Inspector. These staffing additions will improve our service delivery to the public.

Although the total net increase in expenditures results in a 3.61% overall taxation increase, including utility rate increases and the infrastructure levy, the average singlefamily home assessed at \$728,339 will see their taxes increase by \$170 or 5.92% whereas the average multifamily home assessed at \$253,636 will see an increase in their taxes by \$39 or 3.20%. Although the assessment value of single-family homes increased an average of 10% more than multifamily homes, the same tax rate must be applied to both types of residential properties. This results in a higher tax increase for single family residential properties. Business class properties will see an average increase of 5.39% and Light Industrial properties a 5.34% increase. The ratio between residential and business properties has moved closer to 1:3, which is typical in Metro Vancouver.

The City is anticipating \$6.4 million in casino proceeds to be received in 2017, up \$400,000 from the previous year. This funding will be used to address infrastructure renewal for capital projects like bridge deck repairs on 200 Street, Douglas Crescent rehabilitation between 204 Street and 208 Street, and rehabilitation on 56th Avenue initially budgeted in 2016, however now reflecting the Canada Infrastructure grant received from senior levels of government.

In addition, the City will allocate \$168,000 towards community grants and a further \$168,000 to the Enterprise Fund to be used at Council's discretion for expenditures that are not otherwise anticipated during the year and budget cycle.

2017 Financial Plan

Using casino proceeds to fund larger capital projects avoids borrowing and paying principal and interest charges and has helped to keep the City's tax rates lower by 2.5% in 2017. Casino dollars are at work in our community!

The Financial Plan Bylaw is scheduled to be presented at the January 16th Council meeting with final adoption anticipated at the February 20th meeting. The City is enjoying a sound financial position, and as we move into 2017, the Financial Plan will ensure we continue this trend.

Darrin Leite, CPA, CA

Director of Corporate Services

2017 Council Goals and Strategic Plan

While City Council is currently undertaking a process to update the Strategic Plan, the Financial Plan includes a series of goals and action plans in each department that supports the current *Strategic Plan*. The Strategic Plan has seven key result areas as follows:

Key Result Areas

In this plan, we have seven areas that describe where we believe we most need to move forward and achieve better results. Making progress in these Key Result Areas will define our success over the next five years, and anchor our accountability to our individual and corporate citizens.

- 1. **Infrastructure**: continuous improvement and sustainability of our below ground, on the ground, and above ground infrastructure.
- 2. **Quality of Life in Our City:** services to people can be continuously improved in order to attract, retain, and serve citizens that will then champion our vision as "The Place to Be."
- 3. **Communication:** communicating with our customers and partners, involving them in decisions which impact and interest them, and engaging them in public life.

2017 Financial Plan

- 4. **Revitalization:** of our downtown core, the visual impact of the public realm in our City, and enhance our sense of pride.
- 5. **Environment:** how we protect, preserve, restore, sustain, and enhance our environment
- 6. **Protective Services:** ensuring our citizens feel safe and property is secure
- 7. **Organizational Development:** investing in our organization, its people, its processes and financial sustainability

Developing the 2017-2021 Financial Plan is a component of the first key result area contributing to the long term planning of infrastructure renewal.

The Five Year Financial Plan

The five year financial plan presented in this document is a financial planning tool and not a multi-year budget. The primary focus of the Financial Plan is the current budget year under consideration (2017) with a new five year plan being created for each successive budget cycle.

The 2016 Actual column is reflecting the current year to date expenditures rather than an estimate of the amount anticipated after the end of the year which will be higher after all the December purchase invoices and year-end reconciliations have been reflected.

The revenue and expenditure forecasts of the out years (2018-2021) reflect estimated wage & benefit costs and RCMP contract increments. We have not attempted to include an estimate of inflation in the out years in this document.

Public Process

A Financial Plan presentation will be made at the Monday, January 16, 2017, Council meeting to introduce the budget to the public which will be recorded and streamed on the City's website. The Financial Plan will be advertised for two consecutive weeks in summary form in the local newspaper (January 19 and January 26).

A Financial Plan public input and open house meeting will be held on Wednesday, February 1, from 6:00 pm – 7:30 pm in the City Hall Finance Department foyer for the public to learn more about the budget and ask questions in a more informal setting.

The open house will be followed by a Financial Plan presentation at the February 6, Committee of the Whole Council meeting where comments from the public will be invited.

Budget Highlights

General Operating Fund

The Consumer Price Index (CPI) % increase in Vancouver for the year ended October, 2016 was 2.5%. The CPI is

2017 Financial Plan

not representative of the costs incurred by municipal governments which are more heavily weighted to labour, materials and contracted services, whereas the CPI reflects a basket of goods, like food, shelter, clothing, furniture, etc. A municipal Price Index (MPI) developed in Edmonton forecasts the MPI in 2017 to be 2.6%.

The gap between total expenditures and total revenues in the general fund is \$883,595 and would require a tax revenue increase of 3.61%.

The budget contains non-discretionary service level and other increases outlined in the following table. This increase includes the new growth tax revenues of \$235,000 (0.96% of tax revenues).

Summary of the Larger Non-discretionary Changes				
Affecting the 2017 General Fund Bud	dget			
Revenues:				
Revenue own sources – Tax penalties and interest	\$ 17,500			
Revenue own sources – Grants in lieu (Utility Co)	\$ 18,190			
2016 actual assessment changes from budget	(\$ 42,400)			
2017 New tax growth increase	(\$ 235,000)			
Fees & Charges - Application fees & Eng admin	(\$ 90,500)			
Fees & Charges - Business Lic., Misc permits, Dogs	(\$ 31,055)			
Fees & Charges – Building permits	(\$ 69,400)			
Fees & Charges - Parking fines & Parking rentals	(\$ 13,000)			
Fees & Charges – Tax info, Vehicle plates, Garbage	(\$ 11,310)			
Revenue own Sources - Property rentals	(\$ 20,815)			
Revenue own sources - Casino proceeds	(\$ 400,000)			
Revenue own sources – Hotel tax	(\$ 45,000)			
Revenue own sources - Other	(\$ 16,140)			
Expenditures:				
Election expense	(\$ 45,000)			
Interfund utility allocation	(\$ 429,230)			
Council remuneration	\$ 5,000			

impacts due to reductions in training, supplies and contracted services.

2017 Financial Plan

Summary of the Larger Non-discretionary Changes Affecting the 2017 General Fund Budget				
Bylaw enforcement	\$	79,800		
Corporate Services reconfiguration	\$	57,000		
Insurance premiums	\$	8,050		
Corporate communication and advertising	\$	16,000		
Software support, IT consultation, and Supplies	\$	37,320		
Employee wages and benefits	\$	118,245		
Fire wage and benefits	\$	186,275		
Electrical, Gas and Utilities	\$	30,775		
RCMP detachment operations – Municipal staff	\$	58,540		
RCMP contract	\$	631,330		
CPO, LYFS, & Emergency contract, Victim witness	\$	2,540		
Community Liaison Coordinator	\$	10,000		
ECOMM radio system	\$	86,570		
Fire vehicle maintenance, Dispatch	\$	32,580		
Engineering clerical support	\$	20,000		
Corridor Improvement Program	\$	90,000		
Plan Checker / Building Inspection	\$	40,835		
Tourism Langley (Hotel tax)	\$	45,000		
Timms Centre Staffing	\$	124,550		
Library levy & Building maintenance	\$	44,460		
Recreation Special Events/Downtown Summer Series	\$	63,650		
Park maintenance for new facilities	\$	20,200		
Various supplies and contracted services	\$	10,765		
Tsfr from Surplus (Election expense)	\$	45,000		
Tsfr to Casino Proceeds Reserve	\$	400,000		
Tsfr to /from reserves	(\$	90,230)		
Infrastructure levy	\$	122,500		
Net 2017 budget expenditure increase	\$	883,595		

Each year departments scrutinize their operating budgets in an effort to make substantive reductions to help mitigate a taxation increase. Over the last six years, over \$1.1 million in savings have been implemented, reducing taxes by 5%. However, these reductions have operational

Revenue Decreases:

The property tax penalties and interest have reduced \$17,500 due to the large number of property sale transactions and low cost of borrowing for home owners.

Grants in lieu are received from the utility companies like Telus, BC Hydro, Shaw Cable and Fortis. The grants are a substitute for the property taxes that would otherwise be payable on the land that the utility companies run their services through. The grants are based on 1% of the revenues generated by each of the companies in the City of Langley in the previous year. The grants in lieu decreased by \$18,190 due to lower revenue from high competition in the marketplace.

Revenue Increases:

The total new taxation growth from new construction is estimated at \$235,000 which was supplemented by an additional \$42,400 of taxation income due to rejected assessment appeals.

Engineering administration and application fees are increasing \$90,500 to reflect historical trends.

Building permit fees are collected from developers and are contingent on market conditions prompting developers to begin new construction, an anticipated increase of \$69,400 is reflected. Business license fees are increasing 2% generating an additional \$11,640. Other permit and fees reflecting filming permits contribute an

additional \$20,000. Dog fees are reducing slightly by \$585.

Parking fine revenues and parking rentals are increasing \$13,000 particularly relating to parking rentals for movie sets.

Providing taxation information during property sales transactions, generated an additional \$8,000 based on historical trends. Garbage fees are increasing slightly by \$2,560 reflecting additional homes being constructed in the community. Sale of municipal commercial vehicle decals will add an additional \$750.

Property rental income has been increased by \$20,815 to reflect the new rental income from a building purchased by the City.

Casino proceeds are increasing by \$400,000 based on the prior year's experience. The same amount is transferred to reserve to fund future capital expenditures.

Hotel tax revenues are collected and remitted to Tourism Langley to fund tourism promotion in the community. The revenues are increasing \$45,000 reflecting historical trends.

There are a number of other small revenue increases that combined add another \$16,140.

Expenditures:

The election expenses incurred in the 2016 by-election are not required in 2017, and the \$45,000 cost has been

2017 Financial Plan

removed from the budget as well as the offsetting transfer from the prior year's surplus.

Each year the City allocates expenditures charged to the General fund on a proportional basis to the Water and Sewer funds. In 2017, the allocation has been changed to be based on 30% of the General Government Services expenditures. This increased the allocation by \$482,850 to a total of \$1,105,300.

Council remuneration increases are based on adopted Council policy. The Mayor's remuneration is 85% of the 2016 median Metro Vancouver mayors' salaries. Council remuneration is set at 40% of the Mayor's remuneration.

Additional Bylaw Enforcement resources will be added to enhance the level of service for parking enforcement and dog off leash issues that arise during the evening hours and augment the significant number of hours that are required to address homelessness issues.

The City reconfigured the Corporate Services department in the spring of 2016. An additional position was created which required a \$57,000 increase.

The MIA (Municipal Insurance Association) levy will decrease in 2017 by \$4,625 due to positive changes in the experience rating of the City. However, the property insurance is increasing \$12,675 reflecting the addition of the Timms Community Centre.

The City endeavors to actively engage our public. Efforts to increase marketing, expanded use of social use and

extensive promotion of our neighborhood meetings require an increase of \$16,000.

Software support and IT services need to be increased in order to maintain the current city enterprise systems and pay annual maintenance fees for newly implemented software.

A provision has been included for the CUPE, management staff and Protective Services contract negotiations. In addition, some employees will move to the next steps of their pay grade.

The cost of electricity, natural gas and water will all experience rate increases, causing an increase of \$30,775 throughout the organization.

The cost for centralized support services, billed by the Township of Langley for municipal employees at the RCMP detachment, is increasing \$58,540 to reflect wage increases.

The RCMP incremental costs also reflect a 2.50% increase in wage and pension costs and movement through pay grades. The recruiting costs, cadet training depot costs and police dog service training centre costs are now billed to the municipalities on a cost recovery basis rather than a fixed cost per member. The vacancy rate has been lowered at the detachment resulting in more of the City's 51.35 contracted RCMP members being deployed in the City. The City shares 179 RCMP members with the Township of Langley and the experience thus far in 2016 is that there are 173.45 members in active duty resulting

2017 Financial Plan

in a vacancy of only 5.5 members combined. Therefore, the City has lowered our historical vacancy rate from 6 members to 3.3 members in 2017.

There are small cost changes in the Community Police Office, LYFS contract costs, the Emergency Program costs and victim services totaling \$2,540.

The City will be addressing the concerns surrounding homelessness and public safety by creating a part-time, contract Community Liaison Coordinator position to work with social service agencies, the RCMP and the business community to address critical social issues in the City. The position will oversee the implementation of the Homelessness Strategic Plan and the Community Crime Prevention Strategic Plan.

The City will be implementing the E-Comm radio system in 2017 to improve public safety. This service will cost \$86,570 and includes both hardware costs, maintenance and annual operations.

Maintenance requirements of our fire truck fleet and associated equipment has seen an increase of \$28,000. The budget also reflects an inflationary increase in dispatch fees of \$4,580.

The Engineering and Development Services Departments have requested \$20,000 in additional clerical support to address customer service demands during peak periods of the year. These hours will be partially allocated towards administering the filming permit process.

The City is enhancing a Corridor Improvement Program to improve the maintenance of walkways, boulevards, sidewalks and medians. The additional cost of the program is \$90,000.

The Development Services Department hired a Plan Checker/Building Inspector position in 2016 to enhance the services provided by the department. The position was only funded for half the year in 2016, so the total cost of the position must be funded for 2017.

Timms Community Centre is approaching a full year of operations. Additional staff positions have been added to allow for expanded hours of operation and to maintain the new larger facility to improve recreational opportunities and maintain the City's newest asset.

The FVRL levy is increasing \$44,460 covering wages and benefit cost increases and an increase in material costs.

The City is partnering with the Downtown Langley Business Association to host the McBurney Plaza Summer Series. As well, a number of neighbourhood special events are planned for 2017.

An increase of \$20,200 has been included in the Park's budget to maintain new facilities such as the Penzer Bike Skills Park and Douglas Park outdoor fitness and games areas, as well as increased sports field maintenance.

A small increase of \$1,380 was made to the transfer to the MRN reserve. The transfer from the Future Police Cost Reserve has been increased by \$25,200 to offset the anticipated retroactive salary adjustments. A transfer

2017 Financial Plan

from the casino proceeds reserve of \$63,650 to fund the recreation special events has been included. The \$400,000 extra casino proceeds is also transferred to the reserve for future capital improvement funding.

Water Operating Fund

The water rate structure will stay at \$1.16 per cubic meter, with a \$25 increase to the flat rate making it \$75 per dwelling unit. The increase for the average single-family residential customer using 330 cubic meters of water will be \$25 in 2017.

The cost of water purchased from Greater Vancouver Water District (GVWD) is increasing 1.0%. The water purchase cost of \$2.62 million makes up 68.4% of the expenditures in the water fund.

The GVWD has indicated that there will be increases in water costs over the next few years to allow for improved water filtration and infrastructure replacement.

Sewer and Drainage Operating Fund

The sewer rate structure will increase \$0.06 per cubic meter bringing the total to \$1.04 per cubic meter (80% of water consumption) with a \$25 increase in the flat rate making it \$75 per dwelling unit. The increase for the average single-family residential customer using 330 cubic meters of water, used to determine the sewer charge, will be \$40.84 in 2017.

A portion of the increase (\$0.03 per CM) is being allocated to increase the transfer to the sewer and drainage reserve. The current reserve contributions are not adequate to fund the capital requirements anticipated in the Capital Improvement Plan. The balance of the increase is to fund the sewer treatment levy cost of \$1.89 million which makes up 61.5% of the expenditures in the sewer fund.

Tax Rate Effect

Although the total net increase in expenditures results in a 3.61% overall taxation increase, including utility rate increases and the infrastructure levy, the average singlefamily home assessed at \$728,339 will see their taxes increase by \$170 or 5.92% whereas the average multifamily home assessed at \$253,636 will see an increase in their taxes by \$39 or an increase of 3.20%. The same tax rate must be applied to both types of residential properties. The different percentage increase is due to the assessed value of single-family homes, increasing on average 10% more than multifamily homes. Business class properties will see an average increase of 5.39% and a 5.34% increase for Light Industrial properties. The ratio between residential and business properties has moved closer to 1:3 which is the typical ratio in Metro Vancouver.

2017 Financial Plan

Where Do the Taxes Go?

For the average single-family home, the annual property tax including utilities of \$3,051 on a monthly basis is as follows:

Policing Service	\$	63.02
Water	\$	36.07
Sewer & Drainage	\$	25.73
Fire Rescue Service	\$	24.09
General Government	\$	21.30
Recreation	\$	19.68
Engineering & Operations	\$	17.36
Garbage Services	\$	15.00
Infrastructure Funding	\$	11.08
Parks	\$	10.11
Development Services	\$	6.22
Other Protective Services	\$	4.61
Per month:	\$2	254.27

Capital Improvement Plan

The Financial Plan includes a 10 year Capital Improvement Plan (CIP). The proposed expenditures in 2017 total \$21,758,145. The City was awarded an infrastructure grant late in 2016 for the 56th Avenue road and utility project so this project was re-budgeted in the 2017 CIP to reflect the grant funding. The project totals \$3.9 million. Another large project for \$3 million relates to the road and utility improvements on Douglas Crescent between 204 St and 208 St. A further \$1.8 million is allocated to 200 St bridge deck replacement and water utility works south to 50 Ave. A number of drainage culverts are being rehabilitated with \$1.7 million allocated for this work. An emphasis has been

placed on the City's parks, with additional funding augmenting the 2016 capital budget approved for Penzer Park bringing the total to \$1.3 million dollars. The City has added a number of field enhancement projects throughout the 10 year plan, starting with \$700,000 being allocated for Rotary Centennial Park.

Capital projects are funded through money the City has placed in reserves, funds received from developers when new construction is undertaken in the City by way of Development Cost Charges (DCC's), grants and casino proceeds.

Each year the City allocates a portion of the money collected through property taxation into the reserves.

Capital Works Reserve	\$	879,450
Fire Equipment Replacement	\$	55,000
Machinery Replacement	\$	250,000
Off Street Parking	\$	11,600
Office Equipment	\$	46,500
Parks & Recreation	\$	177,500
Sewer Future Capital	\$	485,000
Water Future Capital	\$	570,000
-	\$ 2	2.475.050

The City recognized that our infrastructure is aging and will need to be replaced in established neighbourhoods. Additional funding dedicated to infrastructure renewal is being proposed at 0.5% which would generate \$122,500. At the recent neighbourhood meetings, there was support for this type of levy which would generate funds for the Capital Works Reserve. An average multifamily residential home would pay an extra

2017 Financial Plan

\$0.29 per month and an average single-family home would pay an extra \$0.83 per month to generate this levy.

The work being planned to accommodate the tangible capital asset requirements and resulting asset management benefits will highlight the infrastructure deficit faced by the City of Langley. We are not currently putting enough funding towards infrastructure renewal, to meet projected needs. It will take a concerted effort by City Council to balance between allocating adequate funding for infrastructure, that is primarily underground, and other infrastructure needs for the community.

Prior Year's Surplus

The City is required to prepare a balanced budget each year under provincial legislation. Each dollar expended has to be approved by City Council in the Financial Plan. At the end of the previous year, the actual financial numbers may result in revenues being higher than anticipated or expenditures lower than planned which is called a surplus.

It is proposed that any surplus generated in 2016 be allocated to the Capital Works Reserve to augment the capital works undertaken in future years.

City Hall I and coming

2017 Financial Plan

Casino Proceeds

Another significant funding source for the Capital Improvement Plan is casino proceeds. It is estimated that the casino proceeds will be \$6.4 million in 2017. A total of \$6.83 million was received in 2016. We have been advised that a new gaming facility is being proposed for the City of Delta and we will have to determine if the new facility will have a negative impact on the City's casino proceeds.

The following table lists the projects proposed to be funded by casino proceeds.

Capital 2017 - Casino Proceeds Allocation

City Hall Landscaping	\$ 330,000
Road Rehabilitation	\$ 722,320
Pedestrian Facilities	\$ 250,000
Bicycle Facilities	\$ 200,000
Traffic Calming	\$ 400,000
Street Light Replacement	\$ 100,000
LED Lighting Fixtures	\$ 200,000
56 Ave, Glover to Bypass	\$ 708,190
Douglas Crescent 204 St to 208 St	\$ 877,500
200 St Bridge Deck replacement	\$1,233,000
Fraser Hwy Bypass - Landmark Way	\$ 193,675
Retaining Wall Rehabilitation	\$ 200,000
Fraser Hwy 204 St to 208 St Concept	\$ 200,000
Traffic Signal 62 Ave / 203 St Design	\$ 50,000
Trail System Upgrade	\$ 40,400
Penzer Park Youth Facilities	\$ 404,000
Rotary Centennial - Sports Field	\$ 353,500

\$	120,400
\$	150,000

\$	300,000
\$	300,000
\$	250,000
\$	200,000
\$9	,178,735
	\$ \$ \$ \$ \$ \$ \$ \$ \$

By using casino proceeds rather than borrowing, the City is reducing operating debt servicing costs. Every \$1.00 borrowed requires \$0.60 to be paid in interest over the 20 year term of the borrowing, so if the City borrows \$1 million the total cost over 20 years is \$1.6 million which equates to a 0.28% tax revenue increase. Debt avoidance has reduced the taxes otherwise payable by 17% over the last ten years.

<u>Important Issues Affecting Future Years'</u> <u>Budgets</u>

New growth revenues are anticipated to remain low based on existing market conditions. New growth typically funds any inflationary increases in the City's budget. Wage settlements and ability to attract and retain staff, without any new service levels being considered, will continue to put pressure on the budget.

\$ 350,000

Local governments are increasingly feeling the effects of downloading by other levels of government. The City is struggling with its ability to address social issues like homelessness where individuals suffering from mental health and substance abuse concerns are evident. Historically, social welfare has been a Provincial mandate, however; municipalities are now facing the effects of this growing problem.

Our contracted service partners like the RCMP, Fraser Valley Regional Library and Metro Vancouver have increases in their respective budgets which are beyond the City's control and can have significant effects on the City of Langley's Financial Plan.

The City of Langley's 2017 Financial Plan provides for a number of improvements which will enhance the community. By strengthening public safety, addressing some of the issues surrounding homelessness, improving parks and trails, focusing on infrastructure renewal and recreational opportunities, the City of Langley will reinforce its reputation as the Place to Be!

General Operating Fund

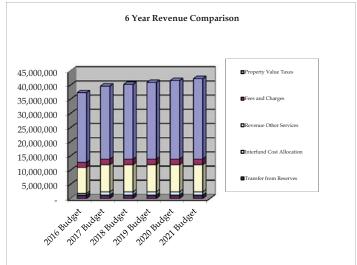

2017-2021

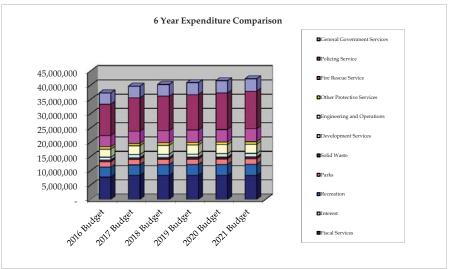

GENERAL OPERATING FUND
The General Operating Fund is the primary operating fund of the City. It is used to account for all of the financial resources and expenditures of the City of Langley, except Water Utility, Sewer & Drainage Utilities, and the 10-year Capital Improvement Plan. This section details the 2017-2021 Financial Plan, as well as showing comparative figures for 2015 Actual Results, 2016 Budget, and the 2016 Year to Date (YTD) expenditures. (The 2016 YTD figures are highly dependent on when billings are received and processed and may not acurately reflect actual expenses to date.)

Property Taxation

PROPERTY TAXATION

Property Taxation and Assessment

Property tax is the largest single General Fund revenue source in the City of Langley and will account for 56% of total revenues in 2017. The reliance on property taxes decreased over the last decade with the return of 100% of Traffic Fine Revenue and the introduction of gaming proceeds.

Property taxes are billed to each legal property in the City. The property tax bill is calculated by multiplying the current years tax rate by the assessment values of each property.

Property Tax Assessment Base

Property assessment in the Province of British Columbia is the function of the British Columbia Assessment Authority (BCAA). The BCAA's purpose is to establish and maintain assessments that are uniform in the whole of the Province in accordance with the Assessment Act.

The Assessment Act requires that the BCAA produce an annual roll with assessments at actual value. Actual value is defined by statute as being synonymous with market value. A commonly accepted definition of market value is: "that price a property might reasonably be expected to bring if offered for sale by a willing vendor to a willing purchaser after adequate time and exposure to the market".

In addition to determining market value, BCAA also decides upon the appropriate classification for each property. The provincial Government has prescribed nine classes of property, as follows:

<u>Class 1:</u> Residential includes land or improvements, or both, used for residential purposes, including single-family residences, duplexes, multi-family residences, apartments, condominiums, manufactured homes and some vacant land.

<u>Class 2:</u> Utilities includes land or improvements, or both used for the purpose of providing utilities; E.G. Telus, BC Hydro.

<u>Class 3:</u> Supportive Housing - funded by the Province, a property which combines on-site support services with housing for persons who were previously homeless, at risk of homelessness, have mental or physical disabilities, or who are recovering drugs or alcohol addictions.

<u>Class 4:</u> Major Industry which is non applicable in the City of Langley.

<u>Class 5:</u> Light Industry includes properties used for extracting, processing and manufacturing, not falling within the Major Industry Class.

<u>Class 6:</u> Business and Other comprises all land and improvements not included in classes 1 to 5 and 7 to 9.

<u>Class 7:</u> Managed Forest Land which is non applicable in the City of Langley

PROPERTY TAXATION

<u>Class 8:</u> Recreational property/Non-profit Organizations includes land used solely as an outdoor recreational facility for a specific use or activity together with property used or set aside for use as a meeting hall by a non-profit fraternal organization.

<u>Class 9:</u> Farm includes only land classified as farm land in accordance with the prescribed standards.

The **2017** property classes and their respective assessment values for general municipal purposes are:

Class 1 Residential	\$4,322,522,603
Class 2 Utility	2,693,355
Class 3 Supportive Housing	2
Class 5 Light Industry	172,671,300
Class 6 Business Other	1,385,589,878
Class 8 Recreational/Non-profit	6,978,000
Class 9 Farm	<u>11,936</u>
Total	\$5,890,467,074

City Council has the ability to set a tax rate for each class of property.

The key dates in the assessment cycle are as follows:

<u>July 1, 2016</u> – is the date at which the market value is determined for the 2017 Assessment Roll.

<u>October 31, 2016</u> – Deadline date for municipal Council to adopt tax exemption bylaws for the 2017 Assessment Roll

October 31, 2016 – The 2017 Assessment Roll reflects the physical condition and permitted use of each property on this date

<u>November 30, 2016</u> – Deadline for ownership changes to the 2017 Assessment Roll

<u>December 31, 2016</u> – Deadline for Completed Roll totals, and mailing date for Assessment Notices.

<u>Ianuary 31, 2017</u> – Deadline for requesting a formal assessment review.

March 31, 2017 - Deadline date for the Revised Roll

Assessment Growth

In the last decade, 1,170 new living units have been constructed in the City of Langley. The growth over the decade has been in multi-family type housing with 1,194 new units being constructed. This was offset by a reduction of single family units over the same time frame.

Fees & Charges

FEES & CHARGES DESCRIPTIONS

The revenue category of Fees and Charges was established by the Bill 88 revisions to the Local Government Act in 1999. The category includes all revenues that are imposed, by bylaw, in respect of all or part of a service the municipality provides or the exercise of regulatory authority.

ADMIN/INSPECTION FEES: These revenues are intended to compensate the City for administration and inspection costs that the City must expend as part of a land development project. The revenues are estimated by using a trend analysis approach then adjusted to reflect the level of construction and development anticipated in the community.

SOLID WASTE USER FEES: This revenue represents the total user fees levied on single family residences for bi-weekly door to door garbage collection service as well as weekly curbside organic waste disposal. The revenue is calculated by dividing the cost of the service by the number of residential units serviced.

LICENCES & PERMITS: The revenue generated from building and plumbing permits is levied to monitor construction projects within the City to ensure compliance with the BC Building Code and City Bylaws as and when required. The revenues are estimated by using a trend analysis approach then adjusted to reflect the level of construction and development anticipated in the community.

DOG LICENCE FEES: These fees are levied on the owners of dogs to partially offset the cost of providing dog control services. The revenues are projected based on the number of dogs licensed in the prior year.

PARKING VIOLATIONS: This revenue represents fines received from motorists who are parked illegally within the Downtown core of the City.

PARKING RENTALS: This revenue represents the monthly rental fees received for supplying reserved parking spaces in four lots within the City. Revenue is projected using the current occupancy rate in the lots.

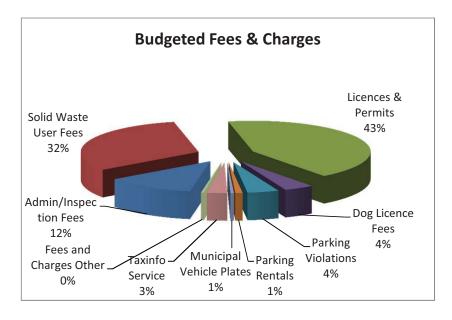

FEES & CHARGES DESCRIPTIONS

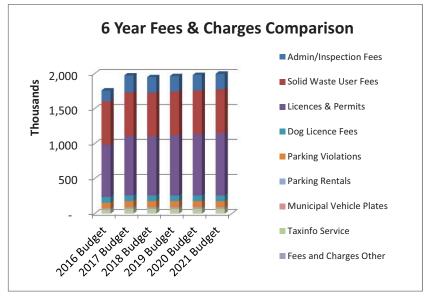

MUNICIPAL VEHICLE PLATES: This revenue represents a commission paid to the City to issue commercial vehicle stickers on behalf of the Union of British Columbia Municipalities to administer the service province wide for the Provincial Government. The revenue estimate is based on the prior year's revenues.

TAXINFO SERVICE: This revenue represents the fees received for providing legal offices and mortgage companies with information regarding outstanding taxes on properties. The revenue estimate is based on the prior year's experience and adjusted for the current state of the real estate sales market.

FEES & CHARGES OTHER: This program includes budget allocations for revenue generated from banner installations and other miscellaneous fees.

Revenue Other Sources

REVENUE FROM OTHER SOURCES DESCRIPTIONS

The revenue category of Revenues from Other Sources includes all those revenue sources not included in Property Taxes or Fees and Charges.

RCMP FEES & CHARGES: These revenues represent various fees charged by the RCMP for services rendered to the public, a commission from the Province of BC to offset the cost of serving criminal documents and revenues from false alarm fees which offset the cost of the RCMP in responding to false alarms. Revenue projections are based on the historic trend.

TAX PENALTY & INTEREST: This revenue source includes penalty and interest charged on past due taxes. Penalties of 5% are applied on all unpaid current taxes on the tax due date and August 2 each year. Interest is applied on all taxes in arrears (one year past due) and all delinquent taxes (two years past due). The revenue is forecast based on past trends and any significant events affecting properties in this category.

RENTALS OF CITY PROPERTY: The City has a number of bare land leases and a few improved property leases. The lease revenue is calculated using the rates included in lease documents as well as historical maintenance costs.

INTERNAL EQUIPMENT RENTALS: This revenue item represents the difference between equipment operating expenditures and the amount expended to operations via equipment charge-out (rental) rates. The revenue generated is meant to cover depreciation or obsolescence and is transferred annually to the Machinery Replacement Reserve where it is held and used to replace equipment and vehicles as required.

MISCELLANEOUS INCOME: This revenue includes a number of revenues that can not be classified within another revenue category. These revenues included such things as grants, sale of history books, sale of assets and towing contract revenues. The budget estimates are calculated using trend analysis modified for factors that the City is aware of.

INTEREST INCOME: This represents interest earned on surplus funds in the General Operating Fund. The estimate is based on a similar cash flow and cash level as the previous year, and uses a projected 1.70% interest rate for 2017.

REVENUE FROM OTHER SOURCES DESCRIPTIONS

GRANTS IN LIEU OF TAXES:

Federal/Provincial Government

All senior levels of government are exempted from paying property taxes on the annual assessment role. Both levels of Government, however, do recognize that the respective properties do cause a demand for municipal services provided through property taxation. As a result a grant in lieu is paid to the City. Provincial Grants are equal to full taxes and are estimated in that manner. Federal Grants are based on a deemed property valuation which does not provide a grant equal to full taxes, and the revenue stream is forecast accordingly.

Utility Companies

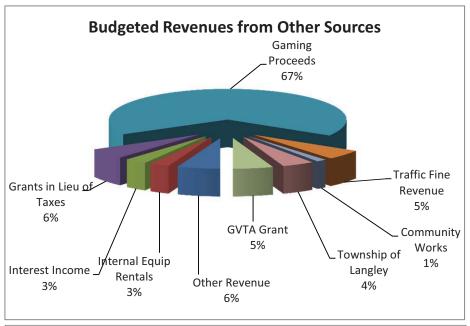

Utility companies do not pay municipal taxes on the value of their transmission lines or other equipment and structures, except buildings. In lieu of taxes, they pay a grant calculated at 1% of the utility revenue generated within the City during the previous year. These revenues are reported to the City and budget estimates are based on reported revenues.

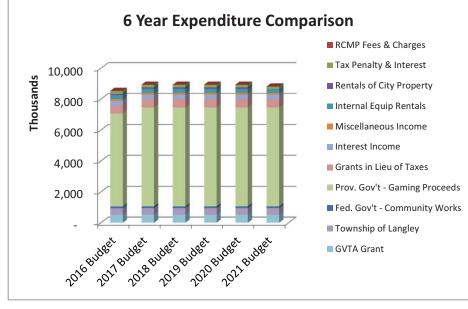

PROVINCE OF BC: This majority of this revenue is the City's portion of Casino Gaming Revenues which has been estimated using the actual payments received last year. This budget also consists of the local government's share of traffic fine revenues generated by the Province of BC. Budget estimates are based on the prior year's grant level until notification of the grant amount is received in the spring of the budget year. Finally this budget include the 2% hotel tax which was implemented in 2005 and is transferred to Langley Tourism.

FEDERAL GOVERNMENT: This revenue represents funds received from the Government of Canada in relation to the Gas Tax Agreement for Community Works. These funds are transferred to reserves for capital investment.

TOWNSHIP OF LANGLEY: This revenue represents funds received from the Township of Langley under the Langley Youth and Family Services cost sharing agreement, the Emergency Planning service agreement and the RCMP building cost sharing agreement. Budget estimates are based on these agreements and budgeted expediture increases.

GVTA GRANT: This revenue represents the GVTA's grant to the City for the annual maintenance of Major Municipal Network Roads. The grant is based on the lane kilometers of Major Municipal Network Roads.

LEGISLATIVE

<u>Program Description:</u> This program accounts for all expenses associated with the direct activities of City Council. City Council, made up of the Mayor and six Councillors, represents the citizens by providing community leadership in serving as the legislative and policy making body of municipal government. This program also contains the Enterprise funding and Community Grants which are funded solely by gaming proceeds.

<u>Output:</u> City Council holds approximately 25 Council meetings a year, about every two weeks at Langley City Hall. Elected representatives from City Council represent the City of Langley on many regional and provincial boards and committees. Council also attend many community meetings and events, workshops and policy meetings throughout the year.

INFORMATION TECHNOLOGY

<u>Program Description:</u> This program provides for the support and maintenance of the City's information technology. This program includes an IT Managaer as well as an IT Support Technician. A substantial portion of this budget also provides funding for annual software and service provider contracts.

Output: To supply IT services to the staff of the City to assist them in accomplishing organizational objectives. Ensure that City data is secure from outside threat, in a virus-free environment, is backed-up and there are plans for failure or disaster. Provide reliable, high-performance computer systems that enable City staff to perform their job functions efficiently. Train staff so they can take advantage of new functionality or a new application, or whenever there is an expressed need to learn more. Ensure that information is easily accessed by City staff while maintaining proper information security. Constantly improve the City's network infrastructure and keep hardware and software up-to-date. Enhance information and service delivery to the public through the Internet.

POLICING SERVICES

RCMP DETACHMENT OPERATIONS

<u>Program Description:</u> This budget item provides for RCMP support staff in the form of administration, clerical and jail guards and the related office costs associated to these functions. It also provides maintenance to the RCMP building. These services are all performed in partnership with the Township of Langley and as of September 1, 2007 these costs are shared based on formulas of 25% of the polulation and 75% of the 5 year rolling average of crime statistics. The City also pays an additional 8% administration charge to the Township for administering this function.

RCMP POLICING CONTRACT

<u>Program Description:</u> Police service for the City is provided by the Royal Canadian Mounted Police. This program is to provide a feeling of security to the citizens of Langley; through the proper management of available resources and with the support of the community as a whole, by the protection of life and property, the apprehension of criminals and crime prevention.

Output: The budget provides for a total contract strength to 51.35 members. It also includes a share in the Integrated Homicide Investigation Team (IHIT), Emergency Response Team and Forensics/Traffic Reconstructionist/Dog Patrol. The RCMP uphold the principles of the Canadian Charter of Rights & Freedoms and provide a professional standard of service. The City currently budgets for 3.3 member vacancies based on historical trends, this results in a budget reduction of approximately \$500,000. There is also a \$30,000 provision for a Community Liason position to work with social service agencies and oversee the implementation of the Homelessness Strategic Plan and Community Crime Prevention Strategic Plan.

COMMUNITY POLICE OFFICE

<u>Program Description:</u> The purpose of the Community Police Office is to bring the police closer to the community making it more convenient for citizens to report incidents and it promotes the development of a closer police community relationship which is consistant with the RCMP's committment to community policing. It also allows the community to play an active role in policing the community through involvement in various volunteer programs.

<u>Output:</u> Community Policing is about preventing crime. RCMP members work interactively with the community to mutually identify and resolve community problems. This budget provides for the funding of a Information Officer at the CPO to coordinate volunteers and liase between the public and RCMP. The Community Police Office is open between 8:30am & 4:30pm Monday to Friday at the office located at 20408 Douglas Crescent.

Fire Rescue Service

City of Langley

2017 Financial Plan

Cost Centre Description:

Our First Response Team consists of twenty (20) staff who maintain shift coverage of four firefighters on duty twenty-four hours per day. This First Response Team backed up by a compliment of twenty-four paid-on-call firefighters provides for a five minute response time to any fire or medical emergency anywhere within the City of Langley boundaries.

In addition to our Emergency Response Programs, we have a Public Education and Fire Prevention Program under the direction of our Fire Prevention Officer. The FPO and our on-duty crews are out each and every day inspecting retail, commercial and industrial businesses within the City of Langley to ensure that when you enter into those premises as a customer or an employee, that you are operating under a fire safe environment. We also inspect all multi-family residential buildings to ensure safety for residents and visitors.

FIRE ADMINISTRATION

<u>Program Description:</u> Fire Administration is responsible for administration and technical planning, organizing and directing fire fighting, fire prevention and fire fighter training. Other responsibilities include providing initial human resources support in hiring and promotions, budgeting for annual and future requirements, and managing the day to day response of the department. Management is also responsible for maintaining a functional fire fighting team consisting of career and Paid-on-call staff.

<u>Output:</u> The main source of expenditure for fire management is Personnel & Benefits which includes the following positions: Fire Chief, Depuy Fire Chief, Asst Fire Chief and an Administrative Assistant. Training is held as needed with both the Fire Chief and Deputy Fire Chief involved in GVRD and Provincial focus groups to stay current.

FIRE SUPPRESSION

<u>Program Description:</u> The suppression crews are responsible for providing an efficient and timely response to emergencies for residents of the City of Langley. In addition to fire suppression, these crews assist with pre-hospital emergencies, and maintain an aggressive fire inspection program of local commercial and retail businesses. This program includes career staff wages and benefits as well as paid-on-call training and alarm responses. Also included are the annual costs for dispatching by the Surrey Fire Dept.

<u>Output:</u> Service is provided by 4 crews which provide fire suppression service 24 hours a day 7 days a week. Crews work 2 days 2 nights. Each crew consists of 5 firefighters which provide the necessary requirements to do daily inspections, public safety lectures, train on shift to approved national standards. These firefighters respond to every emergency type and provide a 24 hrs day / 7 days a week service to the community.

PREVENTION & EDUCATION

<u>Program Description:</u> This program provides funding for all fire prevention and public education programs; these include: inspections, school programs, community days, fire prevention week activities, and juvenile fire setter programs; the education component provides funding for developing standards, purchase of manuals and audio- visual training aids, administering exams and funding seminars. This program also provides for the Training.

Output: Program provides funding for one fire prevention officer Monday to Friday 8:30 - 4:30. Visits each Langley city school twice a year to conduct fire drills, safety lectures and teach children how to deal with fire. The Fire Prevention Officer conducts safety lectures to strata coucils, apartment blocks and the general public. This program and its materials give the Langley Firefighters a visable presence in the community and are found present at most community events.

LANGLEY YOUTH & FAMILY SERVICES

<u>Program Description:</u> The service is supplied to assist the RCMP in attempting to minimize the entry of youth into the criminal justice system. The mandate of the service is to: coordinate efforts between police, schools and other agencies; provide education and counseling to parents to gain control of their children; provide training and assistance to RCMP members to improve their effectiveness in deal with juveniles and family problems; assist in developing community programs to facilitate crime prevention; work with the school district to identify pre-delinquent behavior; in conjunction with the RCMP Crime Prevention Unit, set up programs aimed at crime prevention.

<u>Output:</u> This service has approximately 600 clients with 2000 client visits for counselling services made each year. The budget includes approximately 7,000 hours of counselling services.

Engineering Operations

Cost Centre Description:

The Engineering and Operations Department is responsible for the 'hidden' services that we have all come to rely on as part of our daily lives, whether at work or play. We strive to ensure that our infrastructure is planned and upgraded appropriately and timely to meet the current and future demands of the City; ensure that the roads and sidewalks are maintained in a safe condition to drive and walk on; ensure that our streetlights and traffic signals are properly maintained for safety and traffic flow reasons; ensure that the streets are swept regularly to remove dirt and debris; and ensure that the signage and lane markings are maintained to provide accurate and direct guidance to all road users.

COMMON SERVICES

<u>Program Description:</u> This program provides engineering administration and management for various functions and activities within the Engineering and Operations Department.

<u>Output:</u> Provides office management and support services including record keeping, and work order controls. Performs survey work and inspection services, prepares engineering studies, ensures City maps are accurate and up to date, prepares conceptual designs and cost estimates for projects, performs capital project management, provides engineering review for all building and rezoning applications and permits.

OPERATIONS CENTRE

<u>Program Description:</u> To provide for the day to day cost of operating the Operations Centre including the cost of the Buyer/Storeskeeper and partial salaries of management and shop labour. Also included in this program are ancillary costs such as hydro, gas, telephone, janitorial services, and supplies.

<u>Output:</u> The Operations Centre provides an area to store the maintenance machinery, some water and sewer appurtenances, road salt and sand, and construction aggregate materials, all of which form an essential part of the overall maintenance of the city.

ROAD & PARKING MAINT.

<u>Program Description:</u> The Road and Parking Maintenance Program includes the maintenance of the road network and parking lot areas to ensure the safe and effective movement of traffic within our city.

<u>Output:</u> To ensure vehicles can operate safely while travelling within the city it is necessary for all roads to be structurally sound and free of defects. Some of the strategies that contribute to the road maintenance program include pot-hole repairs, crack sealing, lane grading, shoulder grading, shoulder gravelling, slot grinding and patching, and milling and paving. As well as addressing safety concerns a soundly designed road and parking lot maintenance program can extend the useful service life of some of the pavements, thus delaying capital costs needed for replacement.

BOULEVARD MAINTENANCE

<u>Program Description:</u> The Boulevard Maintenance Program includes the removal of debris, unwanted vegetation, filling of depressions, repairs to curbs and gutters, and suppression of dust.

<u>Output:</u> Routine maintenance to boulevards contributes to the overall aesthetic appearance of the city and sets an example for our businesses and residents to follow. Addressing specific shortcomings within the boulevards demonstrates due diligence on our part respecting claims from accidents.

SNOW REMOVAL

<u>Program Description:</u> The Snow Removal Program includes the salting and sanding of every street within the city during a snow event. As well as ensuring our residents can move safely within the city it also demonstrates our commitment to them to provide a level of service that is superior to the other lower mainland municipalities.

<u>Output:</u> The intent of the Snow Removal Program is to keep the snow from preventing our residents from the free and safe movement within our city.

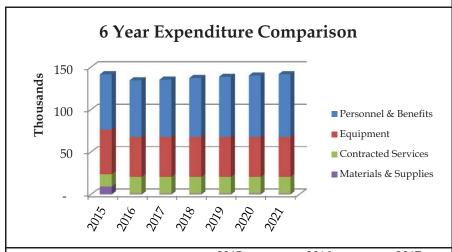

Key Program Statistics	2015	2016	2017

STREET SWEEPING

<u>Program Description:</u> The Street Sweeping Program, which includes the sweeping of the primary streets in the downtown core 3 days per week, the sweeping of the secondary streets such as 200th and 208th every 10 days, the sweeping of the residential streets on a semi-annual basis, the collection of litter, and the emptying of the garbage containers contributes to the overall aesthetic appearance of the city. A regular sweeping program also shows that we are being diligent with respect to eliminating some of the possible causes of accidents. As well, because the sweeper operates on an early morning shift it allows us to be aware of and react to conditions such as ice and snow or infrastructure failure prior to the morning rush.

Output: To ensure the streets are clean, free of debris, the garbage bins are emptied routinely, and litter is picked up on a daily basis.

MAJOR MUNICIPAL ROADS

<u>Program Description:</u> Some of the services included in the Major Municipal Roads Program are road milling and paving, asphalt patching, snow removal, boulevard maintenance, curb and gutter repairs, crack sealing, minor bridge repairs, and repairs to sidewalks. Roads included in the program include 200 St, Fraser Hwy (Municipal border to 200ST), Fraser Hwy (Langley Bypass to Municipal border), portions of Mufford Crescent and the 204 St Overpass. Funding to maintain these roads is provided from Translink based on lane Km.

Output: An effective maintenance program will help ensure the safe and effective movement of pedestrian, pedestrian handicapped, and vehicle traffic throughout the city.

TRAFFIC SERVICES

<u>Program Description:</u> The Traffic Services Program includes the maintenance of all traffic control devices, street signs, lane marking, curb painting, and crosswalk marking. The proper operation of traffic control devices enables traffic to travel within the city in a safe and expeditious manner. Signs are maintained to ensure they properly display information and are visible in all weather conditions. Curb marking is routinely repainted to discourage parking in front of fire hydrants or in proximity to stop signs. Routine crosswalk marking painting is required to facilitate the safe crossing of roads by pedestrians.

Output: To enable the safe and effective movement of vehicular, pedestrian, and pedestrian handicapped traffic throughout the city.

LANDFILL MONITORING

<u>Program Description:</u> The city is required to monitor the groundwater leachage levels from the old landfill site. It is tested monthly for organic constituents, dissolved metals, inorganic nonmetallics, and trace metals. Although the samples are collected and submitted by city staff the testing is conducted by a private laboratory.

Output: To meet the Provincial requirements the Landfill Monitoring program is essential to our operation.

PLANNING, INSPECTION, LICENCING

<u>Program Description:</u> This program supplies services related to the planning and development of the City. The program's activities are directed in four main areas: Community Planning; Building Inspection, Permits and Licenses, Economic Development.

Output: The Department is responsible for providing professional planning advice to Council including the preparation of the Official Community Plan (OCP) and other planning policy documents. The Department is also responsible for processing a variety of development applications to ensure effective land-use planning and conformance with regulatory bylaws, policies and legislation, including: OCP Amendments, Zoning Bylaw Amendments, Development Permits, Development Variance Permits, Subdivisions, Land Use Contract Amendments, Building Permits, Plumbing Permits and Sign Permits. In addition, the Department is responsible for Business Licensing to ensure compliance with City bylaws as well as provincial standards and legislation. Finally, the Department is responsible for economic development activities including partnering with local businesses in promotional initiatives.

TOURISM LANGLEY

<u>Program Description:</u> This program provides the funding for an annual allocation to Tourism Langley which was endorsed by Langley City Council and came into effect September 1, 2007.

<u>Output:</u> Tourism Langley will focus on the tactics and implementation plan initiatives articulated in the Tourism Langley Plan. The City of Langley's commitment to fund the new Tourism Langley organization is limited to reallocating the revenue from the City's 2% Hotel Tax Revenue and starting in 2008 the funding which was being provided to the Greater Langley Chamber of Commerce was reallocated towards the Langley Tourism Plan.

Solid Waste

City of Langley 2017 Financial Plan

Cost Centre Description:

The City strives to provide reliable bi-weekly garbage and weekly curbside green wate collection and disposal services to the residents of the City. The curbside greenwaste collection program offers our residents an environmental friendly alternative to dispose their greenwaste while reducing the cost of garbage disposal. The City also provides 4 large items to be picked up throughout the year.

GARBAGE COLLECTION

<u>Program Description:</u> Provision for City contractors to collect garbage from the City's residential users on a bi-weekly basis and green watse collection on a weekly basis. This program also provides funding for the large item pickup available to residences up to 4 times per year. *In previous years, green waste collection and disposal was included in the Recycling budget, starting in 2015 it is included with Garbage Collection.*

<u>Output:</u> To maintain garbage collection for approximately 3450 single family homes on a two can/bag limit every two weeks. Residential Strata units and Commercial users are responsible for their own garbage disposal.

LANGLEY CITY LIBRARY

<u>Program Description:</u> This program supplies City residents with all their library services which includes the facility, book/material borrowing, reference material, computer access, library programs, meeting rooms and concession. Library service is contracted through the FVRL (Fraser Valley Regional Library) which allows City residents to access books from the entire region instead of being limited to only the content within the individual library.

<u>Output:</u> Facility is open 7 days a week. Hours of operation are Monday to Thursday 9am to 9pm; Friday 9am to 5pm; Saturday 10am to 5pm; and Sunday 1pm to 5pm. Approximately 300,000 books are borrowed on an annual basis with about 200,000 visits to the library each year. Since the Library resides in the same building as City Hall, the costs for maintenance and operations are proportionately shared based on floor area.

Parks Operations

Cost Centre Description:

The Parks Operations Division strives to provide a high quality of playing condition at our sportsfields for all park users; create an visually attractive environment at our parks with abundance and well-designed floral and landscape displays; maintain our natural trail systems in a safe and welcoming condition; develop play structures at our parks that promote social, physical fitness, and creativity opportunities for children; and develop community pride. We strive to create an environment in our park systems that promote active living and participation.

OTHER PARKS COSTS

<u>Program Description:</u> To cover miscellaneous items, special events, unforeseen circumstances, new initiatives. Bi-annual clean up of all City walkways that interconnect neighbourhood and schools throughout the City.

<u>Output:</u> City Walkways receive regular maintenance and overall clean up, once in the Spring and again in the Fall. Travel costs and dumping fees from site excavations, tree and shrub removal, general park clean up and hauling to a dump site. Upgrades to school facilities that are being utilized by City user groups. Assist with volunteer initiatives within the City, such as the Point of Pride Program.

Sewerage & Drainage Fund

2017-2021 Financial Plan

SEWER & DRAINAGE FUND

The sewer user rate structure in 2017 will increase by 6.1% or \$0.06/CM. The sewer rate increase is to offset an increased allocation of administrative costs from the general fund, additional sewerage treatment fees and increment the annual transfer to reserves for future capital expenditures. Future years volume based rates for 2018-2021 are estimated to increase at \$0.05 annually.

The consumption based charge will increase to \$1.04 per cubic meter (based on 80% of water consumption) and the flat fee will also increase to \$75. Sewerage and Drainage rates are designed to attain a user pay system by charging customers for their actual use. The average total cost for a Single Family Home in 2017 will be \$349.56 (an increase of \$40.84 over 2016), and \$233.08 (an increase of \$34.02 over 2016) for a Strata Dwelling.

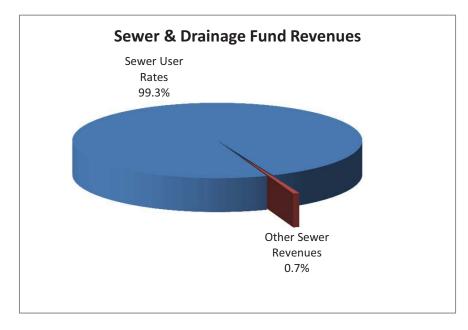

Other Sewer revenues consist of Interest Income from investments as well as a proportionate share of interest and penalties which have been generated from outstanding taxes.

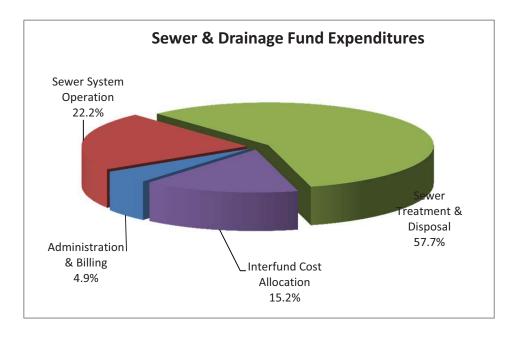

An annual levy from the GVS&DD for sewer treatment and disposal, accounts for over 61.5% of the expenditures in this fund. The GVS&DD has increased this levy by \$130,120 (7.4%) in 2017. The plan presented allows additional increases in the next four years of 3% annually for upgrades and improvements to treatment facilities.

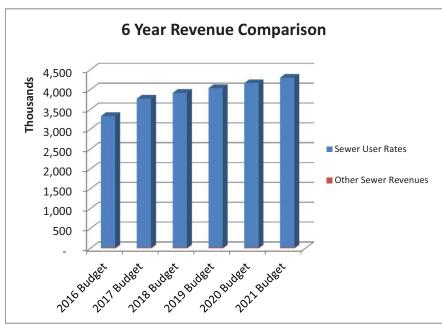

Fiscal Services includes an annual "Interfund Cost Allocation" which is an allocation of expenses from the General Fund for Administration, Payroll, Purchasing, Customer Services, General Office Services, Insurance and claims.

ADMINISTRATION & BILLING

Program Description: Costs are for the provision of the following services: Administration of Sewerage & Drainage maintenance, Billing and Collection.

<u>Output:</u> The primary expenditure in this program is Personnel costs. These costs are associated with administering the mantenance of the sewer system, and other costs associated with billing and collection of sewerage revenues.

SEWER SYSTEM OPERATION

<u>Program Description:</u> Provides for the maintenance and repair of the community's sanitary sewer and drainage systems. Services include sanitary sewer flushing of mains, repairing plugged services, locating and adjusting manholes, repairing sanitary and drainage mains and manholes. There is also regular monitoring of the amount of flow in the sanitary sewer system to determine if there is an inflow and infiltration problem in the system.

<u>Output:</u> To maintain the drainage, storm sewer and santitary sewer system to remove impediments in order to operate effectively during peak demand and flood conditions. To maintain our four sanitary lift stations that form a key part of our sanitary sewerage distribution system. These stations convey liquid waste from some of the lower lying areas within the city, through a series of pumps, to the Greater Vancouver Sewer & Drainage District transmission mains. Regular maintenance to the pumps and other components of the lift station is required to minimize the threat of sanitary backups to businesses and residences in these areas.

SEWER TREATMENT & DISPOSAL

<u>Program Description:</u> The City's sanitary discharge is dumped to the Annasis Island treatment plant, which is operated by the GVS&DD. An annual levy is charged by the GVS&DD to recover the operating cost for the treatment plant. The GVS&DD will be starting to meter the actual sanitary discharge from the City, therefore the annual levy will be phased out over the next five years and the City will be charged on actual discharge volume.

Water Fund

2017-2021 Financial Plan

WATER FUND

Water fees are made up of two components, a flat fee and a volume based fee. Volume is based on the property's metered water consumption, which is then billed on a annual basis for most residential properties and low consumption commercial properties. The consumption based charge will remain constant in 2017 however the flat fee will be increasing to \$75. Future years volume based rates for 2018-2021 are estimated to increase at \$0.03 annually.

The flat rate increase is to offset an increased allocation of administrative costs from the general fund, increase in the GVWD water rates and an increases in wages and supplies.

Water rates are designed to attain a user pay system by charging customers for their actual use. The average total cost for a Single Family Home in 2017 will be \$457.80(an increase of \$25.00 over 2016), and \$295.33 (an increase of \$25.00 over 2016) for a Strata Dwelling.

Commercial Water usage is also metered, but is billed on a bi-monthly basis instead of annually. If the bi-monthly bill is paid before the discount date the rates are comparable to residential rates, otherwise they are 10% higher.

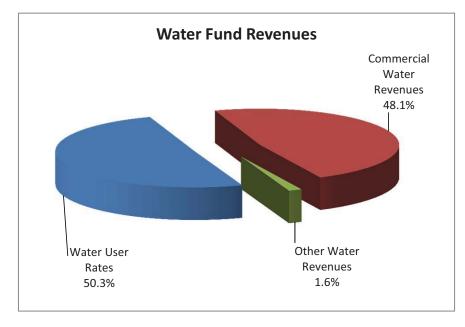

Other Water revenues consist of Interest Income from investments as well as a proportionate share of interest and penalties which have been generated from outstanding taxes. Also included is a recovery fee for the maintenance and operation of fire hydrants.

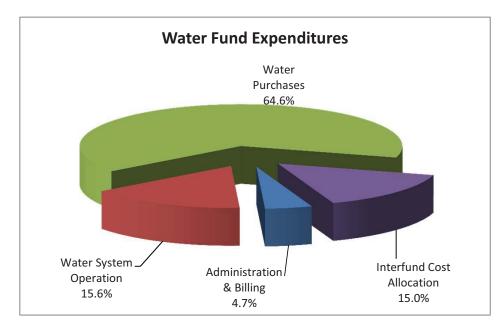

Fiscal Services includes an annual "Interfund Cost Allocation" which is an allocation of expenses from the General Fund for Administration, Payroll, Purchasing, Customer Services, General Office Services, Insurance and claims.

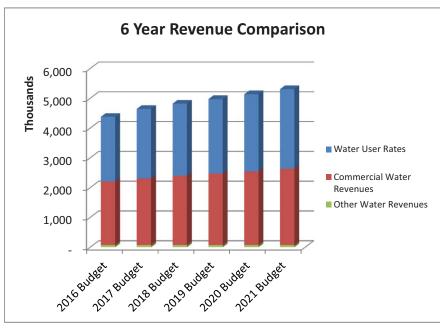

The GVWD has indicated that there will be increases in water costs over the next 5 years to allow for improved water filtration, the plan presented includes an increase of 1.1% in rates for 2017. The water purchase cost of \$2.6 million makes up 68.4% of the expenditures in the water fund. The plan presented allows additional increases in the next four years (2018-2021) of 3.0% annually.

138 WATER FUND

ADMINISTRATION & BILLING

<u>Program Description:</u> This program provides funding for Administration, as well as billing and collections of the City's water system. Provision for reading residential water meters once a year and reading commercial water meters once every two months. Water meter reading and maintenance is currently contracted to Neptune Technologies Inc.

Output: Water consumption is broken down into two categories, Residential and Commercial. Residential is currently read once a year and is billed on the annual property tax notice. Commercial accounts are read and billed on a bi-monthly basis. This program's main expenditure is for Wages & Benefits which includes a proportion of the Director of Engineering and the Manager of Engineering Operations.

WATER SYSTEM OPERATION

<u>Program Description:</u> To ensure proper operation of all facets of the water distribution system by undertaking a detailed maintenance program including: water mains, fire hydrants, line and lateral valves, PRV's, reservoir, pumps, backflow preventers, water meteres and air valves.

Output: To provide excellent quality water to residents of the City; adhere to requirements set out in the Drinking Water Protection Act; and to extend the useful life of distribution infrastructure. To ensure the supply of potable water to the residents is uninterrupted and the quality is safe for consumption. To maintain fire hydrants and line valves annually. Water mains require flushing at least once per year to remove biodeposits that can negatively affect water quality and provide a growth medium for harmful micro-organisms in the event they are introduced into the system. PRVs require maintenance to ensure system pressures do not fluctuate excessively. Maintain reservoir and pump stations to provide water storage, additional supply and pressure during peak demand.

WATER PURCHASES

<u>Program Description:</u> The City purchases water from the GVWD (Greater Vancouver Water District) for all residential, industrial, commercial, and institutional properties. The City's water consumption is measured by a single meter from the GVWD and is billed on a monthly basis.

<u>Output:</u> All water is purchased from the GVWD to supply the residents of Langley. The City maintains a water reservoir to ensure supply of water to City residents in the case of any temporary stoppage in supply from the GVWD.

Casino Proceeds

Tax rate effect if debt is repaid over 20 years through MFA at 3% interest

	Projects	Annual	Principal	Total Annual	Property Tax
	Completed	Interest	Repayment Repayment		Effect
Previous year Projects	\$ 54,191,724	\$ 1,625,752	\$ 2,016,783	\$ 3,642,535	14.84%
2017 projects	9,178,735	275,362	341,593	616,955	2.51%
	\$ 63,370,459	\$ 1,901,114	\$ 2,358,376	\$ 4,259,490	17.35%

Every \$1 in debt generates another \$0.60 in interest cost over 20 years. So if we borrow \$10 million today we will repay \$16 million in interest and principal over the next 20 years. If we avoid the debt by using casino proceeds today (as per the policy) we will have an additional \$6 million available for infrastructure renewal.

Item	Project Name	Description	Amount	Financial Plan Impacts
Gene	eral Government Services Projects			
GG1	IT Computer Workstation Upgrade	Workstations are replaced after five years of service.	30,000	None.
		a Servers are replaced after five years of service.	80,000	None.
	Office Equipment Replacement	Ongoing office equipment replacements.	15,000	
	Photopcopier Replacement	Replace the a number of photocopiers that are over 7 years old.		Reduction in ongoing maintenance costs.
GG5	Website Upgrade	Improve the website's information architecture for to enhance the way in information is organized, the labeling, navigation and search systems.	30,000	Reduced staff time to maintain the system.
GG6	IT Software Upgrades	Upgrade our Microsoft Office 2010 licenses to the latest version of the software. This software is used by most staff for word processing, spreadsheets and presentations. Microsoft Office integrates with our document management and other systems so we need to remain compatible.	30,000	None.
GG7	IT Tempest Prospero eApply	This program allows citizens and businesses to apply, pay fees and monitor the status of their permit and applications online providing enhanced customer service 24 x 7.	18,000	The system should free up staff time as more citizens and businesses use self-service online. There will be annual software maintenance costs of \$2,000 per year.
GG8	Corporate Communication Strategy	Develop a comprehensive, detailed strategic document that is designed to guide the communications of the organization for 3-4 years which would align with the new Strategic Plan.	25,000	None.
GG9	City Brand Implementation	The City is undertaking a rebranding exercise in 2016 and the new brand will require funds to implement for vehicle decals, clothing, signage, etc.	40,000	None.
GG10	City Hall Lighting Replacement	Replace pot lights to LED	10,000	Some reduction in power consumption
GG11	City Hall Carpet Replacement	Replace 10,000 sq ft of carpet tiles in the City Hall areas showing signs of wear.	70,000	None.

2017 Capital Improvement Plan

			Budget	
Item	Project Name	Description	Amount	Financial Plan Impacts
GG12 City Hall	HVAC	To resolve air heating and cooling issues in City Hall	10,000	Reduced staff time to maintain the system.
GG13 City Hall	Storage	To provide a maintenance workshop space in the underground parkade	15,000	None.
GG14 City Hall	landscaping by old front entrance	To repurpose and landscape area in front of the City Hall that use to be the main entrance converting it to a fire exit only.	350,000	None.
GG15 Property	Acquisition	Purchase of strategic properties throughout the City.	500,000	Properties may become exempt from taxation due to municipal ownership and therefore reduce taxation revenue.
GG16 Bylaw Ve	Phicle	Replace Bylaw vehicle	25,000	Operating and maintenance costs will reduce with new vehicles.

Item	Project Name		Budget	
		Description	Amount	Financial Plan Impacts
Engi	neering Projects			
E1	Equipment Replacement	Replace Unit #223 2006 Backhoe (\$275K), Unit #243 2009 Chev Van (\$75K), a 1994 Hotsy Pressure Washer (\$12K), Snow & Ice Equipment for Dump Truck (\$25K), Boulevard Mower (\$10K), Dump Truck Trailer (\$50K), Unit #275 cab enclosure (\$6K)	443,000 Non	e.
E2	Road Rehabilitation	Rehabilitate Roads and pavement to acceptable standards.	the l	edial work to deteriorated roads will extend ife of the roads and will reduce significant reconstruction costs in the future.
E3	Misc Property Purchase	To provide funding for possible future land acquisition and development	50,000 Non	e.
E4	Pedestrian Facilities (DCC-R014)	Includes the procurement of land and construction activities associated with providing sidewalk, off-street multi-use pathways. Includes Accessibility Improvements and Bus stop Accessibility, Additional sidewalk priorities from Master Transportation Plan.	350,000 Non	e.
E5	Transit Support Measures (DCC-R012)	Install concrete bus landing pads at various locations throughout the City	75,000 Non	e.
E6	Bicycle Facilities (DCC-R013)	Includes the procurement of land and construction activities associated with providing bicycle lanes, shared lanes, bicycle storage facilities.		ginal incremental maintenance costs will be ired in future years.
E7	Traffic Calming	Install traffic calming measures at school zone sites throughout the City. (50 Ave, 198 St, 207 St, Michaud Crescent)		ginal incremental maintenance costs will be ired in future years.
E8	Street Light Replacement	Continued upgrade street lights throughout the City.	100,000 Non	e.
E9	LED Lighting Fixture Replacement Program	Upgrade existing street lights to new energy efficient LED bulbs.	frequ	rating costs should be reduced due to less uent maintenance and reduced power umption.
E10	Banner Replacement	Replace banners on a scheduled cyclical plan	8,000 Non	e.

Thouse	Ducingt Name	CAFITAL IMPROVEMENT FLAN-PROJECT DET		
Item	Project Name	D	Budget	r' 'ini i
		Description	Amount	Financial Plan Impacts
	56 Ave, Glover Rd to Langley Bypass Douglas Crescent, 204 St to 208 St	Road rehabilitation in conjunction with AC water main replacement and AC Sanitary Sewer upgrades. Road rehabilitation and streetscape improvements in conjunction with AC water main replacement and some storm sewer upgrades. Subject to	1,500,000	Current maintenance cost to maintain this road will be reallocated to maintain other deteriorating roads. Current maintenance cost to maintain this road will be reallocated to maintain other deteriorating roads.
E13	200 St Bridge Deck replacement Bridge to 50 A	successful award of senior level of government grant funding. A Reconstruct Bridge Deck to extend its usefull life, as well as, road reconstruction from the bridge to 50 Ave (southbound lanes only). Project would be in conjunction with AC watermain replacement.		Current maintenance cost to maintain this road will be reallocated to maintain other deteriorating roads.
E14	Fraser Hwy: Langley Bypass to Landmark Wa	a Road rehabilitation in conjunction with water main upgrades.		Current maintenance cost to maintain this road will be reallocated to maintain other deteriorating roads.
E15	46A Ave Sidewalk	Install sidewalks on 46A Ave from 208 St to 204A St.	193,000	Marginal incremental maintenance costs will be required in future years.
E16	Retaining Wall rehabilitation	Rehabilitate or replace retaining walls as recommended in the 2015 Retaining Wall Assessment Report. Includes walls 4, (\$6,500), 5A (\$38,000), 5B (\$71,000), 10 (\$31,000), 16 (\$17,000), 37 (\$14,500)	200,000	Remedial work to deteriorated walls will extend the life of the walls and will reduce significant wall reconstruction costs in the future.
E17	Fraser Hwy, 204 St to 206 St - Concept Plan	Prepare conceptual design and public consultation for road, utility and streetscape improvements	200,000	None.
	Grade Crescent Planning Traffic Signal 62 Ave / 203 St (Twp) Design	Grade cresc from 200 St to 208 St City's share of traffic signal design at 62 Ave and 203 St and left turn lanes		None. Current maintenance cost to maintain this signal will be reallocated to maintain other signals.
E20	Crosswalk Improvements 208 St & 50A Ave	Design and construct crosswalk improvements to improve pedestrian safety.		Incremental increase in maintenance costs will be required in future years.
E21	Crosswalk Improvements 54 Ave & 204 St	Design and construct crosswalk improvements to improve pedestrian safety.	100,000	Incremental increase in maintenance costs will be required in future years.
E22	Boulevard Treatment Upgrade	To remove old vegetation and replace with top soil and sod to improve appearance and make maintenance easier.		An operating request will accompany this.

Item	Project Name		Budget	
		Description	Amount	Financial Plan Impacts
E23	Operation Centre Improvements	Replace windows with broken seals, flooring in men's washroom and change room areas. Paving the Parks Operation yard and complete the walkthrough connection between the buildings.	150,000 None.	
E24	Pedestrian Walkways	Rehabilitate neighbourhood walkways		at maintenance cost to maintain these ays will be reallocated to maintain other ays
E25	Asset Management Implementation	Software solution to assist staff in asset management, infrastructure replacement planning and workflow management.		ding on the software system selected a 0 operating budget would be required in years.
E26	Yellow Curb Paint Removal	Removal of faded yellow curb throughout the City to reduce confusion with parking signage and improve appearance.	25,000 None.	
E27	Welcome to Langley Sign Refurbishing	Recondition signs by rewrapping them after the branding exercise is completed. The current signs are faded and vandalized.		at maintenance cost to maintain these will be reallocated to maintain other signs
E28	2 Streetlights on Park Ave	\$8000 transfer from special bonds (developer provided cash for future LED streetlights)	_	ing costs should be reduced due to less nt maintenance and reduced power nption.
E29	Document Scanning	To archive old drawings for long term storage of engineering plans.	10,000 None.	•
E30	Traffic Signal Upgrade	Traffic signal equipment has a best practise life expectancy - 12 years for the cabinet and controller and 25 years for the signal heads, poles and wiring.		nt maintenance cost to maintain this signal reallocated to maintain other signals.
E31	Accessibility Improvements	Construct wheelchair curb letdowns to facilitate access.		nal incremental maintenance costs will be ed in future years.
E32	Salt Lane sidewalk and trees	Update streetscape to current downtown standards and plant new trees with irrigation and receptacles.	200,000 Curren	at maintenance cost to maintain the brick llks will be reallocated to maintain other
E33	Michaud Greenway Concept Development	Develop concept design for future construction of greenway on Michaud Crescent.	75,000 None.	

Item	Project Name	·	Budget	
		Description	Amount	Financial Plan Impacts
E34	Production Way	Road reconstuction including ditch infill, widening, sidewalks and streetlights in conjunction with AC water main replacement and some sanitary/storm sewer upgrades. This area has high redevelopment potential and should be considered a beautification project. This project may develope into a LASP pending results of the petition.	2,500,000	Maintenance costs will be increased with the addition of streetlighting, sidewalks, and drainage components.
E35	Fraser Hwy 204 St to 206 St Streetscape	Conceptual design and public consultation for road, utility and screetscape improvements.	1,450,000	Current maintenance cost to maintain this road will be reallocated to maintain other deteriorating roads.
E36	Fraser Hwy 204 St to 206 St Hydro Undergrou	Undergrounding of the BC Hydro power lines would be subject to 1/3 grant funding from BC Hydro.	2,145,000	None.
E37	200 St: 44 Ave to 50 Ave (E)	Road rehabilitation in conjunction with AC water main replacement and add left turn lanes	1,936,000	Current maintenance cost to maintain this road will be reallocated to maintain other deteriorating roads.
E38	55A Ave: 200 St to 201A St	Road rehabilitation in conjunction with AC water main replacement.	181,775	Current maintenance cost to maintain this road will be reallocated to maintain other deteriorating roads.
E39	Grade Crescent, 200 St to 208 St (DCC-R004)	Reconstruct to a collector road standard including sidewalks (\$350K) and bicycle lanes (\$200K)		Current maintenance cost to maintain this road will be reallocated to maintain other deteriorating roads.
E40	198 St: 53 Ave to 56 Ave	Road rehabilitation in conjunction with AC water main replacement and AC sanitary sewer replacement.	294,445	Current maintenance cost to maintain this road will be reallocated to maintain other deteriorating roads.
E41	Industrial Ave, 201A St to 203 St	Road rehabilitation in conjunction with AC water main replacement.	189,285	Current maintenance cost to maintain this road will be reallocated to maintain other deteriorating roads.
E42	49 Ave, 196 St (Border) to 200 St	Road rehabilitation in conjunction with AC water main replacement.	203,700	Current maintenance cost to maintain this road will be reallocated to maintain other deteriorating roads.
E43	198C St: 45B Ave to 47 Ave	Road rehabilitation	155,440	Current maintenance cost to maintain this road will be reallocated to maintain other deteriorating roads.

Item	,	Description	Amount	Financial Plan Impacts			
	s & Recreation Projects						
P1	Equipment Replacement	Replace unit #189 a 2002 Ford F 450 Flatdeck (\$75,000) and unit #225 a 2006 Ford F550 Dump (\$75,000), purchase small boulevard mower (\$12,000), purchase a sand top dresser (\$45,000), purchase a litter packer (\$130,000).	337,000 None.				
P2	Trail System Expansion (DCC-P018)	Expand trail system to provide more connectivity; design and build strategically located infrastructure to support the trail system, like retaining walls.	80,000 Increased trails.	d annual maintenance for any new			
P3	Timm's Equipment	Purchase additional weight room equipment (Stepper and Rowing Machine), games room equipment	15,000 None.				
P4	DRC Equipment	Replacement of aging preschool program aids, play and sports equipment, replace long tables.	10,000 None.				
P5	AAMP Equipment	Replace starting blocks, provide 5 AED training devices and purchase a new tot dock with teaching aids.	16,200 None.				
P6	DRC Storage Room	Add an additional storage room to the south east corner of the main hall.	30,000 None.				
P7	DRC Interior Painting & Wall Coverings	Paint the interior wall in the Douglas Recreation Centre and replace wall coverings in the washrooms.	11,500 None.				
P8	DRC Roof and Soufitting	Replace lower level roof on east side of Douglas Recreation Centre above the washroom and BSW room and repair water damage in soufitting along the front of DRC	30,000 None.				
P9	AAMP - Floor Tiling	Tile the floor in the Al Anderson Memorial Pool family change room including the pony wall and under the cubicles.	25,000				
P10	AAMP Reception Counter	Replace the front reception counter and display cabinet.	6,000 None.				
P11	AAMP Hair & Lint Strainer	Replace old strainer in the mechanical room for easier maintenance.	8,000 None.				
P12	Library Lighting Replacement	Replace lighting in the library with LED fixtures	25,000 None.				

		,	Budget	
Item	Project Name	Description	Amount	Financial Plan Impacts
P13	Library Shelving and furniture replacement	Replace aging, damaged and soiled furniture and provide additional shelving configurations.	35,000 None	
P14	Penzer Park - Play, Youth Areas (DCC-P013)	(Create a challenge course , with 40 yard dash - \$400,000 + Pump Track for bikes, skateboards and scooters - \$350,000 + Adventure Playground \$ 175,000 and walkways \$75,000		tional operating dollars for maintenance be required.
P15	Rotary Centennial - Sports Field (DCC-P017)	Make improvements anticipated in the DCC bylaw including replacing the play structure.		tional operating dollars for maintenance re required.
P16	Hunter Park	Reconstruct the park due to the mass tree removal required due to the laminated root rot infestation.		mental increase in maintenance cost in e years.
P17	Brydon Sports Court Renovation	Renovate the sports court to provide more opportunities for use. Replace fencing, renovate asphalt surface and add hockey nets and lines to current basketball configuration.		tional operating dollars for maintenance be required.
P18	Portage Park Upgrades - Dog, Picnic Area	Conduct upgrades as outlined in the planning process		tional operating dollars for maintenance re required.
P19	Portage Park - Trails (DCC-P014)	Make improvements anticipated in the DCC bylaw.		tional operating dollars for maintenance re required.
P20	Douglas Park Planning	Conduct a planning process with community input for Douglas Park.	10,000 None	
P21	Douglas Park Lighting Replacement	Replace 11 pathway light poles in Douglas Park with the downtown standard poles and LED lamp fixtures.	frequ	ating costs should be reduced due to less ent maintenance and reduced power imption.
P22	Floodplain Pedestrian Bridge Replacement	The bridge inspection report recommends replacement as the repair costs are significant and costly due to their configuration. Bridges are 201A Street Pedestrian Bridge and 203 Street / 51 Ave Pedestrian Bridge.	350,000 A dec	rease in the maintenance costs with the ted bridges.
P23	City Park Spray Park	Add more engaging water features to existing spray park and update the plumbing system.		crease in the maintenance costs with the ted equipment.
P24	Linwood Park Playground	Expand the existing playground to include play features for older children in the 5 - 12 years old range.	150,000 Addi	tional operating dollars for maintenance be required.

Item	,	Description	Amount	Financial Plan Impacts
Sewe	er & Drainage Utility Projects			
S1	Sewer Replacements - Various Locations (DCC-S020)	Small capacity upgrade to the sewer system in various locations.		Operating and maintenance costs will reduce with repairs of identified defects in the sewer system.
S2	48 Ave & 202 St Culvert rehabilitation	Design and construction of a new culvert that is in need or replacement. Also necessary to provide road widening to accommodate bike lanes.		Operating and maintenance costs will reduce with repairs of identified defects in the sewer system.
S3	48 Ave Sewer 208 St to 210 St	Replace sewer due to deteriorating condition and potential capacity issues.		Operating and maintenance costs will reduce with repairs of identified defects in the sanitary sewer system.
S4	56 Ave, Glover Rd to Langley Bypass	Replace existing AC sewer main to reduce risk, as it has reached the end of its useful life. In conjunction with water upgrades.		Operating and maintenance costs will reduce with repairs of identified defects in the sewer system.
S5	Douglas Crescent, 204 St to 208 St	Replace existing AC sewer main to reduce risk, as it has reached the end of its useful life. In conjunction with water upgrades.		Operating and maintenance costs will reduce with repairs of identified defects in the sewer system.
S6	Langley Bypass Culverts (Logan Creek)	Capacity upgrade to provide local sewerage for the residents as identified in sewer model.		Operating and maintenance costs will reduce with repairs of identified defects in the sewer system.
S7	Brydon Lagoon - Diversify shoreline	Lengthen the shoreline by diversify plantings. Budget is to complete a design and complete a cost estimate to implement in future years.	10,000	5
S8	50 Ave & 201A St. Culvert rehabilitation	To upgrade culvert on 50 Ave and 201A St.		Operating and maintenance costs will reduce with repairs of identified defects in the sanitary sewer system.
S9	Baldi Creek Culvert Replacement	To upgrade culverts on Baldi creek at 53 Ave for capacity and condition. (add to S7)	300,000	Operating and maintenance costs will reduce with repairs of identified defects in the storm sewer system.
S10	Reline Storm under railway Fraser Hwy & Prod	Installing a CIPP reline, cure in place pipe to rehabilitate the storm sewer pipe running under the railway crossing on Fraser Highway just west of Production Way.	250,000	Remedial work to will extend the life of the storm sewer and will reduce significant reconstruction costs in the future.

There	During Mana	Description	Budget	E'
Item	Project Name	Description	Amount	Financial Plan Impacts
S11	Large Diameter Culvert Cleaning & Inspection	To clean and inspect large diameter culverts in the City creek system to identify defects and reduce flood risk.		Operating and maintenance costs will reduce with repairs of identified defects in the storm sewer system.
S12	Sewer Model Update	Current model is outdated as a result of significant upgrades and diversions. Will prioritize upgrades, ensure adequate capacity is provided and confirm that areas that have been diverted no longer need upgrades.	30,000	Will prioritize projects and ensure they are planned accordingy.
S13	Langley Bypass Culverts (Logan Creek)	To replace two existing culverts that are deteriorating under the Langley Bypass at Logan creek.	1,500,000	None.
S14	Brydon Lagoon Habitat Features	Implement floating islands to promote resting/nesting areas for birds.	50,000	None.
S15	Production Way	Capacity upgrade to provide local sewerage for the residents as identified in sewer model.	425,000	Operating and maintenance costs will reduce with repairs of identified defects in the storm sewer system.
S16	Fraser Hwy Sewer Replacement - 204 St to 208 St	Replace existing AC sewer main to reduce risk, as it has reached the end of its useful life. In conjunction with water upgrades.	510,000	•
S17	Brydon Lagoon divert run off	Complete a study to confirm if and how storm water can be diverted to the lagoon and assess impacts to surrounding area	10,000	None.
S18	Brydon Lagoon Viewing Platform	8	100,000	None.
		To construct a wooden walkway/viewing platform along the perimeter trail to improve views around and within the lagoon		
S19	Old Yale Lift Station (DCC-S024)	To upgrade the sewer to provide local sewerage for the residents.	223,500	Operating and maintenance costs will reduce with repairs of identified defects in the sewer system.
S20	Brydon Lagoon replace invasive with native species	Remove invasive plant species and replace with native species.	50,000	None.
S21	200 Street: 49 Ave to 50 Ave (DCC-S007)	Capacity upgrade to provide local sewerage for the residents as identified in sewer model.	839,025	Operating and maintenance costs will reduce with repairs of identified defects in the sewer system.

			Budget	
Item	Project Name	Description	Amount	Financial Plan Impacts
Wate	r Utility Projects			
W1	Water Meter Replacement Program	To replace aging water meters that read the water consumption inaccurately.	25,000	Water consumption charges to consumers may increase with more accurate reading ability.
W2	Eliminate Pipe Twinning	Certain areas have two sets of pipes in the same roadway. To reduce the amount of maintenance the City will switch some of the services from the duplicate pipe and decommission this pipe to reduce the ongoing maintenance costs and potential for leaks.	200,000	Reduce on-going maintenance cost.
W3	Cast Iron & AC Watermain Replacements	Replace existing water main identified in water model to enhance pressure and/or fire flow.	150,000	Reduce on-going maintenance cost as well as repair cost associated with potential broken water main.
W4	Replace SCADA System	Replace SCADA system that remotely monitors and controls the water reservoir and pump stations	150,000	None.
W5	56 Ave, Glover Rd to Langley Bypass	Replace existing AC water main to reduce risk, as it has reached the end of its useful life. In conjunction with sanitary sewer replacement.	800,000	Reduce on-going maintenance cost as well as repair cost associated with potential broken water main.
W6	Douglas Crescent, 204 St to 208 St	Replace existing AC water main to reduce risk, as it has reached the end of its useful life. In conjunction with sanitary sewer replacement.	500,000	Reduce on-going maintenance cost as well as repair cost associated with potential broken water main.
W7	200 St: 50 Ave to Bridge	Replace existing AC water main to reduce risk, as it has reached the end of its useful life. In conjunction with sanitary sewer replacement.	350,000	Reduce on-going maintenance cost as well as repair cost associated with potential broken water main.
W8	Fraser Hwy: Langley Bypass to Landmark (DC	1	273,490	Reduce on-going maintenance cost as well as repair cost associated with potential broken water main.

		,	Budget	
Item	Project Name	Description	Amount	Financial Plan Impacts
W9	Secondary Chlorinator	Add a secondary chlorination system on the outlet side of the water reservoir.		Improve water quality to satisfy the Ministry of Health requirements. Ongoing maintenance costs will be \$10,000 to operate the system.
W10	Booster Pump Station Decommission	Decommission the old booster pump station on 200 St.	100,000	None.
W11	Replace Blow Off Valves	The City has 103 blow off valves connected to the water distribution system. The funding will replace a number of valves to bring them up to current standards.		Reduce on-going maintenance cost as well as repair cost associated with potential broken water main.
W12	208 St PRV Upgrade	The City will rebuild the Pressure Reducing Valve (PRV) located on 208 St at 44 Ave allowing intermunicipal water flow during emergency events.	15,000	None.
	Maple Ridge / Barnston Pump Station	Provision for share of land assembly costs.	50,000	None.
	Utility Master Plans	Prepare water and sewer master plans	15,000	
W15	Production Way	Replace existing AC water main to reduce risk, as it has reached the end of its useful life.		Reduce on-going maintenance cost as well as repair cost associated with potential broken water main.
W16	Fraser Hwy: 204 to 208	Replace existing AC water main to reduce risk, as it has reached the end of its useful life.		Reduce on-going maintenance cost as well as repair cost associated with potential broken water main.
W17	200 St: 44 Ave to 50 Ave (E)	Replace existing AC water main to reduce risk, as it has reached the end of its useful life.		Reduce on-going maintenance cost as well as repair cost associated with potential broken water main.
W18	Grade Cr: 200 St to 208 St	Replace existing AC water main to reduce risk, as it has reached the end of its useful life.		Reduce on-going maintenance cost as well as repair cost associated with potential broken water main.
W19	55A Ave: 200 St to 201A St	Replace existing AC water main to reduce risk, as it has reached the end of its useful life.	145,130	Reduce on-going maintenance cost as well as repair cost associated with potential broken water main.
W20	198 St: 53 Ave to 56 Ave	Replace existing AC water main to reduce risk, as it has reached the end of its useful life. In conjunction with sanitary sewer replacement.	253,825	Reduce on-going maintenance cost as well as repair cost associated with potential broken water main.

GLOSSARY

Accounting Principles	A set of generally accepted principles for administering accounting activities and regulating financial reporting. These principles comply with Generally Accepted Accounting Principles for British Columbia municipalities.
Accrual Accounting	An accounting method where revenues are recognized in the accounting period in which they are earned and expenses are recognized in the period in which they are incurred.
Assessed Value	The value calculated for each parcel of real property using appraisal criteria established by the B.C.A.A. Each property reflects market prices of the land and its improvements and recognizes any change of use. These values are the basis of levying property taxes.
B.C. Assessment Authority	(BCAA) This provincial agency is assigned to appraise and evaluate all real property within British Columbia.
Capital Expenditure	An appropriation of funds for a capital improvement project or asset. These are non-operating expenditures to acquire assets which will have a useful life greater than one year.
Capital Improvement Program	(CIP) An annual program of capital expenditures. The program identifies the project and the source of funding.
Cash Basis	An accounting method where transactions are only recognized when cash is received or dispersed.
Community Police Office	(CPO) This service assists in bringing policing closer to the community providing a local positive presence, and added convenience to residents.
CUPE	The Canadian Union of Public Employees.
Department	A budgeted City activity directed by a department head.

Development Cost Charges A fee imposed on new development to assist in the funding of future off site services (infrastructure) which is

needed, in part, by that new development.

202 GLOSSARY

City of Langley

2017 Financial Plan

GLOSSARY

E-Comm An organization that provides emergency communication services for all public service agency in southwestern

British Columbia.

Encumbrances An expenditure which has been committed, but is unpaid. The recording of encumbrances identifies all financial

obligations and it assists control of the annual budget.

Emergency Social Services (ESS) Emergency Social Services is a provincial emergency response program. ESS are those services required to

preserve the well-being of people affected by an emergency or disaster.

Expenditures The cost of goods and services received for both the regular City operations and the capital programs.

F.T.E. Full time equivalent staffing positions.

Financial Plan

Under Sec 165 & 166 of the Community Charter, Council must adopt a five year financial plan, by bylaw and

before the annual property tax bylaw is adopted. The plan must identify expenditures, funding sources and fund

transfers.

Fraser Valley Regional

Library

(FVRL) A regional board which provides library services to the Cty and other member communities in the Fraser

Valley.

Fund A fiscal entity of self balancing accounts used by governments to control common financial activities.

Fund Balance The amount that assets exceed the liabilities in an operating capital, reserve or trust fund.

General Fund The primary operating fund used to account for most of the City's financial resources and obligations.

GIS An abbreviation for Geographical Information System.

Goals Are broad statements of direction. They identify ongoing community needs and the approach taken by the City

and departments to manage or satisfy those needs.

203 GLOSSARY

GLOSSARY

Grant	A financial contribution to or from governments.
Greater Vancouver Regional District	(GVRD) A regional district entity responsible for coordinating common and jointly funded regional member services.
Greater Vancouver Transporation Authority	(GVTA) The regional government agency, also known as "Translink", responsible for Coordinating and operating public transit in the lower mainland of British Columbia.
Greater Vancouver Water District	(GVWD) A regional disrict entity repsonsible for coordinating common and jointly funded sewerage district member services
IAFF	The International Association of Fire Fighters
Municipal Insurance Association	(MIA) A non-profit insurance co-operative, founded by the Union of British Columbia Municipalities, which pools the common risks of its members for their mutual advantage by maintaining the liability insurance coverage needed for financial security, stabilizing liability insurance costs and providing risk management education to assist members in preventing claims.
Langley Youth and Family Services	(LYFS) This service is supplies to help minimize the entry of youth into the criminal justice system by providing counselling and support.
Local Government Act	Legislation of the province for adminstering and regulating the activites of municipalities within British Columbia.
Municipal Finance Authority	(MFA) A provincial agency created to coordinate all of the long term borrowing requirements of British Columbia
Objective	Is a specific or well-defined task or target that is measurable and achieble within a set period of time.
Operating Budget	An annual expenditure plan for performing the every day service programs and activities of the City.

Tax Rates The annual charges for levying property taxes to properties within the City. These rates are applies against each

\$1,000.00 of assessed value.

Union of British Columbia

Municpalities

(UBCM) An organization of British Columbia municipalities with lobbies Federal and Provincial Governments

to initiate legislative changes that will benefit the member communities.

Water Utility A self funding utility that supplies water services to properties in the City. All City properties are metered for

their water consumption and accordingly charged.

MINUTES OF A REGULAR COUNCIL MEETING

Monday, January 30, 2017 7:00 p.m. Council Chambers, Langley City Hall 20399 Douglas Crescent

Present: Mayor Schaffer

Councillor Arnold
Councillor Albrecht
Councillor Martin
Councillor Pachal
Councillor Storteboom
Councillor van den Broek

Staff Present: F. Cheung, Chief Administrative Officer

D. Leite, Director of Corporate Services

G. Minchuk, Director of Development Services and Economic

Development

R. Bomhof, Director of Engineering, Parks and Environment

K. Hilton, Director of Recreation, Culture and Community Services

P. Kusack, Deputy Corporate Officer

Roy Beddow, Deputy Director of Development Services and Economic

Development

1. ADOPTION OF AGENDA

a. Adoption of the January 30, 2017 Regular Agenda

MOVED BY Councillor Martin SECONDED BY Councillor Pachal

THAT the January 30, 2017 agenda be adopted as amended, adding item 6)a "Out of Province Travel Request" after item 5) Bylaws.

CARRIED

2. <u>ADOPTION OF THE MINUTES</u>

a. Regular Meeting Minutes from January 16, 2017

MOVED BY Councillor Martin SECONDED BY Councillor Pachal

THAT the minutes of the regular meeting held on January 16, 2017 be adopted as circulated.

CARRIED

3. <u>BUSINESS ARISING FROM PUBLIC HEARING</u>

a. Bylaw 3008 - Official Community Plan Amendment

Third reading of a bylaw to amend the Official Community Plan bylaw. (Environmentally Sensitive Area Mapping Study)

MOVED BY Councillor Pachal SECONDED BY Councillor Martin

THAT the bylaw cited as "City of Langley Official Community Plan Bylaw, 2005, No. 2600 Amendment No. 8, 2016, No. 3008" be read a third time.

BEFORE THE QUESTION WAS CALLED there was an inquiry from Council regarding who is notified as part of the consultation process. In response the Director of Development Services noted that the City of Langley included many organizations, stakeholders, and government agencies in its consultation of the amendment bylaw including Metro Vancouver, City of Surrey, Township of Langley, Ministry of Environment, Langley Environmental Partners Society, Langley Field Naturalist and more. He further noted that the City's environmental program relies on external staff resources to make environmental determinations. All Qualified Environmental Professional (QEP) reports are reviewed by the Province of BC to ensure consistency in decision making. He noted that is would be difficult to include a stakeholder in the technical process, however he suggested that the QEP reports be forwarded to stakeholders for information. He further noted that all QEP reports are available online at the City's website.

There was discussion development in environmentally sensitive areas.

THE QUESTION WAS CALLED and same was

CARRIED

4. MAYOR'S REPORT

a. Upcoming Meetings

Regular Council Meeting – February 6, 2017 - Televised Regular Council Meeting – February 20, 2017

b. Metro Vancouver - Councillor Storteboom

The Metro Vancouver Board of Directors met for the first time in 2017, this past week. Most of the meetings, associated with the different departments, were administrative in nature with committee appointments, housekeeping and procedural amendments as well as receiving reports for information. It is especially noteworthy that the GVRD Board has endorsed staff to initiate preliminary discussions with stakeholders about the regulation of residential wood smoke in our region. Also, of particular interest will be the 6th Annual Regional Homeless Count that is scheduled for the Metro Vancouver area from east of Hope to UBC and Bowen Island. This federal government funded count is

scheduled to happen on March 7, 2017.

Also, meeting for the first time this year was the Climate Action Committee when the 2017 event schedule for Metro Vancouver's "Emotive" electric vehicle outreach activities calendar was identified. This provided me with an opportunity to promote the Langley Good Times Cruise-In and invite this program to present at our event.

Council has received the Metro Chair's Update by e.mail. Also, the Board in Brief Report can be expected soon.

c. Library Happenings - Councillor Martin

Every January, libraries pause on Family Literacy Day to recognize the achievements made in our communities in the wide realm of literacy, and to raise awareness of the importance of literacy development in the lives of all people, from birth to advanced age. This year's City of Langley celebration took place on Thursday, January 26th, starting off with a special reading guest 9 at our morning storytime, and culminating in a "Quotable T-Shirt" painting event at 3:30 (Councillors Gayle Martin, Paul Albrecht and Rudy Storteboom attended), with contests and a library-knowhow scavenger hunt taking place throughout the day. **Reading Buddies** Wednesdays, February 8 – April 26: 3:30 – 4:30 pm The Reading Buddies program pairs elementary school children with high school students for 45 minutes of reading practice each week. Partners meet on Wednesdays after school. For children in Grades 1-3.

Essential Skills for Job Success Fridays, Jan 27 – Feb 17: 10:30 am -1:30 pm This program runs for 3 hours each week and helps newcomers and Canadian born adults improve their literacy skills in order to succeed in the workplace. It is free and offered in cooperation with the Langley Literacy Network. Library staff will familiarize participants with Library resources and services that relate to literacy and employment.

What's In A Name? Thursday, Feb 2, 2017: 6:30 – 8:00 pm Genealogical research is one of the most popular and fastest growing hobbies in North America. Would you like to jumpstart your family history research? Join us for a workshop directed by expert genealogist, Eunice Robinson, Education Chair and a Director of the British Columbia Genealogical Society. She has a variety of tips and tricks to get your research started.

Prose Reading & Critique Group 3rd Wednesday of each month: 7:00 pm - 8:30 pm

If writing is your passion, this is the gathering for you. Prose writers (new and experienced) of almost any genre will read their work publicly, followed by group feedback. Bring your latest composition and meet fellow authors. A partnership of the City of Langley Library and the Langley Writers Guild.

d. Brydon Park Traffic Issues – Mayor Schaffer Mayor Schaffer provided an update to complaints about excessive speeding in the vicinity of Brydon Park. In December 2016 the Director of Engineering, Parks & Environment sent a letter to the Officer in Charge of the RCMP advising of the excessive speeds around the park. Supt. Power assigned the file to the Traffic Council – Regular Meeting Minutes – January 30, 2017 Page 4

division and over a number of weeks members monitored the area and subsequently issued many tickets for speeding and a few for failing to stop at a stop sign. Local residents stopped to thank members for patrolling the area.

5. <u>BYLAWS</u>

a. Bylaw 3012

First, second and third reading of a bylaw to amend the Waterworks Regulation Bylaw.

MOVED BY Councillor Storteboom SECONDED BY Councillor Albrecht

THAT the bylaw cited as the "Waterworks Regulation Bylaw, 2004, No. 2550, Amendment No 19 Bylaw, 2017, No. 3012" be read a first time.

THAT the bylaw cited as the "Waterworks Regulation Bylaw, 2004, No. 2550, Amendment No 19 Bylaw, 2017, No. 3012" be read a second time.

THAT the bylaw cited as the "Waterworks Regulation Bylaw, 2004, No. 2550, Amendment No 19 Bylaw, 2017, No. 3012" be read a third time.

CARRIED

b. Bylaw 3013

First, second and third reading of a bylaw to amend the Sanitary Sewer and Storm Sewer Rates and Regulation Bylaw.

MOVED BY Councillor Martin SECONDED BY Councillor Pachal

THAT the bylaw cited as the "Sanitary Sewer and Storm Sewer Rates and Regulation Bylaw, 2003, No. 2494, Amendment No. 15 Bylaw, 2017, No. 3013" be read a first time.

THAT the bylaw cited as the "Sanitary Sewer and Storm Sewer Rates and Regulation Bylaw, 2003, No. 2494, Amendment No. 15 Bylaw, 2017, No. 3013" be read a second time.

THAT the bylaw cited as the "Sanitary Sewer and Storm Sewer Rates and Regulation Bylaw, 2003, No. 2494, Amendment No. 15 Bylaw, 2017, No. 3013" be read a third time.

CARRIED

6. <u>ADMINISTRATIVE REPORTS</u>

a. Out of Province Training Request

MOVED BY Councillor Pachal SECONDED BY Councillor Martin

- 1. THAT the Building Maintenance Supervisor be authorized to attend the Pacific Northwest Resource Management School, Year One to be held February 6-10, 2017 in Port Townsend, Washington subject to the receipt of the Canadian Scholarship from the school.
- 2. THAT all expenses be paid in accordance with the City's Travel and Expense Policy.

BEFORE THE QUESTION WAS CALLED it was noted that the scholarship was attained and covers the \$1500 cost of training.

THE QUESTION WAS CALLED and same was

MINUTES OF A PUBLIC HEARING MEETING

Monday, January 30, 2017 7:00 p.m. Council Chambers, Langley City Hall 20399 Douglas Crescent

Present: Mayor Schaffer

Councillor Arnold
Councillor Albrecht
Councillor Martin
Councillor Pachal
Councillor Storteboom
Councillor van den Broek

Staff Present: F. Cheung, Chief Administrative Officer

D. Leite, Director of Corporate Services

G. Minchuk, Director of Development Services and Economic

Development

R. Bomhof, Director of Engineering, Parks and Environment

K. Hilton, Director of Recreation, Culture and Community Services

P. Kusack, Deputy Corporate Officer

1. CALL TO ORDER

Mayor Schaffer called the Public Hearing to order.

Mayor Schaffer read a statement regarding the procedure to be followed for the Public Hearing.

The Deputy Corporate Officer advised that the Hearing had been publicized as follows: A Public Hearing notice was placed on the City Hall notice board on January 17th and it was advertised in the Langley Advance on January 19 & 26.

She further noted that 4 pieces of correspondence were received. Three in favour and one noting concern.

2. BUSINESS

- a. Bylaw 3008 Official Community Plan Amendment Bylaw
 The purpose of Bylaw No. 3008 is to amend the Official Community Plan in order to
 incorporate key recommendations from the recently completed *Environmentally Sensitive*Areas Mapping Study which include:
 - revised policies reflecting the ESA Mapping Study
 - revised guidelines for ESA's
 - revised map showing sensitivity values reflecting the ESA Mapping Study

• adding a new, dedicated map showing fisheries watercourse classifications

The Mayor invited Gerald Minchuk, Director of Development Services to review the proposed bylaw amendments.

The Director of Development Services & Economic Development reviewed the process that the Environmentally Sensitive Area (ESA) maps were determined and noted that the focus was on protection and enhancement of ESAs. The amendment before Council would incorporate the ESA mapping study recommendations into the City's Official Community Plan Bylaw. Public input was solicited from residents and stakeholders as follows: a public open house; consultation with the Parks, Recreation and Environment Advisory Committee; and stakeholder meetings.

The Mayor invited those in attendance who deemed their interest in property affected by the proposed bylaw amendments to present their comments.

Rhys Griffiths - 5219 197A Street:

Mr. Griffiths stated that he was presenting comments on behalf of Robert Puls, President of the Langley Field Naturalists (LFN). LFN was an identified stakeholder in the consultation process for the development of the ESA mapping study. LFN was pleased that the City is proposing to incorporate a number of the recommendation from the Study. He requested that Council consider and approve the following:

- That LFN be invited to review and comment on all applications for development that may affect ESAs.
- That any application within the ESA ranked 'moderate or high', be prohibited and considered unacceptable and that only applications of a lesser rating be considered, if at all.
- That LFN have the opportunity to take part in any future updating of the OCP Bylaw.
- That any development in an ESA be reviewed by a Qualified Environmental Professional at some stage in the application.

He thanked Council for the opportunity to provide input.

The Director of Development Services noted that the City utilizes the Qualified Environmental Professional best practices whenever it is necessary to make an determination on an environmentally sensitive watercourse.

3. MOTION TO CLOSE PUBLIC HEARING

	MOVED by Councillor Martin SECONDED by Councillor van den Broek
	THAT the public hearing close at 7:11 p.m.
	CARRIED
MA	YOR
 Cor	RPORATE OFFICER

EXPLANATORY NOTE

BYLAW No. 3011

The purpose of Bylaw No. 3011 is to adopt the 2017 - 2021 Financial Plan. In 2017, our five year financial plan includes \$44.4 million in operating expenditures and a further \$21.8 million in capital expenditures. Approximately 74% of the operating expenditures are funded through property taxes and utility charges billed at the end of May each year.

New assessment growth in 2017 will generate additional tax revenues of \$235,000. The total net increase in expenditures is \$883,595 or a 3.61% taxation increase.

Based on the results from the recently completed Community Survey and the feedback received from the neighbourhood meetings, there were a number of priority areas identified for the City to focus on such as public safety, homelessness, the upkeep of parks, boulevards and trails, infrastructure renewal and recreational opportunities. City Council has heard from the taxpayer, and this financial plan was developed to address these priority areas.

One of our biggest priorities for 2017 is to address some concerns surrounding homelessness and public safety. The City has included in the budget a provision for additional bylaw enforcement staffing and a Community Liaison position to work with social service agencies and oversee the implementation of the Homelessness Strategic Plan and Community Crime Prevention Strategic Plan. The RCMP costs represent the largest departmental expenditure in the budget, and the proposed policing increase will lower the vacancy rate at the detachment, resulting in more of the RCMP members being deployed in the City. The City will also address public safety by enhancing the emergency radio system with the Langley City Fire Service joining the multijurisdictional E-Comm system.

Improving parks, boulevards and trails will be a greater priority in 2017. The Financial Plan will include floodplain pedestrian bridge upgrades, a number of park facility capital upgrades, as well as a Corridor Improvement Program will be implemented to enhance the maintenance of walkways, boulevards, sidewalks, and medians.

The City will improve recreational opportunities by adding more Timms Community Centre staffing positions to maintain the City's newest asset and to enhance City services, a full year of funding is provided for a Plan Checker / Building Inspector position which was added half way through 2016.

Although the total net increase in expenditures results in a 3.61% overall taxation increase, including utility rate increases, the average single-family home assessed at \$728,339 will see their taxes increase by \$170 or 5.92% whereas the average multifamily home assessed at \$253,636 will see an increase in their taxes by \$39 or an increase of 3.20%. The same tax rate must be applied to both types of residential properties. The different percentage increase is due to the assessed value of single family homes, increasing on average 10% more than multifamily homes. Business class properties will see an average increase of 5.39% and Light Industrial properties a 5.34% increase. The ratio between residential and business properties has moved closer to 1:3 which is the typical average in Metro Vancouver.

The City is anticipating \$6.4 million in casino proceeds to be received in 2017 up \$400,000 from the prior year. This funding will be used to address infrastructure renewal for capital projects like bridge deck repairs on 200 Street, Douglas Crescent rehabilitation between 204 Street and 208 Street, enhance rehabilitation on 56th Avenue initially budgeted in 2016 reflected the Canada Infrastructure grant received from senior levels of government.

In addition, the City will allocate \$168,000 towards community grants and a further \$168,000 to the Enterprise Fund to be used at Council's discretion for expenditures that are not otherwise anticipated during the year and budget cycle.

Using casino proceeds to fund larger capital projects avoids borrowing and paying principal and interest charges and has helped to keep the City's tax rates lower by 2.5% in 2017. So casino dollars are at work in our community!

The City of Langley's 2017 Financial Plan provides for a number of improvements which will enhance the community. By strengthening public safety, addressing some of the issues surrounding homelessness, improving parks and trails, focusing on infrastructure renewal and recreational opportunities, the City of Langley will reinforce its reputation as the Place to Be!

2017 - 2021 FINANCIAL PLAN

BYLAW No. 3011

A Bylaw to adopt the Financial Plan for 2017 - 2021.

WHEREAS Section 327 of the Local Government Act provides that a Council must have a Financial Plan that is adopted annually, by Bylaw, before the annual property tax Bylaw is adopted;

AND WHEREAS the City has undertaken a process of public consultation prior to the adoption of the Financial Plan;

NOW THEREFORE, the Council of the City of Langley, in open meeting assembled, enacts as follows:

- 1) Schedule "A", attached hereto and made part of the Bylaw, is adopted as the Financial Plan of the City of Langley for the period 2017 2021.
- 2) Schedule "B", attached hereto and made part of the Bylaw, is adopted as the Capital Improvement Plan of the City of Langley for the period 2017 2026.
- 3) Schedule "C", attached hereto and made part of the Bylaw, is adopted as the "Financial Plan Objectives and Policies" of the City of Langley for the period 2017 2021.
- 3) This Bylaw may be cited for all purposes as the "Financial Plan 2017 2021 Bylaw, 2017, No. 3011."

READ A FIRST AND SECOND TIME this sixteenth day of January, 2017.

ADVERTISEMENTS WERE PLACED in the Langley Advance on the nineteenth day of January, 2017 and the twenty sixth day of January, 2017.

AN OPPORTUNITY FOR PUBLIC COMMENT this first day of February, 2017.

READ A THIRD TIME this -- day of -- ,2017.

FINALLY ADOPTED this – day of --, 2017.

FINANCIAL PLAN 2017 - 2021

BYLAW NO. 3011 Schedule 'C' Financial Plan Objectives and Policies

In accordance with Section 165(3.1) of the Community Charter, the City of Langley is required to include in the Five Year Financial Plan, objectives and policies regarding each of the following:

- 1. The proportion of total revenue that comes from each of the funding sources described in Section 165(7) of the Community Charter,
- 2. The distribution of property taxes among the property classes, and
- 3. The use of permissive tax exemptions

1) Funding Sources

The following table shows the proportion of total revenue to be raised from each funding source in 2017.

Revenue Source	% of Total	Dollar Value
	Revenues	
Property Value Taxes	57%	\$25,710,425
User Fees and Charges	22%	10,292,930
Revenue from Other Sources	3%	1,566,360
Casino Proceeds	14%	6,400,000
Government Grants	4%	1,737,485
Total	100%	\$45,707,200

Property taxes form the greatest proportion of revenues. As a revenue source, property taxation is efficient to administer and understandable for the residents. It is a stable and reliable source of revenue to fund core services like general administration, police services, fire services, bylaw enforcement, and street lighting which would be difficult to fund on a user pay basis.

User fees and charges form the second largest portion of the revenues. Water and sewer usage are billed based on the water meter consumption. Building permit, business licenses and sale of services are also on a user pay basis which attempts to apportion the value of the services provided to those who use the service.

Casino proceeds are used primarily to fund capital infrastructure renewal.

Objective

To maintain the property value tax proportion to the same proportion that it is currently.

Policies

The City will review all user fee levels to ensure they are adequately meeting both the capital and delivery costs of the services.

2) Distribution of Property Tax Rates

The following table outlines the distribution of property taxes among the property tax classes.

Property Class	% of Total	Dollar Value
	Property Taxation	
Residential (1)	47.6%	\$12,248,042
Utilities (2)	0.4%	107,734
Light Industrial (5)	6.1%	1,562,953
Business & Other (6)	45.6%	11,728,136
Recreation / Non Profit (8)	0.3%	63,526
Farmland (9)	0.0%	34
Total	100%	\$25,710,425

The residential property tax class provides the largest proportion of property tax revenue which is consistent with most other jurisdictions.

Objective

To shift the tax burden from the residential class to the business class so that the business class pays a higher proportion of the property taxation to move towards the average ratio between classes identified in Metro Vancouver. The ratio in 2017 will be 1: 2.99 between the residential and business class and 1: 3.195 for between the residential and light industrial class.

Policies

Continue where possible to supplement the revenues from user fees and charges to help offset the burden on the entire property tax base. Over the next five years slowly move the ratio of the residential to business class closer to the average ratio in Metro Vancouver.

3) Permissive Tax Exemption

The City has an existing permissive tax exemption policy which guides the administration and approval of permissive tax exemptions every year.

Objective

The City will continue to support those organizations that have received a permissive tax exemption in the past and review new applications as they arise.

Policies

The City adopted a new permissive tax exemption bylaw in the Fall of 2016. The City also adopted a revitalization tax exemption to support the efforts identified in the Downtown Master Plan.

Budget Message

January 11, 2017

Message from the Director of Corporate Services

Mayor and City Council City of Langley

2017-2021 Financial Plan Summary

In 2017, our five year financial plan includes \$44.4 million in operating expenditures and a further \$21.8 million in capital expenditures. Approximately 74% of the operating expenditures are funded through property taxes and utility charges billed at the end of May each year.

Based on the results of the recently completed Community Survey and from feedback received at the neighbourhood meetings, a number of priority areas were identified and include: public safety; homelessness; the maintenance of parks, boulevards and trails; infrastructure renewal and recreational opportunities. City Council has heard from taxpayers, and this financial plan was developed to address these priority areas.

The total net increase in expenditures is \$883,595 which would require a 3.61% taxation increase to balance the budget.

2017 Financial Plan

One of our biggest priorities for 2017 is to address some concerns surrounding homelessness and public safety. The City has included in the budget a provision for additional bylaw enforcement and a Community Liaison position to work with social service agencies and oversee the implementation of the Homelessness Strategic Plan and Community Crime Prevention Strategic Plan. The RCMP costs represent the largest departmental expenditure in the budget, and the proposed policing increase will lower the vacancy rate at the detachment, resulting in more of the RCMP members being deployed in the City. The City will also address public safety by enhancing the emergency radio system with the Langley City Fire Service joining the multi-jurisdictional E-Comm network.

Improving parks, boulevards and trails will be a greater priority in 2017. The Financial Plan will include floodplain pedestrian bridge upgrades, a number of park facility capital upgrades as well a Corridor Improvement Program will be implemented to enhance the maintenance of walkways, boulevards, sidewalks, and medians.

Recreational opportunities improve with the addition of more staff to serve and maintain the City's newest asset the Timms Community Centre. Additionally, a full year of funding has been added to increase our Building Department staff by one Plan Checker / Building Inspector. These staffing additions will improve our service delivery to the public.

Although the total net increase in expenditures results in a 3.61% overall taxation increase, including utility rate increases and the infrastructure levy, the average singlefamily home assessed at \$728,339 will see their taxes increase by \$170 or 5.92% whereas the average multifamily home assessed at \$253,636 will see an increase in their taxes by \$39 or 3.20%. Although the assessment value of single-family homes increased an average of 10% more than multifamily homes, the same tax rate must be applied to both types of residential properties. This results in a higher tax increase for single family residential properties. Business class properties will see an average increase of 5.39% and Light Industrial properties a 5.34% increase. The ratio between residential and business properties has moved closer to 1:3, which is typical in Metro Vancouver.

The City is anticipating \$6.4 million in casino proceeds to be received in 2017, up \$400,000 from the previous year. This funding will be used to address infrastructure renewal for capital projects like bridge deck repairs on 200 Street, Douglas Crescent rehabilitation between 204 Street and 208 Street, and rehabilitation on 56th Avenue initially budgeted in 2016, however now reflecting the Canada Infrastructure grant received from senior levels of government.

In addition, the City will allocate \$168,000 towards community grants and a further \$168,000 to the Enterprise Fund to be used at Council's discretion for expenditures that are not otherwise anticipated during the year and budget cycle.

2017 Financial Plan

Using casino proceeds to fund larger capital projects avoids borrowing and paying principal and interest charges and has helped to keep the City's tax rates lower by 2.5% in 2017. Casino dollars are at work in our community!

The Financial Plan Bylaw is scheduled to be presented at the January 16th Council meeting with final adoption anticipated at the February 20th meeting. The City is enjoying a sound financial position, and as we move into 2017, the Financial Plan will ensure we continue this trend.

Darrin Leite, CPA, CA

Director of Corporate Services

2017 Council Goals and Strategic Plan

While City Council is currently undertaking a process to update the Strategic Plan, the Financial Plan includes a series of goals and action plans in each department that supports the current *Strategic Plan*. The Strategic Plan has seven key result areas as follows:

Key Result Areas

In this plan, we have seven areas that describe where we believe we most need to move forward and achieve better results. Making progress in these Key Result Areas will define our success over the next five years, and anchor our accountability to our individual and corporate citizens.

- 1. **Infrastructure**: continuous improvement and sustainability of our below ground, on the ground, and above ground infrastructure.
- 2. **Quality of Life in Our City:** services to people can be continuously improved in order to attract, retain, and serve citizens that will then champion our vision as "The Place to Be."
- 3. **Communication:** communicating with our customers and partners, involving them in decisions which impact and interest them, and engaging them in public life.

2017 Financial Plan

- 4. **Revitalization:** of our downtown core, the visual impact of the public realm in our City, and enhance our sense of pride.
- 5. **Environment:** how we protect, preserve, restore, sustain, and enhance our environment
- 6. **Protective Services:** ensuring our citizens feel safe and property is secure
- 7. **Organizational Development:** investing in our organization, its people, its processes and financial sustainability

Developing the 2017-2021 Financial Plan is a component of the first key result area contributing to the long term planning of infrastructure renewal.

The Five Year Financial Plan

The five year financial plan presented in this document is a financial planning tool and not a multi-year budget. The primary focus of the Financial Plan is the current budget year under consideration (2017) with a new five year plan being created for each successive budget cycle.

The 2016 Actual column is reflecting the current year to date expenditures rather than an estimate of the amount anticipated after the end of the year which will be higher after all the December purchase invoices and year-end reconciliations have been reflected.

The revenue and expenditure forecasts of the out years (2018-2021) reflect estimated wage & benefit costs and RCMP contract increments. We have not attempted to include an estimate of inflation in the out years in this document.

Public Process

A Financial Plan presentation will be made at the Monday, January 16, 2017, Council meeting to introduce the budget to the public which will be recorded and streamed on the City's website. The Financial Plan will be advertised for two consecutive weeks in summary form in the local newspaper (January 19 and January 26).

A Financial Plan public input and open house meeting will be held on Wednesday, February 1, from 6:00 pm – 7:30 pm in the City Hall Finance Department foyer for the public to learn more about the budget and ask questions in a more informal setting.

The open house will be followed by a Financial Plan presentation at the February 6, Committee of the Whole Council meeting where comments from the public will be invited.

Budget Highlights

General Operating Fund

The Consumer Price Index (CPI) % increase in Vancouver for the year ended October, 2016 was 2.5%. The CPI is

2017 Financial Plan

not representative of the costs incurred by municipal governments which are more heavily weighted to labour, materials and contracted services, whereas the CPI reflects a basket of goods, like food, shelter, clothing, furniture, etc. A municipal Price Index (MPI) developed in Edmonton forecasts the MPI in 2017 to be 2.6%.

The gap between total expenditures and total revenues in the general fund is \$883,595 and would require a tax revenue increase of 3.61%.

The budget contains non-discretionary service level and other increases outlined in the following table. This increase includes the new growth tax revenues of \$235,000 (0.96% of tax revenues).

Summary of the Larger Non-discretionary Changes							
Affecting the 2017 General Fund Bud	dget						
Revenues:							
Revenue own sources – Tax penalties and interest	\$ 17,500						
Revenue own sources – Grants in lieu (Utility Co)	\$ 18,190						
2016 actual assessment changes from budget	(\$ 42,400)						
2017 New tax growth increase	(\$ 235,000)						
Fees & Charges - Application fees & Eng admin	(\$ 90,500)						
Fees & Charges - Business Lic., Misc permits, Dogs	(\$ 31,055)						
Fees & Charges - Building permits	(\$ 69,400)						
Fees & Charges - Parking fines & Parking rentals	(\$ 13,000)						
Fees & Charges – Tax info, Vehicle plates, Garbage	(\$ 11,310)						
Revenue own Sources - Property rentals	(\$ 20,815)						
Revenue own sources - Casino proceeds	(\$ 400,000)						
Revenue own sources – Hotel tax	(\$ 45,000)						
Revenue own sources - Other	(\$ 16,140)						
Expenditures:							
Election expense	(\$ 45,000)						
Interfund utility allocation	(\$ 429,230)						
Council remuneration	\$ 5,000						

Summary of the Larger Non-discretionary Changes Affecting the 2017 General Fund Budget						
Bylaw enforcement	\$	79,800				
Corporate Services reconfiguration	\$	57,000				
Insurance premiums	\$	8,050				
Corporate communication and advertising	\$	16,000				
Software support, IT consultation, and Supplies	\$	37,320				
Employee wages and benefits	\$	118,245				
Fire wage and benefits	\$	186,275				
Electrical, Gas and Utilities	\$	30,775				
RCMP detachment operations – Municipal staff	\$	58,540				
RCMP contract	\$	631,330				
CPO, LYFS, & Emergency contract, Victim witness	\$	2,540				
Community Liaison Coordinator	\$	10,000				
ECOMM radio system	\$	86,570				
Fire vehicle maintenance, Dispatch	\$	32,580				
Engineering clerical support	\$	20,000				
Corridor Improvement Program	\$	90,000				
Plan Checker / Building Inspection	\$	40,835				
Tourism Langley (Hotel tax)	\$	45,000				
Timms Centre Staffing	\$	124,550				
Library levy & Building maintenance	\$	44,460				
Recreation Special Events/Downtown Summer Series	\$	63,650				
Park maintenance for new facilities	\$	20,200				
Various supplies and contracted services	\$	10,765				
Tsfr from Surplus (Election expense)	\$	45,000				
Tsfr to Casino Proceeds Reserve	\$	400,000				
Tsfr to /from reserves	(\$	90,230)				
Infrastructure levy	\$	122,500				
Net 2017 budget expenditure increase	\$	883,595				

Each year departments scrutinize their operating budgets in an effort to make substantive reductions to help mitigate a taxation increase. Over the last six years, over \$1.1 million in savings have been implemented, reducing taxes by 5%. However, these reductions have operational

impacts due to reductions in training, supplies and contracted services.

Revenue Decreases:

The property tax penalties and interest have reduced \$17,500 due to the large number of property sale transactions and low cost of borrowing for home owners.

Grants in lieu are received from the utility companies like Telus, BC Hydro, Shaw Cable and Fortis. The grants are a substitute for the property taxes that would otherwise be payable on the land that the utility companies run their services through. The grants are based on 1% of the revenues generated by each of the companies in the City of Langley in the previous year. The grants in lieu decreased by \$18,190 due to lower revenue from high competition in the marketplace.

Revenue Increases:

The total new taxation growth from new construction is estimated at \$235,000 which was supplemented by an additional \$42,400 of taxation income due to rejected assessment appeals.

Engineering administration and application fees are increasing \$90,500 to reflect historical trends.

Building permit fees are collected from developers and are contingent on market conditions prompting developers to begin new construction, an anticipated increase of \$69,400 is reflected. Business license fees are increasing 2% generating an additional \$11,640. Other permit and fees reflecting filming permits contribute an

additional \$20,000. Dog fees are reducing slightly by \$585.

Parking fine revenues and parking rentals are increasing \$13,000 particularly relating to parking rentals for movie sets.

Providing taxation information during property sales transactions, generated an additional \$8,000 based on historical trends. Garbage fees are increasing slightly by \$2,560 reflecting additional homes being constructed in the community. Sale of municipal commercial vehicle decals will add an additional \$750.

Property rental income has been increased by \$20,815 to reflect the new rental income from a building purchased by the City.

Casino proceeds are increasing by \$400,000 based on the prior year's experience. The same amount is transferred to reserve to fund future capital expenditures.

Hotel tax revenues are collected and remitted to Tourism Langley to fund tourism promotion in the community. The revenues are increasing \$45,000 reflecting historical trends.

There are a number of other small revenue increases that combined add another \$16,140.

Expenditures:

The election expenses incurred in the 2016 by-election are not required in 2017, and the \$45,000 cost has been

2017 Financial Plan

removed from the budget as well as the offsetting transfer from the prior year's surplus.

Each year the City allocates expenditures charged to the General fund on a proportional basis to the Water and Sewer funds. In 2017, the allocation has been changed to be based on 30% of the General Government Services expenditures. This increased the allocation by \$482,850 to a total of \$1,105,300.

Council remuneration increases are based on adopted Council policy. The Mayor's remuneration is 85% of the 2016 median Metro Vancouver mayors' salaries. Council remuneration is set at 40% of the Mayor's remuneration.

Additional Bylaw Enforcement resources will be added to enhance the level of service for parking enforcement and dog off leash issues that arise during the evening hours and augment the significant number of hours that are required to address homelessness issues.

The City reconfigured the Corporate Services department in the spring of 2016. An additional position was created which required a \$57,000 increase.

The MIA (Municipal Insurance Association) levy will decrease in 2017 by \$4,625 due to positive changes in the experience rating of the City. However, the property insurance is increasing \$12,675 reflecting the addition of the Timms Community Centre.

The City endeavors to actively engage our public. Efforts to increase marketing, expanded use of social use and

extensive promotion of our neighborhood meetings require an increase of \$16,000.

Software support and IT services need to be increased in order to maintain the current city enterprise systems and pay annual maintenance fees for newly implemented software.

A provision has been included for the CUPE, management staff and Protective Services contract negotiations. In addition, some employees will move to the next steps of their pay grade.

The cost of electricity, natural gas and water will all experience rate increases, causing an increase of \$30,775 throughout the organization.

The cost for centralized support services, billed by the Township of Langley for municipal employees at the RCMP detachment, is increasing \$58,540 to reflect wage increases.

The RCMP incremental costs also reflect a 2.50% increase in wage and pension costs and movement through pay grades. The recruiting costs, cadet training depot costs and police dog service training centre costs are now billed to the municipalities on a cost recovery basis rather than a fixed cost per member. The vacancy rate has been lowered at the detachment resulting in more of the City's 51.35 contracted RCMP members being deployed in the City. The City shares 179 RCMP members with the Township of Langley and the experience thus far in 2016 is that there are 173.45 members in active duty resulting

2017 Financial Plan

in a vacancy of only 5.5 members combined. Therefore, the City has lowered our historical vacancy rate from 6 members to 3.3 members in 2017.

There are small cost changes in the Community Police Office, LYFS contract costs, the Emergency Program costs and victim services totaling \$2,540.

The City will be addressing the concerns surrounding homelessness and public safety by creating a part-time, contract Community Liaison Coordinator position to work with social service agencies, the RCMP and the business community to address critical social issues in the City. The position will oversee the implementation of the Homelessness Strategic Plan and the Community Crime Prevention Strategic Plan.

The City will be implementing the E-Comm radio system in 2017 to improve public safety. This service will cost \$86,570 and includes both hardware costs, maintenance and annual operations.

Maintenance requirements of our fire truck fleet and associated equipment has seen an increase of \$28,000. The budget also reflects an inflationary increase in dispatch fees of \$4,580.

The Engineering and Development Services Departments have requested \$20,000 in additional clerical support to address customer service demands during peak periods of the year. These hours will be partially allocated towards administering the filming permit process.

The City is enhancing a Corridor Improvement Program to improve the maintenance of walkways, boulevards, sidewalks and medians. The additional cost of the program is \$90,000.

The Development Services Department hired a Plan Checker/Building Inspector position in 2016 to enhance the services provided by the department. The position was only funded for half the year in 2016, so the total cost of the position must be funded for 2017.

Timms Community Centre is approaching a full year of operations. Additional staff positions have been added to allow for expanded hours of operation and to maintain the new larger facility to improve recreational opportunities and maintain the City's newest asset.

The FVRL levy is increasing \$44,460 covering wages and benefit cost increases and an increase in material costs.

The City is partnering with the Downtown Langley Business Association to host the McBurney Plaza Summer Series. As well, a number of neighbourhood special events are planned for 2017.

An increase of \$20,200 has been included in the Park's budget to maintain new facilities such as the Penzer Bike Skills Park and Douglas Park outdoor fitness and games areas, as well as increased sports field maintenance.

A small increase of \$1,380 was made to the transfer to the MRN reserve. The transfer from the Future Police Cost Reserve has been increased by \$25,200 to offset the anticipated retroactive salary adjustments. A transfer

8

2017 Financial Plan

from the casino proceeds reserve of \$63,650 to fund the recreation special events has been included. The \$400,000 extra casino proceeds is also transferred to the reserve for future capital improvement funding.

Water Operating Fund

The water rate structure will stay at \$1.16 per cubic meter, with a \$25 increase to the flat rate making it \$75 per dwelling unit. The increase for the average single-family residential customer using 330 cubic meters of water will be \$25 in 2017.

The cost of water purchased from Greater Vancouver Water District (GVWD) is increasing 1.0%. The water purchase cost of \$2.62 million makes up 68.4% of the expenditures in the water fund.

The GVWD has indicated that there will be increases in water costs over the next few years to allow for improved water filtration and infrastructure replacement.

Sewer and Drainage Operating Fund

The sewer rate structure will increase \$0.06 per cubic meter bringing the total to \$1.04 per cubic meter (80% of water consumption) with a \$25 increase in the flat rate making it \$75 per dwelling unit. The increase for the average single-family residential customer using 330 cubic meters of water, used to determine the sewer charge, will be \$40.84 in 2017.

A portion of the increase (\$0.03 per CM) is being allocated to increase the transfer to the sewer and drainage reserve. The current reserve contributions are not adequate to fund the capital requirements anticipated in the Capital Improvement Plan. The balance of the increase is to fund the sewer treatment levy cost of \$1.89 million which makes up 61.5% of the expenditures in the sewer fund.

Tax Rate Effect

Although the total net increase in expenditures results in a 3.61% overall taxation increase, including utility rate increases and the infrastructure levy, the average singlefamily home assessed at \$728,339 will see their taxes increase by \$170 or 5.92% whereas the average multifamily home assessed at \$253,636 will see an increase in their taxes by \$39 or an increase of 3.20%. The same tax rate must be applied to both types of residential properties. The different percentage increase is due to the assessed value of single-family homes, increasing on average 10% more than multifamily homes. Business class properties will see an average increase of 5.39% and a 5.34% increase for Light Industrial properties. The ratio between residential and business properties has moved closer to 1:3 which is the typical ratio in Metro Vancouver.

2017 Financial Plan

Where Do the Taxes Go?

For the average single-family home, the annual property tax including utilities of \$3,051 on a monthly basis is as follows:

Policing Service	\$	63.02
Water	\$	36.07
Sewer & Drainage	\$	25.73
Fire Rescue Service	\$	24.09
General Government	\$	21.30
Recreation	\$	19.68
Engineering & Operations	\$	17.36
Garbage Services	\$	15.00
Infrastructure Funding	\$	11.08
Parks	\$	10.11
Development Services	\$	6.22
Other Protective Services	\$	4.61
Per month:	\$2	254.27

Capital Improvement Plan

The Financial Plan includes a 10 year Capital Improvement Plan (CIP). The proposed expenditures in 2017 total \$21,758,145. The City was awarded an infrastructure grant late in 2016 for the 56th Avenue road and utility project so this project was re-budgeted in the 2017 CIP to reflect the grant funding. The project totals \$3.9 million. Another large project for \$3 million relates to the road and utility improvements on Douglas Crescent between 204 St and 208 St. A further \$1.8 million is allocated to 200 St bridge deck replacement and water utility works south to 50 Ave. A number of drainage culverts are being rehabilitated with \$1.7 million allocated for this work. An emphasis has been

placed on the City's parks, with additional funding augmenting the 2016 capital budget approved for Penzer Park bringing the total to \$1.3 million dollars. The City has added a number of field enhancement projects throughout the 10 year plan, starting with \$700,000 being allocated for Rotary Centennial Park.

Capital projects are funded through money the City has placed in reserves, funds received from developers when new construction is undertaken in the City by way of Development Cost Charges (DCC's), grants and casino proceeds.

Each year the City allocates a portion of the money collected through property taxation into the reserves.

Capital Works Reserve	\$	879,450
Fire Equipment Replacement	\$	55,000
Machinery Replacement	\$	250,000
Off Street Parking	\$	11,600
Office Equipment	\$	46,500
Parks & Recreation	\$	177,500
Sewer Future Capital	\$	485,000
Water Future Capital	\$	570,000
<u> </u>	\$ 2	2,475,050

The City recognized that our infrastructure is aging and will need to be replaced in established neighbourhoods. Additional funding dedicated to infrastructure renewal is being proposed at 0.5% which would generate \$122,500. At the recent neighbourhood meetings, there was support for this type of levy which would generate funds for the Capital Works Reserve. An average multifamily residential home would pay an extra

2017 Financial Plan

\$0.29 per month and an average single-family home would pay an extra \$0.83 per month to generate this levy.

The work being planned to accommodate the tangible capital asset requirements and resulting asset management benefits will highlight the infrastructure deficit faced by the City of Langley. We are not currently putting enough funding towards infrastructure renewal, to meet projected needs. It will take a concerted effort by City Council to balance between allocating adequate funding for infrastructure, that is primarily underground, and other infrastructure needs for the community.

Prior Year's Surplus

The City is required to prepare a balanced budget each year under provincial legislation. Each dollar expended has to be approved by City Council in the Financial Plan. At the end of the previous year, the actual financial numbers may result in revenues being higher than anticipated or expenditures lower than planned which is called a surplus.

It is proposed that any surplus generated in 2016 be allocated to the Capital Works Reserve to augment the capital works undertaken in future years.

2017 Financial Plan

Casino Proceeds

Another significant funding source for the Capital Improvement Plan is casino proceeds. It is estimated that the casino proceeds will be \$6.4 million in 2017. A total of \$6.83 million was received in 2016. We have been advised that a new gaming facility is being proposed for the City of Delta and we will have to determine if the new facility will have a negative impact on the City's casino proceeds.

The following table lists the projects proposed to be funded by casino proceeds.

Capital 2017 - Casino Proceeds Allocation

City Hall Landscaping	\$	350,000
Road Rehabilitation	\$	722,320
Pedestrian Facilities	\$	250,000
Bicycle Facilities	\$	200,000
Traffic Calming	\$	400,000
Street Light Replacement	\$	100,000
LED Lighting Fixtures	\$	200,000
56 Ave, Glover to Bypass	\$	708,190
Douglas Crescent 204 St to 208 St	\$	877,500
200 St Bridge Deck replacement	\$1	,233,000
Fraser Hwy Bypass - Landmark Way	\$	193,675
Retaining Wall Rehabilitation	\$	200,000
Fraser Hwy 204 St to 208 St Concept	\$	200,000
Traffic Signal 62 Ave / 203 St Design	\$	50,000
Trail System Upgrade	\$	40,400
Penzer Park Youth Facilities	\$	404,000
Rotary Centennial - Sports Field	\$	353,500

\$	120,400
\$	150,000
\$	350,000
\$	150,000
\$	75,750
\$	500,000
\$	100,000
\$	300,000
\$	300,000
\$	250,000
\$	200,000
\$9	,178,735
	\$ \$ \$ \$ \$ \$ \$ \$ \$ \$ \$ \$

By using casino proceeds rather than borrowing, the City is reducing operating debt servicing costs. Every \$1.00 borrowed requires \$0.60 to be paid in interest over the 20 year term of the borrowing, so if the City borrows million the total cost over 20 years is \$1.6 million which equates to a 0.28% tax revenue increase. Debt avoidance has reduced the taxes otherwise payable by 17% over the last ten years.

Important Issues Affecting Future Years' Budgets

New growth revenues are anticipated to remain low based on existing market conditions. New growth typically funds any inflationary increases in the City's budget. Wage settlements and ability to attract and retain staff, without any new service levels being considered, will continue to put pressure on the budget.

Local governments are increasingly feeling the effects of downloading by other levels of government. The City is struggling with its ability to address social issues like homelessness where individuals suffering from mental health and substance abuse concerns are evident. Historically, social welfare has been a Provincial mandate, however; municipalities are now facing the effects of this growing problem.

Our contracted service partners like the RCMP, Fraser Valley Regional Library and Metro Vancouver have increases in their respective budgets which are beyond the City's control and can have significant effects on the City of Langley's Financial Plan.

The City of Langley's 2017 Financial Plan provides for a number of improvements which will enhance the community. By strengthening public safety, addressing some of the issues surrounding homelessness, improving parks and trails, focusing on infrastructure renewal and recreational opportunities, the City of Langley will reinforce its reputation as the Place to Be!

2017 Financial Plan

	CON	SOLIDATEI) FINANCIA	L PLAN SU	MMARY

Property Taxation

PROPERTY TAXATION

Property Taxation and Assessment

Property tax is the largest single General Fund revenue source in the City of Langley and will account for 56% of total revenues in 2017. The reliance on property taxes decreased over the last decade with the return of 100% of Traffic Fine Revenue and the introduction of gaming proceeds.

Property taxes are billed to each legal property in the City. The property tax bill is calculated by multiplying the current years tax rate by the assessment values of each property.

Property Tax Assessment Base

Property assessment in the Province of British Columbia is the function of the British Columbia Assessment Authority (BCAA). The BCAA's purpose is to establish and maintain assessments that are uniform in the whole of the Province in accordance with the Assessment Act.

The Assessment Act requires that the BCAA produce an annual roll with assessments at actual value. Actual value is defined by statute as being synonymous with market value. A commonly accepted definition of market value is: "that price a property might reasonably be expected to bring if offered for sale by a willing vendor to a willing purchaser after adequate time and exposure to the market".

In addition to determining market value, BCAA also decides upon the appropriate classification for each property. The provincial Government has prescribed nine classes of property, as follows:

<u>Class 1:</u> Residential includes land or improvements, or both, used for residential purposes, including single-family residences, duplexes, multi-family residences, apartments, condominiums, manufactured homes and some vacant land.

<u>Class 2:</u> Utilities includes land or improvements, or both used for the purpose of providing utilities; E.G. Telus, BC Hydro.

<u>Class 3:</u> Supportive Housing - funded by the Province, a property which combines on-site support services with housing for persons who were previously homeless, at risk of homelessness, have mental or physical disabilities, or who are recovering drugs or alcohol addictions.

<u>Class 4:</u> Major Industry which is non applicable in the City of Langley.

<u>Class 5:</u> Light Industry includes properties used for extracting, processing and manufacturing, not falling within the Major Industry Class.

<u>Class 6:</u> Business and Other comprises all land and improvements not included in classes 1 to 5 and 7 to 9.

<u>Class 7:</u> Managed Forest Land which is non applicable in the City of Langley

PROPERTY TAXATION

<u>Class 8:</u> Recreational property/Non-profit Organizations includes land used solely as an outdoor recreational facility for a specific use or activity together with property used or set aside for use as a meeting hall by a non-profit fraternal organization.

<u>Class 9:</u> Farm includes only land classified as farm land in accordance with the prescribed standards.

The **2017** property classes and their respective assessment values for general municipal purposes are:

Class 1 Residential	\$4,322,522,603
Class 2 Utility	2,693,355
Class 3 Supportive Housing	2
Class 5 Light Industry	172,671,300
Class 6 Business Other	1,385,589,878
Class 8 Recreational/Non-profit	6,978,000
Class 9 Farm	<u>11,936</u>
Total	<u>\$5,890,467,074</u>

City Council has the ability to set a tax rate for each class of property.

The key dates in the assessment cycle are as follows:

<u>July 1, 2016</u> – is the date at which the market value is determined for the 2017 Assessment Roll.

<u>October 31, 2016</u> – Deadline date for municipal Council to adopt tax exemption bylaws for the 2017 Assessment Roll

<u>October 31, 2016</u> – The 2017 Assessment Roll reflects the physical condition and permitted use of each property on this date November 30, 2016 – Deadline for ownership changes to the 2017

November 30, 2016 – Deadline for ownership changes to the 2017 Assessment Roll

<u>December 31, 2016</u> – Deadline for Completed Roll totals, and mailing date for Assessment Notices.

<u>Ianuary 31, 2017</u> – Deadline for requesting a formal assessment review.

March 31, 2017 - Deadline date for the Revised Roll

Assessment Growth

In the last decade, 1,170 new living units have been constructed in the City of Langley. The growth over the decade has been in multi-family type housing with 1,194 new units being constructed. This was offset by a reduction of single family units over the same time frame.

Fees & Charges

FEES & CHARGES DESCRIPTIONS

The revenue category of Fees and Charges was established by the Bill 88 revisions to the Local Government Act in 1999. The category includes all revenues that are imposed, by bylaw, in respect of all or part of a service the municipality provides or the exercise of regulatory authority.

ADMIN/INSPECTION FEES: These revenues are intended to compensate the City for administration and inspection costs that the City must expend as part of a land development project. The revenues are estimated by using a trend analysis approach then adjusted to reflect the level of construction and development anticipated in the community.

SOLID WASTE USER FEES: This revenue represents the total user fees levied on single family residences for bi-weekly door to door garbage collection service as well as weekly curbside organic waste disposal. The revenue is calculated by dividing the cost of the service by the number of residential units serviced.

LICENCES & PERMITS: The revenue generated from building and plumbing permits is levied to monitor construction projects within the City to ensure compliance with the BC Building Code and City Bylaws as and when required. The revenues are estimated by using a trend analysis approach then adjusted to reflect the level of construction and development anticipated in the community.

DOG LICENCE FEES: These fees are levied on the owners of dogs to partially offset the cost of providing dog control services. The revenues are projected based on the number of dogs licensed in the prior year.

PARKING VIOLATIONS: This revenue represents fines received from motorists who are parked illegally within the Downtown core of the City.

PARKING RENTALS: This revenue represents the monthly rental fees received for supplying reserved parking spaces in four lots within the City. Revenue is projected using the current occupancy rate in the lots.

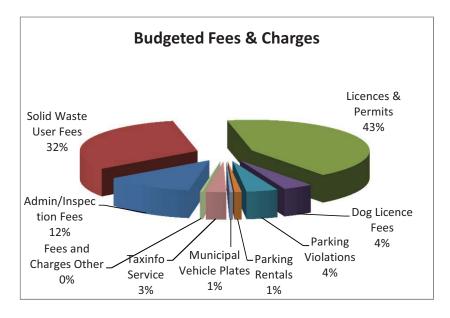

FEES & CHARGES DESCRIPTIONS

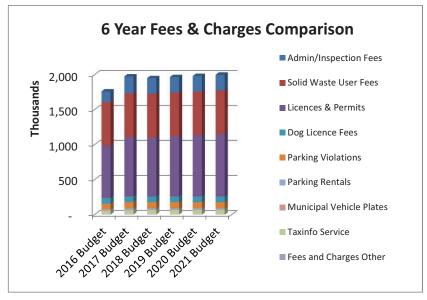

MUNICIPAL VEHICLE PLATES: This revenue represents a commission paid to the City to issue commercial vehicle stickers on behalf of the Union of British Columbia Municipalities to administer the service province wide for the Provincial Government. The revenue estimate is based on the prior year's revenues.

TAXINFO SERVICE: This revenue represents the fees received for providing legal offices and mortgage companies with information regarding outstanding taxes on properties. The revenue estimate is based on the prior year's experience and adjusted for the current state of the real estate sales market.

FEES & CHARGES OTHER: This program includes budget allocations for revenue generated from banner installations and other miscellaneous fees.

Revenue Other Sources

REVENUE FROM OTHER SOURCES DESCRIPTIONS

The revenue category of Revenues from Other Sources includes all those revenue sources not included in Property Taxes or Fees and Charges.

RCMP FEES & CHARGES: These revenues represent various fees charged by the RCMP for services rendered to the public, a commission from the Province of BC to offset the cost of serving criminal documents and revenues from false alarm fees which offset the cost of the RCMP in responding to false alarms. Revenue projections are based on the historic trend.

TAX PENALTY & INTEREST: This revenue source includes penalty and interest charged on past due taxes. Penalties of 5% are applied on all unpaid current taxes on the tax due date and August 2 each year. Interest is applied on all taxes in arrears (one year past due) and all delinquent taxes (two years past due). The revenue is forecast based on past trends and any significant events affecting properties in this category.

RENTALS OF CITY PROPERTY: The City has a number of bare land leases and a few improved property leases. The lease revenue is calculated using the rates included in lease documents as well as historical maintenance costs.

INTERNAL EQUIPMENT RENTALS: This revenue item represents the difference between equipment operating expenditures and the amount expended to operations via equipment charge-out (rental) rates. The revenue generated is meant to cover depreciation or obsolescence and is transferred annually to the Machinery Replacement Reserve where it is held and used to replace equipment and vehicles as required.

MISCELLANEOUS INCOME: This revenue includes a number of revenues that can not be classified within another revenue category. These revenues included such things as grants, sale of history books, sale of assets and towing contract revenues. The budget estimates are calculated using trend analysis modified for factors that the City is aware of.

INTEREST INCOME: This represents interest earned on surplus funds in the General Operating Fund. The estimate is based on a similar cash flow and cash level as the previous year, and uses a projected 1.70% interest rate for 2017.

REVENUE FROM OTHER SOURCES DESCRIPTIONS

GRANTS IN LIEU OF TAXES:

Federal/Provincial Government

All senior levels of government are exempted from paying property taxes on the annual assessment role. Both levels of Government, however, do recognize that the respective properties do cause a demand for municipal services provided through property taxation. As a result a grant in lieu is paid to the City. Provincial Grants are equal to full taxes and are estimated in that manner. Federal Grants are based on a deemed property valuation which does not provide a grant equal to full taxes, and the revenue stream is forecast accordingly.

Utility Companies

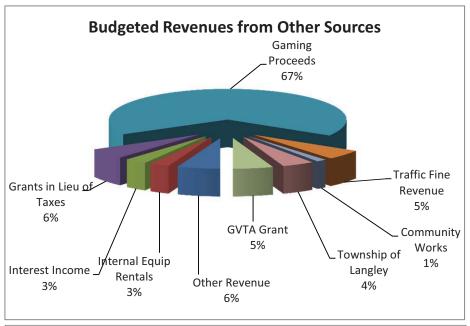

Utility companies do not pay municipal taxes on the value of their transmission lines or other equipment and structures, except buildings. In lieu of taxes, they pay a grant calculated at 1% of the utility revenue generated within the City during the previous year. These revenues are reported to the City and budget estimates are based on reported revenues.

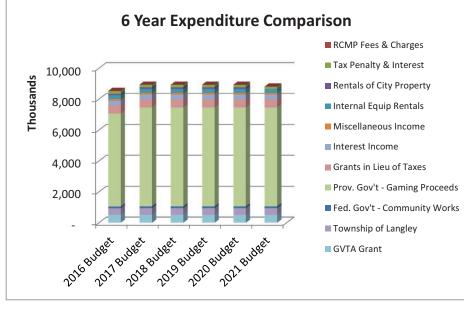

PROVINCE OF BC: This majority of this revenue is the City's portion of Casino Gaming Revenues which has been estimated using the actual payments received last year. This budget also consists of the local government's share of traffic fine revenues generated by the Province of BC. Budget estimates are based on the prior year's grant level until notification of the grant amount is received in the spring of the budget year. Finally this budget include the 2% hotel tax which was implemented in 2005 and is transferred to Langley Tourism.

FEDERAL GOVERNMENT: This revenue represents funds received from the Government of Canada in relation to the Gas Tax Agreement for Community Works. These funds are transferred to reserves for capital investment.

TOWNSHIP OF LANGLEY: This revenue represents funds received from the Township of Langley under the Langley Youth and Family Services cost sharing agreement, the Emergency Planning service agreement and the RCMP building cost sharing agreement. Budget estimates are based on these agreements and budgeted expediture increases.

GVTA GRANT: This revenue represents the GVTA's grant to the City for the annual maintenance of Major Municipal Network Roads. The grant is based on the lane kilometers of Major Municipal Network Roads.

LEGISLATIVE

<u>Program Description:</u> This program accounts for all expenses associated with the direct activities of City Council. City Council, made up of the Mayor and six Councillors, represents the citizens by providing community leadership in serving as the legislative and policy making body of municipal government. This program also contains the Enterprise funding and Community Grants which are funded solely by gaming proceeds.

<u>Output:</u> City Council holds approximately 25 Council meetings a year, about every two weeks at Langley City Hall. Elected representatives from City Council represent the City of Langley on many regional and provincial boards and committees. Council also attend many community meetings and events, workshops and policy meetings throughout the year.

CITY ADMINISTRATION

<u>Program Description:</u> The primary responsibilities of this program are to lead the overall conduct of the City in pursuing the City's goals and objectives, the provision of advice to City Council and serving the will of City Council. To safekeep and preserve meeting minutes, bylaws, civic agreements and other related official documents. Administer responsibilities under the Freedom of Information and Protection of Privacy Act. To plan and coordinate official civic functions, visits and events. Prepare agenda packages for meetings of Council, standing and special committees. Record meeting proceedings. Prepare and supervise the conduct of general local elections, referenda and by-elections. To provide human resource advice and support to City staff.

Output: To plan, lead, and direct the overall business affairs and activities of the City in accordance with Council's directions, together with various bylaws, policies and statutory requirements. Provide advice, assistance and recommendations to City Council and assist in formulating long term goals and objectives. Provide advice, direction and policy interpretation to staff. Sustain a highly motivated organization. Implement policies and procedures. Provide administrative services to City Council, its committees and boards and is responsible for the statutory requirements in the Community Charter. Prepare the schedule, minutes, and agenda for Council meetings. Respond to FOI requests and other Council correspondance.

FINANCE AND CORPORATE SERVICES

<u>Program Description:</u> This program supplies all of the City's accounting and financial management requirements which include payroll, accounts payable, tax/utility billing & collection, cost control reporting, financial reporting, cash management and the annual budget preparation. The department also provides reception and switchboard functions. This program has funding allocated for supplies and services to support the functioning of clerical and management staff for the City's entire operation.

Output: Corporate accounting and financial policies. Compiling and reporting biweekly, quarterly, annual, ad-hoc and statutory financial information. Manage the wages and benefits of the city's employees and ensure payment every second week. Process supplier payments on a weekly basis. Effectively manage the billing, collection and management of taxes, utilities and all other fees & charges for the City's property folios. The main source of expenditure is Personnel & Benefits which includes the following positions: Director of Corporate Services, Deputy Director of Corporate Services, Manager of Revenue and Business Systems, Intermediate Accountant, Tax Clerk, Payroll Clerk, A/P Clerk as well as P/T staff relief for vacations and the tax collection period.

INFORMATION TECHNOLOGY

<u>Program Description:</u> This program provides for the support and maintenance of the City's information technology. This program includes an IT Managaer as well as an IT Support Technician. A substantial portion of this budget also provides funding for annual software and service provider contracts.

Output: To supply IT services to the staff of the City to assist them in accomplishing organizational objectives. Ensure that City data is secure from outside threat, in a virus-free environment, is backed-up and there are plans for failure or disaster. Provide reliable, high-performance computer systems that enable City staff to perform their job functions efficiently. Train staff so they can take advantage of new functionality or a new application, or whenever there is an expressed need to learn more. Ensure that information is easily accessed by City staff while maintaining proper information security. Constantly improve the City's network infrastructure and keep hardware and software up-to-date. Enhance information and service delivery to the public through the Internet.

POLICING SERVICES

RCMP DETACHMENT OPERATIONS

<u>Program Description:</u> This budget item provides for RCMP support staff in the form of administration, clerical and jail guards and the related office costs associated to these functions. It also provides maintenance to the RCMP building. These services are all performed in partnership with the Township of Langley and as of September 1, 2007 these costs are shared based on formulas of 25% of the polulation and 75% of the 5 year rolling average of crime statistics. The City also pays an additional 8% administration charge to the Township for administering this function.

RCMP POLICING CONTRACT

<u>Program Description:</u> Police service for the City is provided by the Royal Canadian Mounted Police. This program is to provide a feeling of security to the citizens of Langley; through the proper management of available resources and with the support of the community as a whole, by the protection of life and property, the apprehension of criminals and crime prevention.

Output: The budget provides for a total contract strength to 51.35 members. It also includes a share in the Integrated Homicide Investigation Team (IHIT), Emergency Response Team and Forensics/Traffic Reconstructionist/Dog Patrol. The RCMP uphold the principles of the Canadian Charter of Rights & Freedoms and provide a professional standard of service. The City currently budgets for 3.3 member vacancies based on historical trends, this results in a budget reduction of approximately \$500,000. There is also a \$30,000 provision for a Community Liason position to work with social service agencies and oversee the implementation of the Homelessness Strategic Plan and Community Crime Prevention Strategic Plan.

COMMUNITY POLICE OFFICE

<u>Program Description:</u> The purpose of the Community Police Office is to bring the police closer to the community making it more convenient for citizens to report incidents and it promotes the development of a closer police community relationship which is consistant with the RCMP's committment to community policing. It also allows the community to play an active role in policing the community through involvement in various volunteer programs.

<u>Output:</u> Community Policing is about preventing crime. RCMP members work interactively with the community to mutually identify and resolve community problems. This budget provides for the funding of a Information Officer at the CPO to coordinate volunteers and liase between the public and RCMP. The Community Police Office is open between 8:30am & 4:30pm Monday to Friday at the office located at 20408 Douglas Crescent.

Fire Rescue Service

Cost Centre Description:

Our First Response Team consists of twenty (20) staff who maintain shift coverage of four firefighters on duty twenty-four hours per day. This First Response Team backed up by a compliment of twenty-four paid-on-call firefighters provides for a five minute response time to any fire or medical emergency anywhere within the City of Langley boundaries.

In addition to our Emergency Response Programs, we have a Public Education and Fire Prevention Program under the direction of our Fire Prevention Officer. The FPO and our on-duty crews are out each and every day inspecting retail, commercial and industrial businesses within the City of Langley to ensure that when you enter into those premises as a customer or an employee, that you are operating under a fire safe environment. We also inspect all multi-family residential buildings to ensure safety for residents and visitors.

FIRE ADMINISTRATION

<u>Program Description:</u> Fire Administration is responsible for administration and technical planning, organizing and directing fire fighting, fire prevention and fire fighter training. Other responsibilities include providing initial human resources support in hiring and promotions, budgeting for annual and future requirements, and managing the day to day response of the department. Management is also responsible for maintaining a functional fire fighting team consisting of career and Paid-on-call staff.

<u>Output:</u> The main source of expenditure for fire management is Personnel & Benefits which includes the following positions: Fire Chief, Depuy Fire Chief, Asst Fire Chief and an Administrative Assistant. Training is held as needed with both the Fire Chief and Deputy Fire Chief involved in GVRD and Provincial focus groups to stay current.

FIRE SUPPRESSION

<u>Program Description:</u> The suppression crews are responsible for providing an efficient and timely response to emergencies for residents of the City of Langley. In addition to fire suppression, these crews assist with pre-hospital emergencies, and maintain an aggressive fire inspection program of local commercial and retail businesses. This program includes career staff wages and benefits as well as paid-on-call training and alarm responses. Also included are the annual costs for dispatching by the Surrey Fire Dept.

Output: Service is provided by 4 crews which provide fire suppression service 24 hours a day 7 days a week. Crews work 2 days 2 nights. Each crew consists of 5 firefighters which provide the necessary requirements to do daily inspections, public safety lectures, train on shift to approved national standards. These firefighters respond to every emergency type and provide a 24 hrs day/ 7 days a week service to the community.

PREVENTION & EDUCATION

<u>Program Description:</u> This program provides funding for all fire prevention and public education programs; these include: inspections, school programs, community days, fire prevention week activities, and juvenile fire setter programs; the education component provides funding for developing standards, purchase of manuals and audio- visual training aids, administering exams and funding seminars. This program also provides for the Training.

Output: Program provides funding for one fire prevention officer Monday to Friday 8:30 - 4:30. Visits each Langley city school twice a year to conduct fire drills, safety lectures and teach children how to deal with fire. The Fire Prevention Officer conducts safety lectures to strata coucils, apartment blocks and the general public. This program and its materials give the Langley Firefighters a visable presence in the community and are found present at most community events.

LANGLEY YOUTH & FAMILY SERVICES

<u>Program Description:</u> The service is supplied to assist the RCMP in attempting to minimize the entry of youth into the criminal justice system. The mandate of the service is to: coordinate efforts between police, schools and other agencies; provide education and counseling to parents to gain control of their children; provide training and assistance to RCMP members to improve their effectiveness in deal with juveniles and family problems; assist in developing community programs to facilitate crime prevention; work with the school district to identify pre-delinquent behavior; in conjunction with the RCMP Crime Prevention Unit, set up programs aimed at crime prevention.

<u>Output:</u> This service has approximately 600 clients with 2000 client visits for counselling services made each year. The budget includes approximately 7,000 hours of counselling services.

Engineering Operations

Cost Centre Description:

The Engineering and Operations Department is responsible for the 'hidden' services that we have all come to rely on as part of our daily lives, whether at work or play. We strive to ensure that our infrastructure is planned and upgraded appropriately and timely to meet the current and future demands of the City; ensure that the roads and sidewalks are maintained in a safe condition to drive and walk on; ensure that our streetlights and traffic signals are properly maintained for safety and traffic flow reasons; ensure that the streets are swept regularly to remove dirt and debris; and ensure that the signage and lane markings are maintained to provide accurate and direct guidance to all road users.

COMMON SERVICES

<u>Program Description:</u> This program provides engineering administration and management for various functions and activities within the Engineering and Operations Department.

<u>Output:</u> Provides office management and support services including record keeping, and work order controls. Performs survey work and inspection services, prepares engineering studies, ensures City maps are accurate and up to date, prepares conceptual designs and cost estimates for projects, performs capital project management, provides engineering review for all building and rezoning applications and permits.

OPERATIONS CENTRE

<u>Program Description:</u> To provide for the day to day cost of operating the Operations Centre including the cost of the Buyer/Storeskeeper and partial salaries of management and shop labour. Also included in this program are ancillary costs such as hydro, gas, telephone, janitorial services, and supplies.

<u>Output:</u> The Operations Centre provides an area to store the maintenance machinery, some water and sewer appurtenances, road salt and sand, and construction aggregate materials, all of which form an essential part of the overall maintenance of the city.

ROAD & PARKING MAINT.

<u>Program Description:</u> The Road and Parking Maintenance Program includes the maintenance of the road network and parking lot areas to ensure the safe and effective movement of traffic within our city.

<u>Output:</u> To ensure vehicles can operate safely while travelling within the city it is necessary for all roads to be structurally sound and free of defects. Some of the strategies that contribute to the road maintenance program include pot-hole repairs, crack sealing, lane grading, shoulder grading, shoulder gravelling, slot grinding and patching, and milling and paving. As well as addressing safety concerns a soundly designed road and parking lot maintenance program can extend the useful service life of some of the pavements, thus delaying capital costs needed for replacement.

BOULEVARD MAINTENANCE

<u>Program Description:</u> The Boulevard Maintenance Program includes the removal of debris, unwanted vegetation, filling of depressions, repairs to curbs and gutters, and suppression of dust.

<u>Output:</u> Routine maintenance to boulevards contributes to the overall aesthetic appearance of the city and sets an example for our businesses and residents to follow. Addressing specific shortcomings within the boulevards demonstrates due diligence on our part respecting claims from accidents.

SNOW REMOVAL

<u>Program Description:</u> The Snow Removal Program includes the salting and sanding of every street within the city during a snow event. As well as ensuring our residents can move safely within the city it also demonstrates our commitment to them to provide a level of service that is superior to the other lower mainland municipalities.

<u>Output:</u> The intent of the Snow Removal Program is to keep the snow from preventing our residents from the free and safe movement within our city.

STREET SWEEPING

<u>Program Description:</u> The Street Sweeping Program, which includes the sweeping of the primary streets in the downtown core 3 days per week, the sweeping of the secondary streets such as 200th and 208th every 10 days, the sweeping of the residential streets on a semi-annual basis, the collection of litter, and the emptying of the garbage containers contributes to the overall aesthetic appearance of the city. A regular sweeping program also shows that we are being diligent with respect to eliminating some of the possible causes of accidents. As well, because the sweeper operates on an early morning shift it allows us to be aware of and react to conditions such as ice and snow or infrastructure failure prior to the morning rush.

Output: To ensure the streets are clean, free of debris, the garbage bins are emptied routinely, and litter is picked up on a daily basis.

MAJOR MUNICIPAL ROADS

<u>Program Description:</u> Some of the services included in the Major Municipal Roads Program are road milling and paving, asphalt patching, snow removal, boulevard maintenance, curb and gutter repairs, crack sealing, minor bridge repairs, and repairs to sidewalks. Roads included in the program include 200 St, Fraser Hwy (Municipal border to 200ST), Fraser Hwy (Langley Bypass to Municipal border), portions of Mufford Crescent and the 204 St Overpass. Funding to maintain these roads is provided from Translink based on lane Km.

Output: An effective maintenance program will help ensure the safe and effective movement of pedestrian, pedestrian handicapped, and vehicle traffic throughout the city.

TRAFFIC SERVICES

<u>Program Description:</u> The Traffic Services Program includes the maintenance of all traffic control devices, street signs, lane marking, curb painting, and crosswalk marking. The proper operation of traffic control devices enables traffic to travel within the city in a safe and expeditious manner. Signs are maintained to ensure they properly display information and are visible in all weather conditions. Curb marking is routinely repainted to discourage parking in front of fire hydrants or in proximity to stop signs. Routine crosswalk marking painting is required to facilitate the safe crossing of roads by pedestrians.

<u>Output:</u> To enable the safe and effective movement of vehicular, pedestrian, and pedestrian handicapped traffic throughout the city.

LANDFILL MONITORING

<u>Program Description:</u> The city is required to monitor the groundwater leachage levels from the old landfill site. It is tested monthly for organic constituents, dissolved metals, inorganic nonmetallics, and trace metals. Although the samples are collected and submitted by city staff the testing is conducted by a private laboratory.

Output: To meet the Provincial requirements the Landfill Monitoring program is essential to our operation.

PLANNING, INSPECTION, LICENCING

<u>Program Description:</u> This program supplies services related to the planning and development of the City. The program's activities are directed in four main areas: Community Planning; Building Inspection, Permits and Licenses, Economic Development.

Output: The Department is responsible for providing professional planning advice to Council including the preparation of the Official Community Plan (OCP) and other planning policy documents. The Department is also responsible for processing a variety of development applications to ensure effective land-use planning and conformance with regulatory bylaws, policies and legislation, including: OCP Amendments, Zoning Bylaw Amendments, Development Permits, Development Variance Permits, Subdivisions, Land Use Contract Amendments, Building Permits, Plumbing Permits and Sign Permits. In addition, the Department is responsible for Business Licensing to ensure compliance with City bylaws as well as provincial standards and legislation. Finally, the Department is responsible for economic development activities including partnering with local businesses in promotional initiatives.

TOURISM LANGLEY

<u>Program Description:</u> This program provides the funding for an annual allocation to Tourism Langley which was endorsed by Langley City Council and came into effect September 1, 2007.

<u>Output:</u> Tourism Langley will focus on the tactics and implementation plan initiatives articulated in the Tourism Langley Plan. The City of Langley's commitment to fund the new Tourism Langley organization is limited to reallocating the revenue from the City's 2% Hotel Tax Revenue and starting in 2008 the funding which was being provided to the Greater Langley Chamber of Commerce was reallocated towards the Langley Tourism Plan.

Solid Waste

City of Langley 2017 Financial Plan

Cost Centre Description:

The City strives to provide reliable bi-weekly garbage and weekly curbside green wate collection and disposal services to the residents of the City. The curbside greenwaste collection program offers our residents an environmental friendly alternative to dispose their greenwaste while reducing the cost of garbage disposal. The City also provides 4 large items to be picked up throughout the year.

GARBAGE COLLECTION

<u>Program Description:</u> Provision for City contractors to collect garbage from the City's residential users on a bi-weekly basis and green watse collection on a weekly basis. This program also provides funding for the large item pickup available to residences up to 4 times per year. *In previous years, green waste collection and disposal was included in the Recycling budget, starting in 2015 it is included with Garbage Collection.*

<u>Output:</u> To maintain garbage collection for approximately 3450 single family homes on a two can/bag limit every two weeks. Residential Strata units and Commercial users are responsible for their own garbage disposal.

Recreation, Culture & Community Services

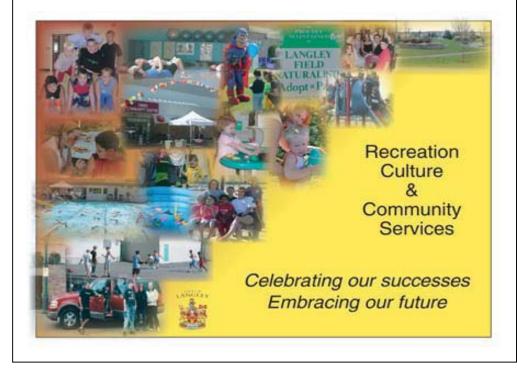

Cost Centre Description:

The Recreation, Culture and Community Services Department strives to provide leisure opportunities for all the citizens of the City; to encourage community pride; to promote a sense of community belonging; to promote a sense of self-worth; to encourage family development; and to develop healthy lifestyles through active living and healthy life choices. We strive to create unique and enjoyable programs in as wide a range of activities as possible.

LANGLEY CITY LIBRARY

<u>Program Description:</u> This program supplies City residents with all their library services which includes the facility, book/material borrowing, reference material, computer access, library programs, meeting rooms and concession. Library service is contracted through the FVRL (Fraser Valley Regional Library) which allows City residents to access books from the entire region instead of being limited to only the content within the individual library.

<u>Output:</u> Facility is open 7 days a week. Hours of operation are Monday to Thursday 9am to 9pm; Friday 9am to 5pm; Saturday 10am to 5pm; and Sunday 1pm to 5pm. Approximately 300,000 books are borrowed on an annual basis with about 200,000 visits to the library each year. Since the Library resides in the same building as City Hall, the costs for maintenance and operations are proportionately shared based on floor area.

Parks Operations

Cost Centre Description:

The Parks Operations Division strives to provide a high quality of playing condition at our sportsfields for all park users; create an visually attractive environment at our parks with abundance and well-designed floral and landscape displays; maintain our natural trail systems in a safe and welcoming condition; develop play structures at our parks that promote social, physical fitness, and creativity opportunities for children; and develop community pride. We strive to create an environment in our park systems that promote active living and participation.

Sewerage & Drainage Fund

2017-2021 Financial Plan

SEWER & DRAINAGE FUND

The sewer user rate structure in 2017 will increase by 6.1% or \$0.06/CM. The sewer rate increase is to offset an increased allocation of administrative costs from the general fund, additional sewerage treatment fees and increment the annual transfer to reserves for future capital expenditures. Future years volume based rates for 2018-2021 are estimated to increase at \$0.05 annually.

The consumption based charge will increase to \$1.04 per cubic meter (based on 80% of water consumption) and the flat fee will also increase to \$75. Sewerage and Drainage rates are designed to attain a user pay system by charging customers for their actual use. The average total cost for a Single Family Home in 2017 will be \$349.56 (an increase of \$40.84 over 2016), and \$233.08 (an increase of \$34.02 over 2016) for a Strata Dwelling.

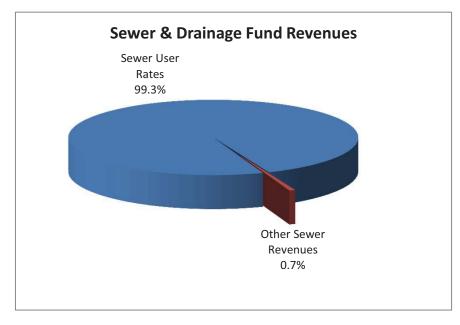

Other Sewer revenues consist of Interest Income from investments as well as a proportionate share of interest and penalties which have been generated from outstanding taxes.

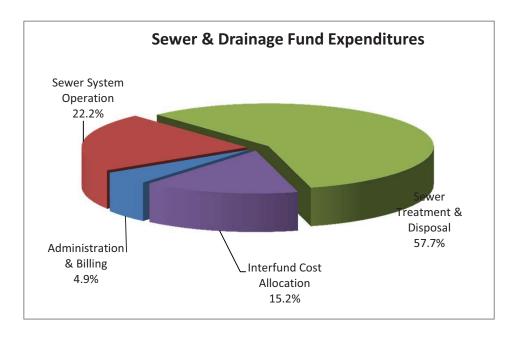

An annual levy from the GVS&DD for sewer treatment and disposal, accounts for over 61.5% of the expenditures in this fund. The GVS&DD has increased this levy by \$130,120 (7.4%) in 2017. The plan presented allows additional increases in the next four years of 3% annually for upgrades and improvements to treatment facilities.

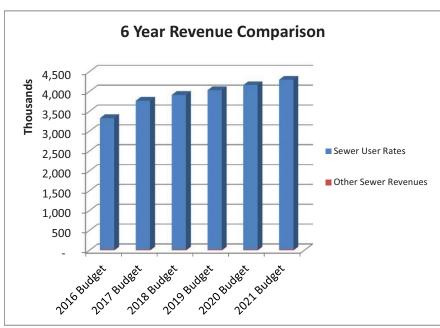

Fiscal Services includes an annual "Interfund Cost Allocation" which is an allocation of expenses from the General Fund for Administration, Payroll, Purchasing, Customer Services, General Office Services, Insurance and claims.

ADMINISTRATION & BILLING

Program Description: Costs are for the provision of the following services: Administration of Sewerage & Drainage maintenance, Billing and Collection.

<u>Output:</u> The primary expenditure in this program is Personnel costs. These costs are associated with administering the mantenance of the sewer system, and other costs associated with billing and collection of sewerage revenues.

SEWER SYSTEM OPERATION

<u>Program Description:</u> Provides for the maintenance and repair of the community's sanitary sewer and drainage systems. Services include sanitary sewer flushing of mains, repairing plugged services, locating and adjusting manholes, repairing sanitary and drainage mains and manholes. There is also regular monitoring of the amount of flow in the sanitary sewer system to determine if there is an inflow and infiltration problem in the system.

<u>Output:</u> To maintain the drainage, storm sewer and santitary sewer system to remove impediments in order to operate effectively during peak demand and flood conditions. To maintain our four sanitary lift stations that form a key part of our sanitary sewerage distribution system. These stations convey liquid waste from some of the lower lying areas within the city, through a series of pumps, to the Greater Vancouver Sewer & Drainage District transmission mains. Regular maintenance to the pumps and other components of the lift station is required to minimize the threat of sanitary backups to businesses and residences in these areas.

SEWER TREATMENT & DISPOSAL

<u>Program Description:</u> The City's sanitary discharge is dumped to the Annasis Island treatment plant, which is operated by the GVS&DD. An annual levy is charged by the GVS&DD to recover the operating cost for the treatment plant. The GVS&DD will be starting to meter the actual sanitary discharge from the City, therefore the annual levy will be phased out over the next five years and the City will be charged on actual discharge volume.

Water Fund

2017-2021 Financial Plan

WATER FUND

Water fees are made up of two components, a flat fee and a volume based fee. Volume is based on the property's metered water consumption, which is then billed on a annual basis for most residential properties and low consumption commercial properties. The consumption based charge will remain constant in 2017 however the flat fee will be increasing to \$75. Future years volume based rates for 2018-2021 are estimated to increase at \$0.03 annually.

The flat rate increase is to offset an increased allocation of administrative costs from the general fund, increase in the GVWD water rates and an increases in wages and supplies.

Water rates are designed to attain a user pay system by charging customers for their actual use. The average total cost for a Single Family Home in 2017 will be \$457.80(an increase of \$25.00 over 2016), and \$295.33 (an increase of \$25.00 over 2016) for a Strata Dwelling.

Commercial Water usage is also metered, but is billed on a bi-monthly basis instead of annually. If the bi-monthly bill is paid before the discount date the rates are comparable to residential rates, otherwise they are 10% higher.

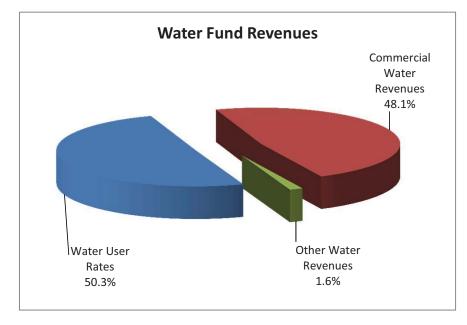

Other Water revenues consist of Interest Income from investments as well as a proportionate share of interest and penalties which have been generated from outstanding taxes. Also included is a recovery fee for the maintenance and operation of fire hydrants.

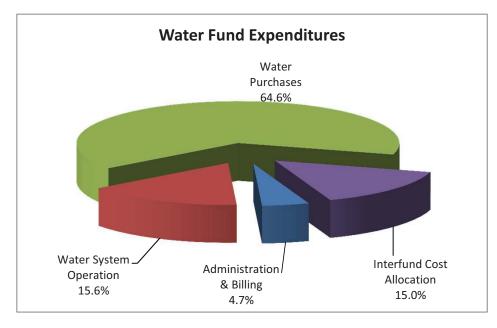

Fiscal Services includes an annual "Interfund Cost Allocation" which is an allocation of expenses from the General Fund for Administration, Payroll, Purchasing, Customer Services, General Office Services, Insurance and claims.

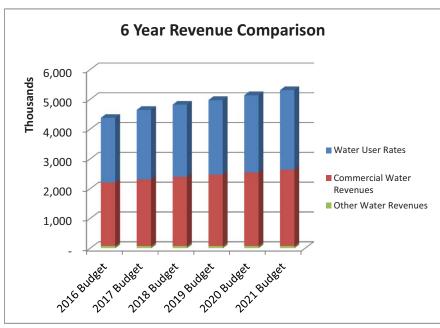

The GVWD has indicated that there will be increases in water costs over the next 5 years to allow for improved water filtration, the plan presented includes an increase of 1.1% in rates for 2017. The water purchase cost of \$2.6 million makes up 68.4% of the expenditures in the water fund. The plan presented allows additional increases in the next four years (2018-2021) of 3.0% annually.

351 WATER FUND

ADMINISTRATION & BILLING

<u>Program Description:</u> This program provides funding for Administration, as well as billing and collections of the City's water system. Provision for reading residential water meters once a year and reading commercial water meters once every two months. Water meter reading and maintenance is currently contracted to Neptune Technologies Inc.

Output: Water consumption is broken down into two categories, Residential and Commercial. Residential is currently read once a year and is billed on the annual property tax notice. Commercial accounts are read and billed on a bi-monthly basis. This program's main expenditure is for Wages & Benefits which includes a proportion of the Director of Engineering and the Manager of Engineering Operations.

WATER SYSTEM OPERATION

<u>Program Description:</u> To ensure proper operation of all facets of the water distribution system by undertaking a detailed maintenance program including: water mains, fire hydrants, line and lateral valves, PRV's, reservoir, pumps, backflow preventers, water meteres and air valves.

Output: To provide excellent quality water to residents of the City; adhere to requirements set out in the Drinking Water Protection Act; and to extend the useful life of distribution infrastructure. To ensure the supply of potable water to the residents is uninterrupted and the quality is safe for consumption. To maintain fire hydrants and line valves annually. Water mains require flushing at least once per year to remove biodeposits that can negatively affect water quality and provide a growth medium for harmful micro-organisms in the event they are introduced into the system. PRVs require maintenance to ensure system pressures do not fluctuate excessively. Maintain reservoir and pump stations to provide water storage, additional supply and pressure during peak demand.

WATER PURCHASES

<u>Program Description:</u> The City purchases water from the GVWD (Greater Vancouver Water District) for all residential, industrial, commercial, and institutional properties. The City's water consumption is measured by a single meter from the GVWD and is billed on a monthly basis.

<u>Output:</u> All water is purchased from the GVWD to supply the residents of Langley. The City maintains a water reservoir to ensure supply of water to City residents in the case of any temporary stoppage in supply from the GVWD.

Casino Proceeds

Tax rate effect if debt is repaid over 20 years through MFA at 3% interest

	Projects	Annual	Principal	To	tal Annual	Property Tax
	Completed	Interest	Repayment	Re	epayment	Effect
Previous year Projects	\$ 54,191,724	\$ 1,625,752	\$ 2,016,783	\$	3,642,535	14.84%
2017 projects	9,178,735	275,362	341,593		616,955	2.51%
	\$ 63,370,459	\$ 1,901,114	\$ 2,358,376	\$	4,259,490	17.35%

Every \$1 in debt generates another \$0.60 in interest cost over 20 years. So if we borrow \$10 million today we will repay \$16 million in interest and principal over the next 20 years. If we avoid the debt by using casino proceeds today (as per the policy) we will have an additional \$6 million available for infrastructure renewal.

		Budget	
Item Project Name	Description	Amount	Financial Plan Impacts
General Government Services Projects			
GG1 IT Computer Workstation Upgrade	Workstations are replaced after five years of service.	30,000	None.
GG2 IT Computer Server & IT Infrastructure Ups	graServers are replaced after five years of service.	80,000	None.
GG3 Office Equipment Replacement	Ongoing office equipment replacements.	15,000	None.
GG4 Photopcopier Replacement	Replace the a number of photocopiers that are over 7 years old.	20,000	Reduction in ongoing maintenance costs.
GG5 Website Upgrade	Improve the website's information architecture for to enhance the way in information is organized, the labeling, navigation and search systems.	30,000	Reduced staff time to maintain the system.
GG6 IT Software Upgrades	Upgrade our Microsoft Office 2010 licenses to the latest version of the software. This software is used by most staff for word processing, spreadsheets and presentations. Microsoft Office integrates with our document management and other systems so we need to remain compatible.	30,000	None.
GG7 IT Tempest Prospero eApply	This program allows citizens and businesses to apply, pay fees and monitor the status of their permit and applications online providing enhanced customer service 24 x 7.	18,000	The system should free up staff time as more citizens and businesses use self-service online. There will be annual software maintenance costs of \$2,000 per year.
GG8 Corporate Communication Strategy	Develop a comprehensive, detailed strategic document that is designed to guide the communications of the organization for 3-4 years which would align with the new Strategic Plan.	25,000	None.
GG9 City Brand Implementation	The City is undertaking a rebranding exercise in 2016 and the new brand will require funds to implement for vehicle decals, clothing, signage, etc.	40,000	None.
GG10 City Hall Lighting Replacement	Replace pot lights to LED	10,000	Some reduction in power consumption
GG11 City Hall Carpet Replacement	Replace 10,000 sq ft of carpet tiles in the City Hall areas showing signs of wear.	70,000	None.

2017 Capital Improvement Plan

			Budget	
Item	Project Name	Description	Amount	Financial Plan Impacts
GG12 City Hall	HVAC	To resolve air heating and cooling issues in City Hall	10,000	Reduced staff time to maintain the system.
GG13 City Hall	Storage	To provide a maintenance workshop space in the underground parkade	15,000	None.
GG14 City Hall	landscaping by old front entrance	To repurpose and landscape area in front of the City Hall that use to be the main entrance converting it to a fire exit only.	350,000	None.
GG15 Property	Acquisition	Purchase of strategic properties throughout the City.	500,000	Properties may become exempt from taxation due to municipal ownership and therefore reduce taxation revenue.
GG16 Bylaw Ve	Phicle	Replace Bylaw vehicle	25,000	Operating and maintenance costs will reduce with new vehicles.

Item	Project Name	,	Budget	
	,	Description	Amount	Financial Plan Impacts
Engi	neering Projects			
E1	Equipment Replacement	Replace Unit #223 2006 Backhoe (\$275K), Unit #243 2009 Chev Van (\$75K), a 1994 Hotsy Pressure Washer (\$12K), Snow & Ice Equipment for Dump Truck (\$25K), Boulevard Mower (\$10K), Dump Truck Trailer (\$50K), Unit #275 cab enclosure (\$6K)	443,000 No	one.
E2	Road Rehabilitation	Rehabilitate Roads and pavement to acceptable standards.	the	emedial work to deteriorated roads will extend e life of the roads and will reduce significant ad reconstruction costs in the future.
E3	Misc Property Purchase	To provide funding for possible future land acquisition and development	50,000 No	one.
E4	Pedestrian Facilities (DCC-R014)	Includes the procurement of land and construction activities associated with providing sidewalk, offstreet multi-use pathways. Includes Accessibility Improvements and Bus stop Accessibility, Additional sidewalk priorities from Master Transportation Plan.	350,000 No	one.
E5	Transit Support Measures (DCC-R012)	Install concrete bus landing pads at various locations throughout the City	75,000 No	one.
E6	Bicycle Facilities (DCC-R013)	Includes the procurement of land and construction activities associated with providing bicycle lanes, shared lanes, bicycle storage facilities.		arginal incremental maintenance costs will be quired in future years.
E7	Traffic Calming	Install traffic calming measures at school zone sites throughout the City. (50 Ave, 198 St, 207 St, Michaud Crescent)		arginal incremental maintenance costs will be quired in future years.
E8	Street Light Replacement	Continued upgrade street lights throughout the City.	100,000 No	one.
E9	LED Lighting Fixture Replacement Program	Upgrade existing street lights to new energy efficient LED bulbs.	fre co	perating costs should be reduced due to less equent maintenance and reduced power nsumption.
E10	Banner Replacement	Replace banners on a scheduled cyclical plan	8,000 No	one.

Item	Project Name	CATITAL IMPROVEMENT FLAN-PROJECT DET	Budget	
		Description	Amount	Financial Plan Impacts
	56 Ave, Glover Rd to Langley Bypass Douglas Crescent, 204 St to 208 St	Road rehabilitation in conjunction with AC water main replacement and AC Sanitary Sewer upgrades. Road rehabilitation and streetscape improvements in conjunction with AC water main replacement	1,500,000	Current maintenance cost to maintain this road will be reallocated to maintain other deteriorating roads. Current maintenance cost to maintain this road will be reallocated to maintain other
E13	200 St Bridge Deck replacement Bridge to 50 A	and some storm sewer upgrades. Subject to successful award of senior level of government grant funding. Reconstruct Bridge Deck to extend its usefull life, as well as, road reconstruction from the bridge to 50	1,450,000	deteriorating roads. Current maintenance cost to maintain this road will be reallocated to maintain other
		Ave (southbound lanes only). Project would be in conjunction with AC watermain replacement.	1	deteriorating roads.
E14	Fraser Hwy: Langley Bypass to Landmark Wa	Road rehabilitation in conjunction with water main upgrades.		Current maintenance cost to maintain this road will be reallocated to maintain other deteriorating roads.
E15	46A Ave Sidewalk	Install sidewalks on 46A Ave from 208 St to 204A St.	193,000	Marginal incremental maintenance costs will be required in future years.
E16	Retaining Wall rehabilitation	Rehabilitate or replace retaining walls as recommended in the 2015 Retaining Wall Assessment Report. Includes walls 4, (\$6,500), 5A (\$38,000), 5B (\$71,000), 10 (\$31,000), 16 (\$17,000), 37 (\$14,500)	200,000	Remedial work to deteriorated walls will extend the life of the walls and will reduce significant wall reconstruction costs in the future.
E17	Fraser Hwy, 204 St to 206 St - Concept Plan	Prepare conceptual design and public consultation for road, utility and streetscape improvements	200,000	None.
E18	Grade Crescent Planning	Grade cresc from 200 St to 208 St	75,000	None.
E19	Traffic Signal 62 Ave / 203 St (Twp) Design	City's share of traffic signal design at 62 Ave and 203 St and left turn lanes		Current maintenance cost to maintain this signal will be reallocated to maintain other signals.
E20	Crosswalk Improvements 208 St & 50A Ave	Design and construct crosswalk improvements to improve pedestrian safety.		Incremental increase in maintenance costs will be required in future years.
E21	Crosswalk Improvements 54 Ave & 204 St	Design and construct crosswalk improvements to	100,000	Incremental increase in maintenance costs will
E22	Boulevard Treatment Upgrade	improve pedestrian safety. To remove old vegetation and replace with top soil and sod to improve appearance and make maintenance easier.		be required in future years. An operating request will accompany this.

Item	Project Name		Budget	
		Description	Amount	Financial Plan Impacts
E23	Operation Centre Improvements	Replace windows with broken seals, flooring in men's washroom and change room areas. Paving the Parks Operation yard and complete the walkthrough connection between the buildings.	150,000 N	None.
E24	Pedestrian Walkways	Rehabilitate neighbourhood walkways	W	Current maintenance cost to maintain these valkways will be reallocated to maintain other valkways
E25	Asset Management Implementation	Software solution to assist staff in asset management, infrastructure replacement planning and workflow management.	\$3	Depending on the software system selected a 30,000 operating budget would be required in uture years.
E26	Yellow Curb Paint Removal	Removal of faded yellow curb throughout the City to reduce confusion with parking signage and improve appearance.	25,000 N	None.
E27	Welcome to Langley Sign Refurbishing	Recondition signs by rewrapping them after the branding exercise is completed. The current signs are faded and vandalized.		Current maintenance cost to maintain these igns will be reallocated to maintain other signs
E28	2 Streetlights on Park Ave	\$8000 transfer from special bonds (developer provided cash for future LED streetlights)	fr	Operating costs should be reduced due to less requent maintenance and reduced power onsumption.
E29	Document Scanning	To archive old drawings for long term storage of engineering plans.	10,000 N	
E30	Traffic Signal Upgrade	Traffic signal equipment has a best practise life expectancy - 12 years for the cabinet and controller and 25 years for the signal heads, poles and wiring.		Current maintenance cost to maintain this signal will be reallocated to maintain other signals.
E31	Accessibility Improvements	Construct wheelchair curb letdowns to facilitate access.		Marginal incremental maintenance costs will be equired in future years.
E32	Salt Lane sidewalk and trees	Update streetscape to current downtown standards and plant new trees with irrigation and receptacles.	200,000 C	Current maintenance cost to maintain the brick idewalks will be reallocated to maintain other idewalks.
E33	Michaud Greenway Concept Development	Develop concept design for future construction of greenway on Michaud Crescent.	75,000 N	Jone.

Item	Project Name		Budget	
		Description	Amount	Financial Plan Impacts
E34	Production Way	Road reconstuction including ditch infill, widening, sidewalks and streetlights in conjunction with AC water main replacement and some sanitary/storm sewer upgrades. This area has high redevelopment potential and should be considered a beautification project. This project may develope into a LASP pending results of the petition.	2,500,000	Maintenance costs will be increased with the addition of streetlighting, sidewalks, and drainage components.
E35	Fraser Hwy 204 St to 206 St Streetscape	Conceptual design and public consultation for road, utility and screetscape improvements.	1,450,000	Current maintenance cost to maintain this road will be reallocated to maintain other deteriorating roads.
E36	Fraser Hwy 204 St to 206 St Hydro Undergrou	u Undergrounding of the BC Hydro power lines would be subject to 1/3 grant funding from BC Hydro.	2,145,000	None.
E37	200 St: 44 Ave to 50 Ave (E)	Road rehabilitation in conjunction with AC water main replacement and add left turn lanes	1,936,000	Current maintenance cost to maintain this road will be reallocated to maintain other deteriorating roads.
E38	55A Ave: 200 St to 201A St	Road rehabilitation in conjunction with AC water main replacement.	181,775	Current maintenance cost to maintain this road will be reallocated to maintain other deteriorating roads.
E39	Grade Crescent, 200 St to 208 St (DCC-R004)	Reconstruct to a collector road standard including sidewalks (\$350K) and bicycle lanes (\$200K)	3,900,465	Current maintenance cost to maintain this road will be reallocated to maintain other deteriorating roads.
E40	198 St: 53 Ave to 56 Ave	Road rehabilitation in conjunction with AC water main replacement and AC sanitary sewer replacement.	294,445	Current maintenance cost to maintain this road will be reallocated to maintain other deteriorating roads.
E41	Industrial Ave, 201A St to 203 St	Road rehabilitation in conjunction with AC water main replacement.	189,285	Current maintenance cost to maintain this road will be reallocated to maintain other deteriorating roads.
E42	49 Ave, 196 St (Border) to 200 St	Road rehabilitation in conjunction with AC water main replacement.	203,700	Current maintenance cost to maintain this road will be reallocated to maintain other deteriorating roads.

Deve	elopment Services Projects			
DS1	Scanning Building Development Plans	To archive old drawings for long term storage of building development plans.	10,000 None.	
DS2	Office Furniture	To reconfigure the office space to better accommodate the work functions of the staff in the Development Services area.	5,000 None.	
DS3	Economic Develop Strategy Implementation	To implement priorities emanating from the 2016 Economic Development Strategy and Business Recruitment and Retention Strategy.	25,000 None.	
DS4	Destination Marketing Campaign	Emanating from the Business Recruitment and Retention Strategy prepare a focused marketing strategy to specialty retail destination businesses	10,000 None.	
DS5	Land Use Contract Termination	As part of a renewal of land use regulations including a new zoning bylaw, the City is preparing to terminate all land use contracts affecting 546 properties. Additional legal fees are anticipated in the bylaw preparation and procedures for notice and adoption.	10,000 None.	
DS6	Rapid Transit Station Guideway Design	Undertake a preliminary urban design for the proposed rapid transit station area and alignments to engage in Translink's planning process.	10,000 None.	
DS7	Sign Bylaw Update	Update the Sign Byalw	35,000 None.	
DS8	Building Inspector Electric Vehicle	Replace unit 219 - Smart Car		ehicles will reduce vehicle charge out pproximately \$5,000 per year.
DS9	Senior/Age Friendly Community Initiative	In an age-friendly community, policies, services and structures related to the physical and social environment are designed to help seniors age actively. In other words, the community is set up to help seniors live safely, enjoy good health and stay involved.	40,000 None.	

2017 Capital Improvement Plan

DS10	Child/Youth Friendly	Community Initiative	In an child	& youth-friendly	community,

policies, services and structures related to the physical and social environment are designed with children and youth in mind.

DS11 Affordable Housing Strategy Update

The existing Affordable Housing Strategy was prepared in 2009. The purpose of the update strategy is to guide decision making around affordable housing over the next ten years and to consider the potential loss of rental housing units and the City's role to support affordable housing initiatives.

			Budget					
Item	Project Name	Description	Amount	Financial Plan Impacts				
Sewe	er & Drainage Utility Projects							
S1	Sewer Replacements - Various Locations (DCC-S020)	Small capacity upgrade to the sewer system in various locations.	100,000	Operating and maintenance costs will reduce with repairs of identified defects in the sewer system.				
S2	48 Ave & 202 St Culvert rehabilitation	Design and construction of a new culvert that is in need or replacement. Also necessary to provide road widening to accommodate bike lanes.	500,000	Operating and maintenance costs will reduce with repairs of identified defects in the sewer system.				
S3	48 Ave Sewer 208 St to 210 St	Replace sewer due to deteriorating condition and potential capacity issues.	370,000	Operating and maintenance costs will reduce with repairs of identified defects in the sanitary sewer system.				
S4	56 Ave, Glover Rd to Langley Bypass	Replace existing AC sewer main to reduce risk, as it has reached the end of its useful life. In conjunction with water upgrades.	800,000	Operating and maintenance costs will reduce with repairs of identified defects in the sewer system.				
S5	Douglas Crescent, 204 St to 208 St	Replace existing AC sewer main to reduce risk, as it has reached the end of its useful life. In conjunction with water upgrades.	1,035,000	Operating and maintenance costs will reduce with repairs of identified defects in the sewer system.				
S6	Langley Bypass Culverts (Logan Creek)	Capacity upgrade to provide local sewerage for the residents as identified in sewer model.	150,000	Operating and maintenance costs will reduce with repairs of identified defects in the sewer system.				
S7	Brydon Lagoon - Diversify shoreline		10,000	None.				
		Lengthen the shoreline by diversify plantings. Budget is to complete a design and complete a cost estimate to implement in future years.	,					
S8	50 Ave & 201A St. Culvert rehabilitation	To upgrade culvert on 50 Ave and 201A St.	300,000	Operating and maintenance costs will reduce with repairs of identified defects in the sanitary sewer system.				
S9	Baldi Creek Culvert Replacement	To upgrade culverts on Baldi creek at 53 Ave for capacity and condition. (add to S7)	300,000	Operating and maintenance costs will reduce with repairs of identified defects in the storm sewer system.				
S10	Reline Storm under railway Fraser Hwy & Prod	Installing a CIPP reline, cure in place pipe to rehabilitate the storm sewer pipe running under the railway crossing on Fraser Highway just west of Production Way.	250,000	Remedial work to will extend the life of the storm sewer and will reduce significant reconstruction costs in the future.				

2017 Capital Improvement Plan

The	During Mana	Description	Budget	E'
Item	Project Name	Description	Amount	Financial Plan Impacts
S11	Large Diameter Culvert Cleaning & Inspection	To clean and inspect large diameter culverts in the City creek system to identify defects and reduce flood risk.		Operating and maintenance costs will reduce with repairs of identified defects in the storm sewer system.
S12	Sewer Model Update	Current model is outdated as a result of significant upgrades and diversions. Will prioritize upgrades, ensure adequate capacity is provided and confirm that areas that have been diverted no longer need upgrades.	30,000	Will prioritize projects and ensure they are planned accordingy.
S13	Langley Bypass Culverts (Logan Creek)	To replace two existing culverts that are deteriorating under the Langley Bypass at Logan creek.	1,500,000	None.
S14	Brydon Lagoon Habitat Features	Implement floating islands to promote resting/nesting areas for birds.	50,000	None.
S15	Production Way	Capacity upgrade to provide local sewerage for the residents as identified in sewer model.	425,000	Operating and maintenance costs will reduce with repairs of identified defects in the storm sewer system.
S16	Fraser Hwy Sewer Replacement - 204 St to 208 St	Replace existing AC sewer main to reduce risk, as it has reached the end of its useful life. In conjunction with water upgrades.	510,000	•
S17	Brydon Lagoon divert run off	Complete a study to confirm if and how storm water can be diverted to the lagoon and assess impacts to surrounding area	10,000	None.
S18	Brydon Lagoon Viewing Platform	8	100,000	None.
		To construct a wooden walkway/viewing platform along the perimeter trail to improve views around and within the lagoon		
S19	Old Yale Lift Station (DCC-S024)	To upgrade the sewer to provide local sewerage for the residents.	223,500	Operating and maintenance costs will reduce with repairs of identified defects in the sewer system.
S20	Brydon Lagoon replace invasive with native species	Remove invasive plant species and replace with native species.	50,000	None.
S21	200 Street: 49 Ave to 50 Ave (DCC-S007)	Capacity upgrade to provide local sewerage for the residents as identified in sewer model.	839,025	Operating and maintenance costs will reduce with repairs of identified defects in the sewer system.

	•			
W1	Water Meter Replacement Program	To replace aging water meters that read the water consumption inaccurately.	25,000	Water consumption charges to consumers may increase with more accurate reading ability.
W2	Eliminate Pipe Twinning	Certain areas have two sets of pipes in the same roadway. To reduce the amount of maintenance the City will switch some of the services from the duplicate pipe and decommission this pipe to reduce the ongoing maintenance costs and potential for leaks.	200,000	Reduce on-going maintenance cost.
W3	Cast Iron & AC Watermain Replacements	Replace existing water main identified in water model to enhance pressure and/or fire flow.	150,000	Reduce on-going maintenance cost as well as repair cost associated with potential broken water main.
W4	Replace SCADA System	Replace SCADA system that remotely monitors and controls the water reservoir and pump stations	150,000	None.
W5	56 Ave, Glover Rd to Langley Bypass	Replace existing AC water main to reduce risk, as it has reached the end of its useful life. In conjunction with sanitary sewer replacement.	800,000	Reduce on-going maintenance cost as well as repair cost associated with potential broken water main.
W6	Douglas Crescent, 204 St to 208 St	Replace existing AC water main to reduce risk, as it has reached the end of its useful life. In conjunction with sanitary sewer replacement.	500,000	Reduce on-going maintenance cost as well as repair cost associated with potential broken water main.
W7	200 St: 50 Ave to Bridge	Replace existing AC water main to reduce risk, as it has reached the end of its useful life. In conjunction with sanitary sewer replacement.	350,000	Reduce on-going maintenance cost as well as repair cost associated with potential broken water main.
W8	Fraser Hwy: Langley Bypass to Landmark (DC	1	273,490	Reduce on-going maintenance cost as well as repair cost associated with potential broken water main.

Department

GLOSSARY

Accounting Principles	A set of generally accepted principles for administering accounting activities and regulating financial reporting. These principles comply with Generally Accepted Accounting Principles for British Columbia municipalities.
Accrual Accounting	An accounting method where revenues are recognized in the accounting period in which they are earned and expenses are recognized in the period in which they are incurred.
Assessed Value	The value calculated for each parcel of real property using appraisal criteria established by the B.C.A.A. Each property reflects market prices of the land and its improvements and recognizes any change of use. These values are the basis of levying property taxes.
B.C. Assessment Authority	(BCAA) This provincial agency is assigned to appraise and evaluate all real property within British Columbia.
Capital Expenditure	An appropriation of funds for a capital improvement project or asset. These are non-operating expenditures to acquire assets which will have a useful life greater than one year.
Capital Improvement Program	(CIP) An annual program of capital expenditures. The program identifies the project and the source of funding.
Cash Basis	An accounting method where transactions are only recognized when cash is received or dispersed.
Community Police Office	(CPO) This service assists in bringing policing closer to the community providing a local positive presence, and added convenience to residents.
CUPE	The Canadian Union of Public Employees.
_	

Development Cost Charges A fee imposed on new development to assist in the funding of future off site services (infrastructure) which is

A budgeted City activity directed by a department head.

needed, in part, by that new development.

415 GLOSSARY

GLOSSARY

E-Comm An organization that provides emergency communication services for all public service agency in southwestern

British Columbia.

Encumbrances An expenditure which has been committed, but is unpaid. The recording of encumbrances identifies all financial

obligations and it assists control of the annual budget.

Emergency Social Services (ESS) Emergency Social Services is a provincial emergency response program. ESS are those services required to

preserve the well-being of people affected by an emergency or disaster.

Expenditures The cost of goods and services received for both the regular City operations and the capital programs.

F.T.E. Full time equivalent staffing positions.

Financial Plan

Under Sec 165 & 166 of the Community Charter, Council must adopt a five year financial plan, by bylaw and

before the annual property tax bylaw is adopted. The plan must identify expenditures, funding sources and fund

transfers.

Fraser Valley Regional

Library

(FVRL) A regional board which provides library services to the Cty and other member communities in the Fraser

Valley.

Fund A fiscal entity of self balancing accounts used by governments to control common financial activities.

Fund Balance The amount that assets exceed the liabilities in an operating capital, reserve or trust fund.

General Fund The primary operating fund used to account for most of the City's financial resources and obligations.

GIS An abbreviation for Geographical Information System.

Goals Are broad statements of direction. They identify ongoing community needs and the approach taken by the City

and departments to manage or satisfy those needs.

GLOSSARY

Grant	A financial contribution to or from governments.
Greater Vancouver Regional District	(GVRD) A regional district entity responsible for coordinating common and jointly funded regional member services.
Greater Vancouver Transporation Authority	(GVTA) The regional government agency, also known as "Translink", responsible for Coordinating and operating public transit in the lower mainland of British Columbia.
Greater Vancouver Water District	(GVWD) A regional disrict entity repsonsible for coordinating common and jointly funded sewerage district member services
IAFF	The International Association of Fire Fighters
Municipal Insurance Association	(MIA) A non-profit insurance co-operative, founded by the Union of British Columbia Municipalities, which pools the common risks of its members for their mutual advantage by maintaining the liability insurance coverage needed for financial security, stabilizing liability insurance costs and providing risk management education to assist members in preventing claims.
Langley Youth and Family Services	(LYFS) This service is supplies to help minimize the entry of youth into the criminal justice system by providing counselling and support.
Local Government Act	Legislation of the province for adminstering and regulating the activites of municipalities within British Columbia.
Municipal Finance Authority	(MFA) A provincial agency created to coordinate all of the long term borrowing requirements of British Columbia
Objective	Is a specific or well-defined task or target that is measurable and achieble within a set period of time.
Operating Budget	An annual expenditure plan for performing the every day service programs and activities of the City.

417 GLOSSARY

GLOSSARY

PSAAB The public Sector Accounting & Auditing Board

R.C.M.P. Royal Canadian Mounted Police.

Reserves Discretionary funds established to pay for specific projects.

Revenues Sources of income received by the City. They include property taxes, fees, grants, permits and licenses, fines,

grants, interest, etc.

Sewer Utility A self funding utility that provides sanitary sewage services to properties in the City. Properties are charged

based on 80% of their metered water consumption.

Tax Rates The annual charges for levying property taxes to properties within the City. These rates are applies against each

\$1,000.00 of assessed value.

Union of British Columbia

Municpalities

(UBCM) An organization of British Columbia municipalities with lobbies Federal and Provincial Governments

to initiate legislative changes that will benefit the member communities.

Water Utility A self funding utility that supplies water services to properties in the City. All City properties are metered for

their water consumption and accordingly charged.

LANGLEY

EXPLANATORY NOTE

WATERWORKS REGULATION BYLAW, 2004, No. 2550, AMENDMENT No. 19 BYLAW, 2017

BYLAW NO. 3012

The purpose of Bylaw No. 3012 is to increase the water user rate structure in 2017 by increasing the flat rate portion by \$25 and decrease the consumption charge by \$0.01/CM. This overall increase is to offset the increase in the GVWD rate reflecting the continued water quality improvement capital projects, as well as increases in City wages and supplies.

The consumption based charge will decrease to \$1.16 per cubic meter and the flat fee will increase to \$75.00. Water rates are designed to attain a user pay system by charging customers for their actual use. The average total cost for a Single Family Home in 2017 will be \$457.80 (an increase of \$25.00 over 2016), and \$295.33 (an increase of \$25.00 over 2016) for a Strata Dwelling.

WATERWORKS REGULATION BYLAW, 2004, No. 2550, AMENDMENT No. 19 BYLAW, 2017

BYLAW No. 3012

A Bylaw to amend the Waterworks Regulation Bylaw.

The Council of the City of Langley, in open meeting assembled, enacts as follows:

Title

1. This bylaw may be cited as the "Waterworks Regulation Bylaw, 2004, No. 2550, Amendment No.19 Bylaw, 2017, No. 3012".

Amendments

(1) By deleting Schedule "A" – Waterworks Bylaw and replacing it with the attached Schedule "A" – Waterworks Bylaw, attached to and forming part of this bylaw.

READ A FIRST, SECOND AND THIRD TIME this thirtieth day of January, 2017. ADOPTED this.

MAYOR	

SCHEDULE "A" - WATERWORKS BYLAW

CLASS OF CONSUMER	<u>RATE</u>
(a) <u>Low-volume Consumer</u>	
(i) A per annum flat rate per dwelling unit of plus a	\$75.00
volumetric rate of per cubic metre of water consumed as determined by using consumption in the previous year for the premise owned or occupied by the consumer.	\$1.16
(ii) If a new premise is being charged the volumetric rate will be determined by the Collector having regard to similar premises and historical water consumption.	
(b) <u>High-volume Consumer</u>	
(i) A bi-monthly flat rate of plus a	\$13.89
volumetric rate of per cubic metre of water consumed in the past two months.	\$1.29
(ii) The minimum charge payable by a high-volume consumer is per two-month period.	\$13.89

EXPLANATORY NOTE

SANITARY SEWER AND STORM SEWER RATES AND REGULATION BYLAW, AMENDMENT NO. 15

BYLAW No. 3013

The purpose of Bylaw No. 3013 is to accommodate the sewer user rate structure in 2017 to decrease the consumption charge by \$0.02/CM and increase the flat rate portion by \$25. This increase is to offset the increase in the GVS&DD levy for 2017, as well as increases in wages and supplies. A \$0.03/CM provision to increase the transfer to reserves has been included to be used to replace aging infrastructure.

The consumption based charge will decrease to \$1.04 per cubic meter (based on 80 % of water consumption) and the flat fee will increase to \$75.00. Sewerage and Drainage rates are designed to attain a user pay system by charging customers for their actual use. The average total cost for a Single Family Home in 2017 will be \$349.56 (an increase of \$40.84 over 2016), and \$233.08 (an increase of \$34.02 over 2016) for a Strata Dwelling.

SANITARY SEWER AND STORM SEWER RATES AND REGULATION BYLAW, AMENDMENT NO. 15

BYLAW NO. 3013

A Bylaw to amend the Sanitary Sewer and Storm Sewer Rates Regulation Bylaw, 2003, No. 2494

The Council of the City of Langley, in open meeting assembled, enacts as follows:

- 1. The "Sanitary Sewer and Storm Sewer Rates and Regulation Bylaw, 2003, No. 2494, and any amendments are hereby amended by deleting Schedule "A" Rates—and inserting the Schedule "A"—Rates, attached to and forming part of this bylaw.
- 2. This Bylaw may be cited for all purposes as the "Sanitary Sewer and Storm Sewer Rates and Regulation Bylaw, 2003, No. 2494, Amendment No. 15 Bylaw, 2017, No. 3013".

READ A FIRST, SECOND AND THIRD TIME this thirtieth day of January, 2017 ADOPTED this.

MAYOR	

SANITARY SEWER AND STORM SEWER RATES

SCHEDULE "A" – Rates

1. Consumption Rates

Annual Low Volume Consumer Rates

- 1.1 To all low volume consumers with annual billings, the following charges apply:
 - (a) \$75.00 per dwelling unit per annum; plus
 - (b) a consumption charge of \$1.04 per cubic metre based on eighty percent (80%) of the water consumption used during the previous twelve months.
 - 1.1.1 As an exception to section 1.1 of this Schedule, Township of Langley residential units are charged \$382.84 per unit when no consumption data is available.

Annual High Volume Consumer Rates

- 1.2 To all high volume consumers with annual billings, the following charges apply:
 - (a) \$75.00 per dwelling unit per annum; plus
 - (b) a consumption charge of \$1.04 per cubic metre based on eighty percent (80%) of the water consumption used during the previous twelve months.
 - 1.2.1 For the purposes of billing high volume consumer use to the Township of Langley under any existing sewer use agreements, section 1.2 of this Schedule will apply.
 - 1.2.3 As an exception to section 1.2 of this Schedule, in cases where water consumption data is not available for the Township of Langley, then the billings will be calculated using consumption data from like units in the City of Langley as determined by the Collector.

Bi-monthly High Volume Consumer Rates

- 1.3 To all high volume consumers who are listed in Schedule B, the following charges will apply:
 - (a) \$13.89 per dwelling unit every two months; plus
 - (b) a consumption charge of \$1.16 per cubic metre based on eighty percent (80%) of the water consumption used during the previous two months.

2. Deposits

a) Sanitary and Storm Sewer Service Connection Deposits

A deposit, to be determined by an estimate, will be required for each sanitary or storm sewer connection, prior to installation.

b) Culvert Deposits

A deposit, to be determined by an estimate, will be required for each culvert, prior to installation.

c) Disconnection Deposit

A deposit, to be determined by an estimate, will be required for each sanitary or storm sewer disconnection, prior to disconnection.

3. Re-inspection Rate

The rate will be \$55.00 per re-inspection.

4. Call out Rate

The rate will be \$75.00 per call out.

5. Abatement Program Rate

The rate will be \$55.00 per application.

6. Penalty Interest Rate

The rate will be as the same interest rate charged in the Tax Penalty Addition Bylaw, 1983, No. 1267 and its amendments.

REPORT TO COUNCIL

To: Mayor Schaffer and Councillors

Subject UBCM Motion – Varied Taxation Rate for Report #: 17-007

the Residential Class

File#: 1950.00

From: Darrin Leite, CPA, CA
Director of Corporate Services

Doc#: 137976

Date: January 23, 2017

RECOMMENDATION:

1. THAT City Council endorse the following resolution regarding varied taxation rate for the residential class:

WHEREAS the Province of British Columbia through the BC Assessment Act – Prescribed Classes of Property Regulation B.C. Reg. 438/81 specifies that there is one assessment class for all types of residential properties and the Community Charter outlines that a municipal bylaw to establish the property value taxes each year under section 197 (3) specifies there is a single rate for each property class;

AND WHEREAS the assessed value of the multifamily strata units are remaining constant and the single family residential properties are increasing at an accelerated rate causing a greater share of the property value taxes generated in the residential class to be borne by the single family residential properties;

THEREFORE BE IT RESOLVED that the Province of British Columbia amend the BC Assessment Act and the Community Charter to allow the residential class to be split into two distinct residential classes so that a different rate may be applied to each type of residential property to more equitably share the tax burden between the single family residential properties and the multifamily residential strata properties.

2. THAT the Varied Taxation Rate for the Residential Class resolution be submitted to the LMLGA to be considered by its members at the 2017 LMLGA Convention.

Date: January 23, 2017

Subject: UBCM Motion – Varied Taxation Rate for the Residential Class

Page 2

PURPOSE:

To seek Council's support of a resolution to be forwarded to UBCM asking the Provincial Government to allow two property tax rates for the residential property class.

POLICY:

None.

COMMENTS/ANALYSIS:

The City of Langley's residential property class is comprised of 63% multifamily residential strata units compared to 37% of the housing stock categorized as single family residential properties. In the last four years, the assessed value of multifamily strata units have either decreased or increased at a slower pace than single family home assessments which have been increasing dramatically.

Average S	ingle	Family Re	side	ntial

Subject: UBCM Motion – Varied Taxation Rate for the Residential Class

Page 3

The Province of British Columbia specifies in both the BC Assessment Act and the Community Charter that there is only one residential class and that there is only one rate that municipalities can apply to the residential class. In 2017, this has resulted in multifamily strata unit property value taxes, decreasing on average (\$20) or (2.77%) however, for single family residential properties, property value taxes are increasing on average \$105 or 5.34%. In the last four years, the average single family residential properties has seen an increase in taxation of \$314 but the average strata dwelling decreased \$83 over the same period.

If the residential property class was split into two separate classes the municipality could adjust the rate for the multifamily strata properties to ensure these properties contribute their proportional share of the tax increase required in any given year.

In the above example, with two varied taxation residential class rates, the multifamily strata unit's property value tax would increase \$11 or 1.39% whereas the single family residential property would only increase \$17 or 0.90%. These increases are sharing the tax burden more equitably between the two types of residential properties.

2017	Single I	Family	Multifamily Strata			
	\$ Inc	% Inc	\$ Inc	% Inc		
Same Tax Rate	\$104.62	5.34%	(\$ 20.46)	(2.77%)		
Varied Tax Rate	\$ 17.19	0.90%	\$ 10.84	1.39%		

BUDGET IMPLICATIONS:

None.

ALTERNATIVES:

Council could alter the motion or choose to not support the motion.

Respectfully Submitted,

REPORT TO COUNCIL

To: Mayor Schaffer and Councillors

Subject UBCM Resolution on Sprinklers for 4-Storey Report #: 17-013

Balconies

File #: 7202.00 Thompson Doc #: 144968

From: Rory Thompson

Fire Chief

Date: February 2, 2017

RECOMMENDATION:

THAT City Council endorse the following resolution to be submitted to the Union of British Columbia Municipalities for consideration:

WHEREAS in 2016 the Province of British Columbia has suffered numerous large loss fires in 4-storey wood frame multi-residential buildings that could have been mitigated by the installation of sprinklers on balconies;

AND WHEREAS the British Columbia Building Code is based on the National Building Code with modifications specific to BC and that the National Building Code (2015) requires the installation of sprinklers on balconies of 4-storey buildings;

THEREFORE BE IT RESOLVED that the Minister Responsible for Housing immediately issue a Ministerial Order requiring the installation of sprinklers on the balconies of all new wood frame 4-storey multi-residential buildings.

PURPOSE:

The purpose of this report is to request that City Council submit a resolution to the Union of B.C. Municipalities supporting the requirement to install sprinklers on the balconies of all new wood frame 4-storey multi-residential buildings. This position is supported by the Fire Chief's Association of B.C.

Date: February 2, 2017

COMMENTS/ANALYSIS:

Since 2007, Langley City Fire Rescue Service has responded to 80 apartment fires. These fires collectively resulted in one fatality, 11 injuries and \$ 14,673,250 in property and content loss. Of these apartment fires, 16 were fires on apartment balconies where the fire department had to take direct action to extinguish. Of the 16 balcony fires, 11 were caused by improper disposal of smoker's material. Langley City's latest multi-residential fire at the 4-storey Paddington Station condominium on December 11, 2016 resulted in \$14 million in damage and 86 units being out of service for up to 2 years.

Langley is not the only municipality to experience large loss apartment fires this past year. Burnaby, Coquitlam, North Vancouver, Surrey, and White Rock all experienced large multi-residential fires in 2016. The White Rock apartment fire on May 15, 2016 heavily damaged a 60 unit building leaving 100 people homeless. The Surrey apartment fire on August 21, 2016 heavily damaged a 4-storey, 77-unit building also leaving 100 people homeless. Similar to Langley City, the Surrey fire was caused by improper disposal of smoking material on a balcony. It was Surrey's third major apartment fire in three years.

Wood frame apartment buildings are vulnerable when it comes to balcony fires. A fire on a balcony that ignites flammable siding can easily spread upwards to the balcony ceiling. That too is often constructed of a flammable material. Once it penetrates the balcony ceiling, the fire is directly into the attic space. The B.C. Building Code does not require fire separations between the ceiling of the top floor balconies and attic spaces.

Most apartment roofs are constructed using light-weight truss construction. While light and relatively inexpensive, these trusses will start to fail after 5 to 10 minutes of flame exposure. Collapse of the roof structure quickly follows. Once fires spread to the attic space, they are very difficult to control. In the Paddington Station fire, firefighters had the balcony fire knocked down from the exterior within 5 minutes of arrival. However, the first attack team into the apartment of origin reported heavy fire conditions already in the attic space. Sprinklers on the balconies would have prevented this tragedy.

Date: February 2, 2017

Subject: UBCM Resolution on Sprinklers for 4-Storey Balconies

Page 3

Fire protection requirements in wood frame multi-residential apartment blocks vary depending on building size and construction. Typically, 3-storey wood-frame apartment blocks require no sprinklers. Apartment buildings that are 4-storey wood frame construction require sprinklers in the corridors and apartment units. Those apartments that are 5 and 6-storey wood-frame construction also require sprinklers on balconies and in the attic space.

Surrey Fire Chief Len Garis and Dr. Joseph Clare² analyzed data contained in fire reports provided by the B.C. Office of the Fire Commissioner for multi-residential buildings where the area of origin was a balcony. They had the following observations:

- Overall, 9.7% of the multi-residential building fires originated from an outside area (either the exterior balcony or court/patio/terrace area).
- The damage associated with outside fires was 2.4 times greater than the average loss associated with all other multi-residential structure fires.

Garis and Clare further point out that:

"There is a clear indication that there is a vulnerability associated with fires that commence on the exterior of multi-residential buildings, in relation to all other fires. The analysis revealed that, relative to the remainder of the multi-residential structure fires examined, fires that commence on the building exterior were:

- a) 5.5 times less likely to activate a smoke alarm and 1.4 times more likely to require visual sighting or some other means of personal detection.
- b) 1.5 times more likely to require the fire department to apply water and 1.5 times more likely to have been controlled by makeshift firefighting aids.
- c) 3.3 times less likely to have burned out on their own, 5.4 times less likely to have been controlled by the removal or shut-off of the fuel supply and 3.5 times less likely to have been controlled by sprinkler systems.

² Len Garis & Dr. Joseph Clare (2013). Fires that Commence on Balconies of Multi-Residential Buildings. Abbotsford, BC: University of the Fraser Valley, School of Criminology & Criminal Justice.

¹ Six-storey wood frame construction was approved in BC in 2009

Date: February 2, 2017

Subject: UBCM Resolution on Sprinklers for 4-Storey Balconies

Page 4

d) 1.1 times less likely to be contained to at least the room of origin of the fire, 1.9 times more likely to extend as far as the building of origin, and 4.1 times more likely to extend beyond the property of origin.

The installation of sprinklers on apartment balconies greatly reduces the possibility of balcony fires spreading upwards into the attic space.

B.C. participates in the national code development system. Codes in our province are based on the National Codes of Canada with some modifications specific to B.C. When the B.C. Building code is updated, the code changes typically reflect the current requirements found in the National Building Code. As of 2015, the National Building Code requires sprinklers on the balconies of 4-storey apartment buildings.

The Minister Responsible for Housing has announced the government's intention to include the requirement for sprinklers on the balconies of 4-storey wood frame apartment buildings when the B.C. Building Code is next updated. Representatives from the Provincial Building and Safety Standards Branch have advised that that the code will be updated in the next year or two. However, the Minister has the power though a Ministerial Order to require this change to be effective immediately. The implementation of new sprinkler requirements would only apply to new construction and would not apply retroactively to existing buildings or buildings currently under construction.

BUDGET IMPLICATIONS:

Not applicable.

ALTERNATIVES:

That City Council decline to submit the UBCM Resolution on Sprinklers for 4-Storey Balconies.
