MINUTES OF A REGULAR COUNCIL MEETING

Monday, October 15, 2018 7:00 p.m. Council Chambers, Langley City Hall 20399 Douglas Crescent

- Present: Mayor Schaffer Councillor Albrecht Councillor Arnold Councillor Martin Councillor Pachal Councillor Storteboom Councillor van den Broek
- Staff Present: F. Cheung, Chief Administrative Officer R. Bomhof, Director of Engineering, Parks and Environment K. Hilton, Director of Recreation, Culture and Community Services D. Leite, Director of Corporate Services G. Minchuk, Director of Development Services and Economic Development K. Kenney, Corporate Officer

1. ADOPTION OF AGENDA

a. Adoption of the October 15, 2018 Regular Agenda

MOVED BY Councillor Albrecht SECONDED BY Councillor Storteboom

THAT the October 15, 2018 agenda be adopted as circulated.

<u>CARRIED</u>

2. ADOPTION OF THE MINUTES

a. Regular Meeting Minutes from September 24, 2018

MOVED BY Councillor Albrecht SECONDED BY Councillor van den Broek

THAT the minutes of the regular meeting held on September 24, 2018 be adopted as circulated.

b. Special (Pre-Closed) Meeting Minutes from September 24, 2018

MOVED BY Councillor Albrecht SECONDED BY Councillor Storteboom

THAT the minutes of the special (pre-closed) meeting held on September 24, 2018 be adopted as circulated.

CARRIED

c. Public Hearing Meeting Minutes from September 24, 2018

MOVED BY Councillor Arnold SECONDED BY Councillor Storteboom

THAT the minutes of the Public Hearing meeting held on September 24, 2018 be adopted as circulated.

<u>CARRIED</u>

3. BUSINESS ARISING FROM PUBLIC HEARING

a. Bylaw 3088 - Official Community Plan Amendment Bylaw

Third reading of a bylaw amend the Official Community Plan Bylaw in order to incorporate provisions for a new seniors care district on Old Yale Road

MOVED BY Councillor Pachal SECONDED BY Councillor van den Broek

THAT the bylaw cited as the "City of Langley Official Community Plan Bylaw, 2005, No. 2600, Amendment No. 9, 2018, No. 3088" be read a third time.

BEFORE THE QUESTION WAS CALLED staff responded to questions from Council, advising that:

- This project will not be included in the Nexus vision document as this project will precede the Nexus project;
- following the close of a public hearing, Council cannot receive further input from the public on the OCP or Zoning Bylaw that was the subject of the public hearing and cannot receive information from staff that would affect density or land use of the project.

THE QUESTION WAS CALLED and the motion was

<u>CARRIED</u>

Councillors Albrecht, Martin opposed

 Bylaw 3067 - Zoning Amendment Bylaw and Development Permit No. 07-18

Third reading of a bylaw to rezone the properties located at 20964, 20974, 20980, 21016, 21024 Old Yale Road from RS1 Single Family Residential Zone and the P2 Private Institutional/Recreation Zone to CD59 - Comprehensive Development Zone to accommodate a 292-unit seniors-oriented institutional and housing development consisting of a 28-bed long term care facility, 169 assisted living (congregate housing) units and 95 seniors-oriented multifamily residential units

MOVED BY Councillor van den Broek SECONDED BY Councillor Arnold

THAT the bylaw cited as the "Zoning Bylaw 2996, No. 2100 Amendment No. 150, 2018, No. 3067" be read a third time.

BEFORE THE QUESTION WAS CALLED

In response to questions and concerns raised by Council, staff advised that:

- the City's policy in dealing with an environmentally sensitive areas requires an independent qualified environmental professional to determine through consultation with the Ministry of Environment what the setback will be. As part of that process a detailed methodology has to be presented to and approved by the Ministry of Environment before a determination is made on any setback issue that relates to the environmentally sensitive area. Accordingly, through that process, involving a habitat biologist representing both the developer and the Ministry, a determination was made and established and approved by the Ministry of Environment;
- the subject property is located within the floodplain and as such is required to comply with the City's Floodplain Elevation Bylaw. Through a process involving the developer's civil engineer and the City's Engineering Department, a determination was made on the minimum building elevation that has to be adhered to to comply with the City's Floodplain Elevation Bylaw.

Mr. Billard further advised that the height is 9.13 m, which is 1.3 m higher than the existing elevation.

- Staff will be consulting with the ALC to discuss what, if any impacts will result because of this project
- Staff received comments back from TransLink on how the City can work with TransLink to enhance transit service to that area;

Mr. Billard advised that the developer is looking into the possibilities of providing affordable housing as part of the development

• the Development Permit and the Rezoning Bylaw could be dealt with separately if Council wished to deal with the building form and character separate and distinct from the re-zoning and land use issues;

Mayor Ted Schaffer advised that as Acting Chair of the Advisory Planning Commission, that the Commission reviewed and unanimously approved this application.

THE QUESTION WAS CALLED and the motion was

<u>CARRIED</u>

Councillors Albrecht, Martin and Storteboom opposed

4. <u>COMMUNITY SPOTLIGHTS</u>

a. Langley Emergency Program - BC Earthquake "Shake Out" Exercise

Ginger Sherlock, Emergency Program Coordinator introduced Brian Godlonton, Deputy Fire Chief and provided a presentation on Langley Shake Out Drill:

- showed video produced by the City of Vancouver entitled "Are you Prepared for and Earthquake";
- advised that Fact Sheets are available at ShakeOutBC.ca;
- advised of 2018 activities for learning about earthquakes and preparedness;
- advised Thursday Oct 18 at 10:18 am is the BC Earthquake Shake Out Exercise.

5. <u>MAYOR'S REPORT</u>

- a. Upcoming General Local Election October 20, 2018
- b. Upcoming Meetings

Regular Council Meeting – October 29, 2018 Inaugural Council Meeting – November 5, 2018

b. Metro Vancouver Update - Councillor Storteboom

In response to growing concerns about global warming and the need for responsible environmental stewardship, Metro Vancouver established the Climate Action Committee in 2014. Much has been learned and accomplished over the past 4 years including the recently drafted Ecological Health Framework. This celebrated report is intended to provide

> a lens for how Metro municipalities can view policy and procedure, moving forward, with an emphasis on environmental awareness. The Ecological Health Framework will be used to measure management goals, the health of local ecosystems and our progress toward to Climate 2050 strategies with annual reports to the Committee and the Metro Vancouver Board of Directors. Please check out the Metro Vancouver website at the end of this month to view the approved report.

> It has been an honour to have served as Langley City's Metro Vancouver Representative to the Metro Vancouver Board of Directors since being unanimously approved by Council in 2014. Thank you for affording me this learning experience of a lifetime.

On Wednesday, the Metro Board will meet for a Budget Workshop and again for a regularly scheduled meeting after the General Election.

In closing, I offer my best wishes for success to all candidates who choose service above self for a better Langley City and Metro Vancouver Region.

c. Engineering Update

Rick Bomhof, Director of Engineering, Parks and Environment provided an update on departmental activities as follows:

Projects

•

- Brydon Park Zip Line
- New picnic tables at parks
- Grand opening of City Park Playground
- City Park Spray Park Expansion
- New powerline trail markers
- New trail at Conder Park
- Penzer Park washroom
- 46A Ave curb/butter has been poured
- Duncan Way multi-use pathway
- 48 Ave culvert replacement
- 50 Ave culvert replacement
- Installation of new sanitary forcemain on Douglas Crescent
 - Traffic signal replacements
 - $\circ~$ 200 St. at 50 th Ave.
 - o Glover Rd. at Duncan Way
 - o Glover Rd. at Eastleigh Crescent

d. Recreation Update

Kim Hilton, Director of Recreation, Culture and Community Services provided an update on upcoming programs October as follows:

- Fall Recreation Guide available
- Foam Rolling 101
- Booty Camp Drop-In

- Baby Talk Drop-In
- Adapted Boccia
- Youth Adventure Club
- Youth Sports Drop-In
- Youth Night and Teen Time

In response to a question from Council, staff advised that the Home Alone course is an on-site program.

e. Upcoming Christmas Events

Mayor Schaffer reminded everyone of the Children's Wish Breakfast taking place on the "Day of Giving" November 27 at Newlands Golf and Country Club and the Christmas Tea November 25 which are both fundraisers for the Christmas Bureau.

6. <u>BYLAWS</u>

a. Bylaw 3049 - Zoning Amendment

Final reading of a bylaw to rezone the properties located at 19608, 19618, 19630, 19642 -56th Avenue to accommodate a 26 unit, 3 storey townhouse development

MOVED BY Councillor Martin SECONDED BY Councillor Pachal

THAT the bylaw cited as "Zoning Bylaw 1996, No. 2100 Amendment No. 143, 2018, No. 3049" be read a final time.

1. Development Permit No. 02-18

19608, 19618, 19630, 19642 56th Avenue

MOVED BY Councillor Martin SECONDED BY Councillor Arnold

THAT Development Permit Application DP 02-18 to accommodate a 26 unit, 3 storey townhouse development located at 19608, 19618, 19630, 19642 56th Avenue be approved subject to execution of a Development Servicing Agreement in compliance with the conditions outlined in the Director of Development Services & Economic Development report.

<u>CARRIED</u>

b. Bylaw 3082 - Zoning Amendment

Final reading of a bylaw to rezone the properties located at 5475, 5483 and 5493 Brydon Crescent from RS1 Single Family Residential Zone to CD65 - Comprehensive Development Zone to accommodate a 78 unit, five (5) storey condominium apartment development

MOVED BY Councillor Storteboom SECONDED BY Councillor Arnold

THAT the bylaw cited as "Zoning Bylaw 1996, No. 2100 Amendment No. 157, 2018, No. 3082" be read a final time.

<u>CARRIED</u>

1. Development Permit No. 14-18

5475, 5483, and 5493 Brydon Crescent

MOVED BY Councillor Pachal SECONDED BY Councillor Storteboom

THAT Development Permit Application DP 14-18 to accommodate a 5 storey, 78 unit condominium apartment located at 5475, 5483 and 5493 Brydon Crescent be approved subject to execution of a Development Servicing Agreement in compliance with the conditions outlined in the Director of Development Services & Economic Development report.

c. Bylaw 3077 - Zoning Amendment

Third reading of a bylaw to rezone the properties located at 5423, 5433, 19900, 19910, 19920, 19930 Brydon Crescent from RS-1 – Single Family Residential Zone to CD62 - Comprehensive Development Zone to accommodate a 127 unit, 4 storey condominium development

MOVED BY Councillor Storteboom SECONDED BY Councillor Arnold

THAT the bylaw cited as "Zoning Bylaw 1996, No. 2100 Amendment No. 154, 2018, No. 3077" be read a third time.

<u>CARRIED</u>

d. Bylaw 3089 - Permissive Tax Exemption

Final reading of a bylaw to exempt certain lands and improvements from municipal taxation for the year 2019

MOVED BY Councillor Storteboom SECONDED BY Councillor Pachal

THAT the bylaw cited as the "Permissive Tax Exemption Bylaw, 2018, No. 3089" be read a final time.

<u>CARRIED</u>

e. Bylaw 3090 - Zoning Amendment

First and second reading of a bylaw to rezone the properties located at 5398, 5410, 5448 208th Street to accommodate a 4 storey, 40 unit condominium development

MOVED BY Councillor Martin SECONDED BY Councillor Storteboom

THAT the bylaw cited as "Zoning Bylaw 1996, No. 2100 Amendment No. 158, 2018, No. 3090" be read a first time.

THAT the bylaw cited as "Zoning Bylaw 1996, No. 2100 Amendment No. 158, 2018, No. 3090" be read a second time.

7. <u>COMMITTEE REPORTS</u>

a. Crime Prevention Task Group Recommendations

MOVED BY Councillor Pachal SECONDED BY Councillor Martin

THAT Council consider striking a task group to plan an annual "Know Your Neighbour" campaign.

<u>CARRIED</u>

MOVED BY Councillor Pachal SECONDED BY Councillor Martin

WHEREAS the volunteers conducting the door to door "Know Your Neighbour Campaign" asked residents if they'd like to start, be part of, or learn more about a Block Watch program in their neighbourhood, the Crime Prevention Task Group request;

THAT Council direct staff to forward the contact information collected from residents interested in becoming part of a Block Watch Program to Superintendent Murray Power, OIC of the Langley RCMP detachment, and that the OIC request the Block Watch Program staff to contact the interested residents in order to potentially increase the number of Block Watch neighbourhood programs in Langley City.

<u>CARRIED</u>

MOVED BY Councillor Pachal SECONDED BY Councillor Martin

THAT Council direct the City's Communication Officer to continue, on an annual basis, to fan out public safety awareness information on social media during Public Safety Week in November each year.

<u>CARRIED</u>

MOVED BY Councillor Pachal SECONDED BY Councillor Martin

THAT Council write a letter to the Langley RCMP Officer in Charge and to E-Comm asking that they work to better promote, and encourage the public to call, the RCMP Non-Emergency number to report all suspicious activity.

CARRIED

8. <u>NEW AND UNFINISHED BUSINESS</u>

- a. Motions/Notices of Motion
- b. Correspondence
- c. New Business

9. ADJOURNMENT

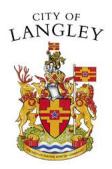

MOVED BY Councillor Martin SECONDED BY Councillor van den Broek

THAT the meeting adjourn at 8:43 pm.

<u>CARRIED</u>

MAYOR

CORPORATE OFFICER

MINUTES OF A SPECIAL (PRE-CLOSED)

COUNCIL MEETING

Monday, October 15, 2018 5:45 p.m. CKF Boardroom, Langley City Hall 20399 Douglas Crescent

Present:	Mayor Schaffer Councillor Albrecht Councillor Arnold Councillor Martin Councillor Pachal Councillor Storteboom Councillor van den Broek
Staff Present:	 F. Cheung, Chief Administrative Officer R. Bomhof, Director of Engineering, Parks and Environment K. Hilton, Director of Recreation, Culture and Community Services D. Leite, Director of Corporate Services G. Minchuk, Director of Development Services and Economic Development K. Kenney, Corporate Officer

1. MOTION TO HOLD A CLOSED MEETING

MOVED BY Councillor Martin SECONDED BY Councillor Storteboom

THAT the Council Meeting immediately following this meeting be closed to the public as the subject matter being considered relates to items which comply with the following closed meeting criteria specified in Section 90 of the *Community Charter*.

(f) law enforcement, if the council considers that disclosure could reasonably be expected to harm the conduct of an investigation under or enforcement of an enactment;

(g) litigation or potential litigation affecting the municipality;

(j) information that is prohibited, or information that if it were presented in a document would be prohibited, from disclosure under section 21 of the Freedom of Information and Protection of Privacy Act.

Council - Special (Pre-closed) Meeting Minutes - October 15, 2018 Page 2

2. <u>ADJOURNMENT</u>

MOVED BY Councillor Storteboom SECONDED BY Councillor Albrecht

THAT the Special (pre-closed) Council meeting adjourn at 5:46 pm.

<u>CARRIED</u>

MAYOR

CORPORATE OFFICER

MINUTES OF A PUBLIC HEARING MEETING

Monday, October 15, 2018 7:00 p.m. Council Chambers, Langley City Hall 20399 Douglas Crescent

- Present: Mayor Schaffer Councillor Albrecht Councillor Arnold Councillor Martin Councillor Pachal Councillor Storteboom Councillor van den Broek
- Staff Present: F. Cheung, Chief Administrative Officer R. Bomhof, Director of Engineering, Parks and Environment K. Hilton, Director of Recreation, Culture and Community Services D. Leite, Director of Corporate Services G. Minchuk, Director of Development Services and Economic Development K. Kenney, Corporate Officer

1. CALL TO ORDER

MOVED BY Councillor Martin SECONDED BY Councillor Albrecht

THAT the Public Hearing on Bylaw No. 3088 and Bylaw No. 3067 be postponed until Council receives further information in order to make an informed decision on the proposed development, including receiving comments from all regulatory bodies and comments from staff after their review of all the engineering studies.

BEFORE THE QUESTION WAS CALLED discussion ensued regarding:

- concern that if further information was received from regulatory bodies and staff after close of the public hearing and third reading of the bylaws, that impacted the development, the public would not have an opportunity to provide further comment;
- what, if any information Council could receive after the bylaws receive third reading;
- given the importance of this development for seniors housing, want to ensure it is done right;

• need for more information to make an informed decision.

THE QUESTION WAS CALLED and the motion was

DEFEATED

Mayor Schaffer, Councillors Arnold, Pachal and van den Broek opposed

Mayor Schaffer read a statement regarding the procedures to be followed for the Public Hearing.

The Corporate Officer advised that notification of the Public Hearing had been publicized in the following manner:

Notice was placed on the City Hall notice board on October 2nd. Notices were mailed and hand delivered to properties within 100 metres of the subject properties and newspaper advertisements were placed in the October 4th and October 11th editions of the Langley Advance. Five pieces of correspondence were received and were circulated on-table to Council.

2. BUSINESS

a. Bylaw 3088 - Official Community Plan Amendment

To amend the Official Community Plan in order to incorporate provisions for a new seniors care district on Old Yale Road. The provisions require the following amendments:

- Section 16.0 Land Use Designations the addition of a new Old Yale Road Seniors District designation and related policies
- Section 17.0 Development Permit Area Guidelines the addition of an Old Yale Road Seniors District Development Permit Area and guidelines
- Schedule "A" Land Use Designation Map revised map including Old Yale Road Seniors District land use designation

The Mayor invited Roy Beddow, Deputy Director of Development Services to present the proposed bylaw application.

Mr. Beddow made a presentation on the proposed Old Yale Road Seniors District, providing information on the following:

- Rosewood Seniors Centre –Official Community Plan
- Old Yale Road Seniors District Existing Land Use
- Old Yale Road Seniors District Study Area

Council - Public Hearing Minutes - October 15, 2018 Page 3

- Old Yale Road Planning Study Objectives:
 - Review Proposed Rosewood Seniors Centre
 - Analyze Old Yale Road Context
 - Review Relevant Case Studies
 - Provide Recommendations
- Consultant Recommendations
- Land Use
- Density

The Mayor invited those in attendance who deem their interest in property affected by the proposed bylaw and development permit to present their comments.

B. Cunnin, 20111 53 Ave., Langley referred to the environmentally sensitive area mapping plan, and asked what has been done to manage risks associated with the proximity of this development to very sensitive ecosystems in the area.

Staff advised that this would be addressed in the Zoning Amendment application presentation and further advised that there were extensive requirements for complying with set-backs from the riparian area and also complying with the City's environmentally sensitive area mapping.

Mayor Schaffer called for further speakers on Bylaw 3088.

C. MacIntosh 21040 old Yale Road, stated the following:

- feel rushed, have had piecemeal information provided, don't know what it will mean for environment around us, want more information as I live next door, do I want to live in a home that is designated seniors district?
- homeless seniors can't afford places like this;
- have a lot of wildlife there, concerned about wildlife, environmental concerns for this area, what would be impact on river, 100 year old walnut tree in the area;
- have only seen 15 page document, my questions haven't been answered.

K. Mallar, 20969 52 Ave. Langley, stated the following:

- there is a lot of wildlife in the area;
- map doesn't show anything about what is going on with the creek, not shown on map;
- have lived there for 25 years;
- not opposed to it, but feel there is a better place for it;
- haven't seen anything from developer;
- not enough information, saw two drawings and that was it, need way more information.

M. Bledsoe, 5262 209 St., Langley, stated the following:

- there is a large amount of wildlife in the area including baby deer, beavers ducks, eagles, blue heron;
- concerns with flooding, flooding has affected neighbours' houses; if a big building goes in will that divert water more water onto our properties?
- every day there is always someone speeding through the area, will there be traffic calming in that area to protect kids?

Mayor Schaffer called for further speakers on Bylaw 3088.

There were no further speakers.

b. Bylaw 3067 - Zoning Amendment Bylaw and Development Permit

To amend the Zoning Bylaw, 1996, No. 2100 to rezone the properties located at 20964, 20974, 20980, 21016, 21024 Old Yale Road from RS1 Single Family Residential Zone and the P2 Private Institutional/Recreation Zone to CD59 - Comprehensive Development Zone to accommodate a 292-unit seniors-oriented institutional and housing development consisting of a 28-bed long term care facility, 169 assisted living (congregate housing) units and 95 seniors-oriented multifamily residential units.

The Mayor invited Robert Billard, Billard Architecture to present the proposed bylaw and development permit application.

Mr. Billard provided information on the proposed seniors centre as follows:

- Comprehensive age in place facility;
- Building statistics;
- Site Plan;
- Creek mandated to have 15. 8 m riparian setback from top of creek;
- Two open houses held;
- Indoor and outdoor amenities;
- Flooding issues, water issue on site due to elevation, d working with geotechnical engineers to mitigate issues and storm water management;
- Design of building;
- Landscaping.

The Mayor invited those in attendance who deem their interest in property affected by the proposed bylaw and development permit to present their comments. B. Cunnin, 20111 53 Ave., Langley stated that the City of Langley Environmentally Sensitive Area Mapping Study states a 30 m setback should be established for a Class A watercourse/ How was a smaller setback approved for this development? How are the endangered Coho salmon in this area being protected?

Mr. Jas Binpal, Binpal Engineering Ltd. advised that:

- was established from high water mark that follows the riparian area regulation;
- the province has accepted the riparian area regulations;

Staff clarified that this project satisfies both the provincial riparian area regulation setback and the City's environmental sensitive areas mapping; none of the proposed development areas are within ESA mapping area.

M. Fisher, 5475 201 S., Langley, speaking on behalf of Langley Seniors Community Action Table as a member and on behalf of Triple A Senior Housing as Chair, which advocates for affordable, accessible and appropriate housing for seniors in City if Langley, asked if changes to the design has incorporate any affordable rental units in the development.

Mr. Billard advised that at this point his client is looking at a business plan for that, working with Fraser Health and the assisted living group.

Ms. Fisher stated the following:

- attended open house, which was not easily accessible by seniors as it was held on the second floor of the building and there wasn't a elevator;
- Fraser Health Authority is focusing on provision of services to allow seniors to remain in their homes as long as possible rather than being admitted prematurely to assisted and long term care facilities. Living independently with community supports is much more cost effective and preferred by most seniors.
- on behalf of Triple A Senior Housing request City consider affordable rental housing that provides a safe environment for seniors to age in place, defer this Rezoning application and Development Permit until new Council is in place and until such time as the developer revises plan to increase the number of seniors oriented multi-family residential units with 20 percent of units allocated as rent geared to income units.

R. Wallace, 5500 206 St., Langley stated the following:

- has environmental concerns; developing on flood plain;
- would like to see a percentage of housing designated for affordable housing.

Mayor Schaffer called for further speakers on Bylaw 3067.

In response to a question from Council, Mr. Billard advised that the development is for seniors only.

In response to a question from Council, Mr. Minchuk advised that in order for Council to approve any changes to property use or amenities proposed for this facility in future, it would require an amendment to the Development Permit.

C. MacIntosh 21040 old Yale Road, stated the following:

- did not receive much advance notice of the two open houses; received notice of second open house the day of the open house, not everybody was informed in a timely manner;
- haven't been given all the information;
- this project will take a lot of pile driving, this will cause a lot of disruption to our lives; what will developer do to compensate for that?
- have noted since living in the area since 2003 that the creek has changed its course due to greenhouses and golf courses being put in; need comprehensive studies to determine how much more the creek will change due to this development;
- currently her property gets very mushy, neighbouring property floods; want to know more about flooding in the area and how removal of vegetation will affect flood level.

Mayor Schaffer called for further speakers on Bylaw 3067.

There were no further speakers.

3. MOTION TO CLOSE PUBLIC HEARING

MOVED BY Councillor Pachal SECONDED BY Councillor Albrecht

THAT the Public Hearing close at 7:43pm.

Council - Public Hearing Minutes - October 15, 2018 Page 7

MAYOR

CORPORATE OFFICER

Remembrance Day

11 November

In Flanders Fields

poem by Lieutenant Colonel John McCrae, 3 May 1915

In Flanders fields the poppies blow Between the crosses, row on row, That mark our place; and in the sky The larks, still bravely singing, fly Scarce heard amid the guns below.

We are the Dead. Short days ago We lived, felt dawn, saw sunset glow Loved and were loved, and now we lie, In Flanders fields.

Take up our quarrel with the foe: To you from failing hands we throw The torch; be yours to hold it high. If ye break faith with us who die We shall not sleep, through poppies grow In Flanders fields.

ZONING BYLAW, 1996, NO. 2100 Amendment No. 141

BYLAW NO. 3035

A Bylaw to amend City of Langley Zoning Bylaw, 1996, No. 2100 to rezone the properties located at 19941,19943,19951 and 5444 Brydon Crescent, 5461 – 199A Street to RM3

(Multiple Residential High Density) Zone.

WHEREAS the *Local Government Act* authorizes a local government to zone areas of a municipality and to make regulations pursuant to zoning;

NOW THEREFORE the Council of the City of Langley, in open meeting assembled, enacts as follows:

1. **Title**

This bylaw shall be cited as the "Zoning Bylaw 1996, No. 2100 Amendment No. 141, 2018, No. 3035".

2. Amendment

Bylaw No. 2100, cited as the "Zoning Bylaw, 1996, No. 2100" is hereby amended by changing the zone classification of:

Parcel "A" (Explanatory Plan 28685), Lots 47 & 48, Section 3, Township 8, New Westminster District, Plan 21709 and

Lot 48, Except: Southwesterly 10 Feet; Section 3, Township 8, New Westminster District, Plan 21709 and

Lot 49, Section 3, Township 8, New Westminster District, Plan 21709 and

Lot 50, Section 3, Township 8, New Westminster District, Plan 21709 and

Lot 72, Section 3, Township 8, New Westminster District, Plan 33088

from RS-1 – Single Family Residential Zone to RM-3 – Multiple Residential High Density Zone in Schedule "A" – Official Zoning Map.

READ A FIRST AND SECOND TIME this fifteenth day of January, 2018.

A PUBLIC HEARING, pursuant to Section 464 of the *Local Government Act* was held this twenty ninth day of January, 2018.

READ A THIRD TIME this twenty ninth day of January, 2018.

FINALLY ADOPTED this day of , 2018.

Advisory Planning Commission Report

To: Advisory Planning Commission

Subject Rezoning Application RZ 08-17 Development Permit Application 14-17 – Bylaw 3035

From: Development Services & Economic Development Department File #: 6620.00 Doc #:

Date: November 30, 2017

COMMITTEE RECOMMENDATION:

THAT Rezoning Application RZ 08-17/ Development Permit Application DP 14-17 to accommodate a 77 unit, 4- Storey condominium development located at 5444, 19941, 19943, 19951 Brydon Crescent and 5461 -199 A Street be approved subject to execution of a Development Servicing Agreement in compliance with the conditions outlined in the Director of Development Services & Economic Development report.

PURPOSE OF REPORT:

To consider a Rezoning Application and Development Permit Application by F. Adab Architects Inc. to accommodate a 77 unit, 4-Storey condominium development.

POLICY:

The subject properties are zoned RS1 Single Family Residential Zone in Zoning Bylaw No. 2100 and designated as High-Density Residential in the Official Community Plan. All lands designated High Density Residential are subject to a Development Permit to address building form and character.

COMMENTS/ANALYSIS:

Charges:	Credit)
Community Amenity	\$154,000
Charge:	
Exterior Finishes :	Brick, Hardie Siding and Paneling, Asphalt Shingles

Engineering Requirements:

These requirements have been issued for a rezoning and development permit for a proposed **77 unit condominium development.** These requirements may be subject to change upon receipt of a development application.

The City's Zoning Bylaw, 1996, #2100 has requirements concerning landscaping for buffer zones, parking, loading areas, and garbage / recycling areas, all of which apply to this Development.

A) <u>The developer is responsible for the following work which shall be designed</u> and approved by a Professional Engineer:

- 1. Implement erosion and sediment control measures designed and approved by a qualified professional in accordance with the City of Langley Watercourse Protection Bylaw #2518.
- 2. Conduct a water flow test and provide fire flow calculations by a Professional Engineer to determine if the existing water network is adequate for fire flows and achieve the necessary pressure and flows to conform to Fire Underwriters Survey (FUS) "Water Supply for a Public Fire Protection, a Guide to Recommended Practice, 1995".
- 3. Additional C71P fire hydrants may be required to meet bylaw and firefighting requirements. Hydrant locations must be approved by the City of Langley Fire Department.
- 4. New water, sanitary and storm sewer service connections are required for the site. The developer's engineer will determine the appropriate main tie in locations and size the connections for the necessary capacity. The capacity of the existing water and sewer mains shall be assessed and any upgrades required to service the site shall be designed and installed at the Developer's expense. All existing services shall be capped at the main, at the Developer's expense.
- 5. New driveway crossing, removal of existing driveway crossings, and street trees are required on 199A Street and Brydon Crescent. Should over 50% of curb and gutter and sidewalks fronting the site be damaged during construction they will be completely replaced, at the Developer's cost.
- 6. The existing pavement on the 199A Street and Brydon Crescent frontages requires final overlay. This requirement will be fulfilled by a cash-in-lieu payment.
- 7. The street lighting fronting the site shall be analyzed and, if necessary, upgraded to City of Langley Standards.
- 8. A stormwater management plan for the site is required. Rainwater management measures used on site shall limit the release rate to mitigate flooding and environmental impacts as detailed in the Subdivision and Development Bylaw.

- 9. The site layout shall be designed by a civil engineer to ensure that the parking and access layout meets minimum design standards, including setbacks from property lines. Appropriate turning templates should be used to prove parking stalls and drive-aisles are accessible by the design vehicle.
- 10. The condition of the existing pavement surrounding the site shall be assessed by a geotechnical engineer. Pavements shall be adequate for an expected road life of 20 years under the expected traffic conditions for the class of road. Road construction and asphalt overlay designs shall be based on the analysis of the results of Benkelman Beam tests and test holes carried out on the existing road which is to be upgraded. If the pavement is inadequate it shall be remediated, at developer's cost. Additionally, any widening of the pavement structure, required to meet the design road width, will need to be designed by a geotechnical engineer.
- 11. To improve site lines corner truncations are required at the southeast and southwest property corners.

B) The developer is required to deposit the following bonding and connection fees:

- 1. A Security Deposit of 110% of the estimated offsite works, as approved by the Director of Engineering, Parks and Environment, will be required.
- Inspection and administration fees in accordance to the Subdivision Bylaw based on a percentage of the estimated construction costs. (See Schedule A – General Requirement - GR5.1 for details).
- 3. A deposit for storm, sanitary and water connections is required, which will be determined after detailed civil engineering drawings are submitted, sealed by a Professional Engineer.
- 4. A \$20,000 bond for the installation of a water meters to current standards.

C) The developer is required to adhere to the following conditions:

- 1. Underground hydro and telephone, and cable services to the development site are required.
- 2. All survey costs and registration of documents with the Land Titles Office are the responsibility of the developer/owner.
- 3. Water meters are required for each water connection and are to be installed outside in a vault away from any structure, in accordance with the City's water meter specifications, at the developer's cost.

- 4. An approved backflow prevention assembly must be installed on the domestic water connection immediately upon entering the building to provide premise isolation.
- 5. A complete set of "as-built" drawings sealed by a Professional Engineer shall be submitted to the City after completion of the works. Digital drawing files in *.pdf* and *.dwg* format shall also be submitted.
- The selection, location and spacing of street trees and landscaping shall be in accordance with the City of Langley's Official Community Plan Bylaw, 2005, No. 2600 and Street Tree Program, November, 1999 manual.
- 7. Stormwater run-off generated on the site shall not impact adjacent properties, or roadways.
- 8. Garbage and recycling enclosures shall be designed to meet Metro Vancouver's "Technical Specifications for Recycling and Garbage Amenities in Multi-family and Commercial Developments June 2015 Update".

Discussion:

The applicant is proposing to redevelop five existing single family residential properties with an attractive, 77 unit, 4 -Storey condominium apartment building. Access to the underground parkade for tenant parking is off 199A Street, with convenient surface parking for visitors off Brydon Crescent.

The proposed condominium offers a wide variety of suites, with 32 one – bedroom, 37 two-bedroom, and 8 three bedroom suites. A variety of architectural elements are incorporated into the design, such as corner windows, bay windows and vaulted ceilings, contribute to the architectural form and character of the building.

The proposed development benefited from a Comprehensive Crime Prevention Through Environmental Design (CPTED) review by a qualified consultant whose recommendations were incorporated into the plans.

The subject application complies with the Official Community Plan's Development Permit Area Guidelines for Multifamily Residential Areas.

Fire Department Comments:

Langley City Fire-Rescue Service has reviewed the attached plans and provided preliminary comments to the applicant. The department will review, and make further comment, as the project continues to the building permit design stage.

Advisory Planning Commission:

In accordance with Development Application Procedures Bylaw No. 2488, the subject applications will be reviewed by the Advisory Planning Commission at the December 13[,] 2017 meeting. A copy of the APC minutes will be presented to Langley City Council at the January 15, 2018 Regular Council meeting.

BUDGET IMPLICATIONS:

In accordance with Bylaw No. 2482, the proposed development would contribute \$ 753,950.75 to Development Cost Charge accounts, and \$154,000 in Community Amenity Charges.

ALTERNATIVES:

- 1. Require changes to the applicant's proposal.
- 2. Deny application.

	DRAWING TITLE: SITE PLAN
	DATE JUNE 2017 SHEET NO: SCALE NTS
	DESIGN FA DRAWN AA PROJECT NO 1705

Design Rationale

Site characteristics and context

This proposed development consists of 4 lots along Brydon Crescent and one lot on 199A Street for a total site area of 2826 square meter or 45,100 square feet. The site is almost flat and presently occupied with single 5 family houses.

The existing zoning is RS1 and the proposed zoning is RM3, which allows for 80 units per acre. The setbacks, floor area ratio, height, site coverage, parking, bicycle storage, and garbage recycling are in accordance with the provisions of the RM3 zoning.

Different types of suites, ranging from one to three bedrooms, provide a variety of accommodations which cater to different categories of home owners.

The unit mixes and the approximate areas of each type range from:

- 32 one bedroom with an average area of 580 sq.ft.
- 37 two bedroom with an average area of 900 sq.ft.
- 8 three bedroom with an average area of 1,100 sq.ft.

Visitor parking, indoor and outdoor amenities are provided at the ground floor.

The entry to the parking is provided from 199A Street and the ramp is separated from the neighbouring property by a green buffer.

Orientation, Massing, Building Form and Character

The building orientation responds to the site setting and faces three streets. The proposed massing has frontages on every street resulting in the creation of a central courtyard. The main entry is located in the centre of the building. This entry has a high vaulted ceiling which helps to express a stronger architectural identity and articulation.

The building is raised by approximately 5'.0" from the street creating a podium with large private decks and planters for the residence. These large raised decks offer a presence at the street and connectivity to the public realm.

A second planter is introduced at grade to break the height of the parking structure and offer additional landscaping.

A variety of architectural elements are incorporated into the design to create a hierarchy of elements that contribute to the architectural form and character of the building.

Corner windows, bay windows and high vaulted ceilings create increased transparency and improved quality of living.

The façade is organized to create a horizontal base with vertical articulations. This is reinforced by projecting bay windows. This same attention to detail, articulation and use of material has been applied to all three street facades.

• By setting the parking structure back from the property lines and introducing enhanced landscaping at the perimeter of the building, as well as in the central courtyard, provides visual stimuli creating a multitude of points of interest which enrich the experience of the observer.

Livability / Energy Saving Measures

Where possible, operable windows are located on opposite walls to draw ventilation across the occupied spaces. Overhangs are provided at the roof level and at intermediate locations as shading devices.

Glazing is provided in all doors and walls of the elevator vestibules, bicycle storage rooms and lockers..

Deep balconies and large overhangs provide shading for suites below.

Most of the units are located in a manner that takes advantage of solar orientation and maximizes daylight in the suites. Oversized windows offer plenty of natural daylight.

Indoor and outdoor amenities along with the large central courtyard offer a variety of social activities and green spaces. The courtyard faces west and takes advantages of afternoon sun.

The balconies and generous roof decks encourage the outdoor presence of people that provides "eyes on street" and security for the private and public spaces, and animates the building.

The use of a high performance building envelope, high R value glazing, and energy efficient mechanical systems will exceed the new code and comply with ASHRAE 90, 2010.

Sustainability and Green Measures.

Many green building strategies have been incorporated into the project design. These items consist of efficient use of energy (including passive design elements), efficient use of water, durable building materials, and is built within an existing urban neighbourhood rather than a suburban district.

The following design strategies and elements have also been introduced:

- Diverse unit types and sizes have been included for both small and large families with children.
- Water efficient fixtures, energy efficient appliances and drought tolerant plants will be used to minimize the use of potable water.
- All units have private patios at grade or deck / balconies on the upper floors that contribute to the livability of the units and create a family-oriented environment.
- Selection of materials is focused on durability and sustainability with the use of building materials that have high amounts of recycled content and are from local sources. Low emission adhesive paint and flooring will also be used throughout the units.
- The site is located in the urban fabric of the City and is close to public transportation and amenities.
- All common areas including the underground parking use energy efficient lighting with motion activated control systems that shut down most of the lights when no one is present.
- Electrical vehicle charging stations will be provided as per code requirements.

Crime Prevention Through Environmental Design "CPTED"

Liahona Security has been hired by the developer and provided a CPTED report for the interior and exterior spaces of the building.

The rationale behind the CPTED strategy follows the principles introduced by Liahona Security and It takes into account standard measures as well as items specifically related to this proposal. These provisions are aimed to enhance safety and strengthen the perception of security.

The proposed CPTED measures fall into the categories below:

-

- Create Identifiable secured entries to the lobby, visitor parking courtyard and underground parking.
- All units at grade are raised above the street and have identifiable private patios. This feature, along with the presence of the balconies on the upper floors, creates a clear definition of hierarchy of space, a sense of territorial identity and sense of ownership.
- The space in front and rear of the building is controlled by residents as well as cameras. The windows and the balconies along the streets ensure the presence of observers, which provide "eyes on the street" and security for the private and public spaces. Cameras will be installed at the main entry, and lobby, elevator cabs, and waiting areas, emergency exit stairs and parking entry gates.
- Provision for adequate lighting at the central courtyard as well as patio lighting for each unit.
- Landscaping, plants, and fences are designed to comply with Liahona Security recommendations and building materials are selected in a manner that they are easily maintained and controlled to prevent graffiti and damages. The Strata Corporation should implement a maintenance manual.

- The simplicity of the massing and it's orientation offers an open space environment visible from every angle with no enclave or semi enclosed spaces for strangers and wandering people.
- Children play area is located at the centre of the courtyard enjoying the ample visibility and supervision.
- Visitor parking apace are separated by low fence from the courtyard preventing access to the private areas.

Safety Measures for Underground Parking

The following measures are taken into consideration for underground parking:

- Lighting will be provided above the cars as well as aisles.
- Exposed concrete walls will be painted white.
- Glazing is provided on all doors and walls of the elevator vestibules.
- Exit doors have hardware that prevents access to the parking.
- Lockers and storage units have glazed doors and windows where possible.
- Convex mirrors will be installed in spaces as required.
- Lobbies and exits are marked with proper signage.
- Parking entrance is secured with a sectional overhead door security gate that is activated by remote control.
- Visitor parking is separated from the residential parking to avoid the possible unwanted entry to the private spaces.

Material and Colour

The selection of exterior finishes incorporates enhanced durability / longevity of construction materials and envisions a sustainable approach.

Prefabricated panels and Hardy siding is used on all facades. Wood trim and brackets are incorporated to enhance the architectural detailing.

The colours are selected with emphasis on dark and light grey panels, off-white siding and natural wood colour in selected areas. Colours and materials have been organized in manner to create harmony and connectivity throughout the building

Widows are white and railings are back resulting in further contrast between the exterior finishing materials

Development Permit No. 14-17

THAT Development Permit Application DP 14-17 to accommodate a 77 unit, 4- Storey condominium development located at 5444, 19941, 19943, 19951 Brydon Crescent and 5461 -199 A Street be approved subject to execution of a Development Servicing Agreement in compliance with the conditions outlined in the Director of Development Services & Economic Development report.

Advisory Planning Commission Report

To: Advisory Planning Commission

Subject Rezoning Application RZ 08-17 Development Permit Application 14-17 – Bylaw 3035

From: Development Services & Economic Development Department File #: 6620.00 Doc #:

Date: November 30, 2017

COMMITTEE RECOMMENDATION:

THAT Rezoning Application RZ 08-17/ Development Permit Application DP 14-17 to accommodate a 77 unit, 4- Storey condominium development located at 5444, 19941, 19943, 19951 Brydon Crescent and 5461 -199 A Street be approved subject to execution of a Development Servicing Agreement in compliance with the conditions outlined in the Director of Development Services & Economic Development report.

PURPOSE OF REPORT:

To consider a Rezoning Application and Development Permit Application by F. Adab Architects Inc. to accommodate a 77 unit, 4-Storey condominium development.

POLICY:

The subject properties are zoned RS1 Single Family Residential Zone in Zoning Bylaw No. 2100 and designated as High-Density Residential in the Official Community Plan. All lands designated High Density Residential are subject to a Development Permit to address building form and character.

Site Area:	4,190 m ² (45,100 ft ²)
Lot Coverage:	40%
Total Parking Required:	102 stalls (including 15 visitor stalls)
Total Parking Provided:	102 stalls (including 15 visitor stalls)
Existing Zoning:	RS 1 Single Family Residential Zone
Proposed Zoning:	RM 3 Multiple Residential High Density Zone
OCP Designation:	High Density Residential
Variances Requested:	None
Development Cost	\$753,950.75 (includes \$104,387.50 SF
Charges:	Credit)
Community Amenity	\$154,000
Charge:	
Exterior Finishes :	Brick, Hardie Siding and Paneling, Asphalt Shingles

Engineering Requirements:

These requirements have been issued for a rezoning and development permit for a proposed **77 unit condominium development.** These requirements may be subject to change upon receipt of a development application.

The City's Zoning Bylaw, 1996, #2100 has requirements concerning landscaping for buffer zones, parking, loading areas, and garbage / recycling areas, all of which apply to this Development.

A) <u>The developer is responsible for the following work which shall be designed</u> and approved by a Professional Engineer:

- 1. Implement erosion and sediment control measures designed and approved by a qualified professional in accordance with the City of Langley Watercourse Protection Bylaw #2518.
- 2. Conduct a water flow test and provide fire flow calculations by a Professional Engineer to determine if the existing water network is adequate for fire flows and achieve the necessary pressure and flows to conform to Fire Underwriters Survey (FUS) "Water Supply for a Public Fire Protection, a Guide to Recommended Practice, 1995".
- 3. Additional C71P fire hydrants may be required to meet bylaw and firefighting requirements. Hydrant locations must be approved by the City of Langley Fire Department.
- 4. New water, sanitary and storm sewer service connections are required for the site. The developer's engineer will determine the appropriate main tie in locations and size the connections for the necessary capacity. The capacity of the existing water and sewer mains shall be assessed and any upgrades required to service the site shall be designed and installed at the Developer's expense. All existing services shall be capped at the main, at the Developer's expense.
- 5. New driveway crossing, removal of existing driveway crossings, and street trees are required on 199A Street and Brydon Crescent. Should over 50% of curb and gutter and sidewalks fronting the site be damaged during construction they will be completely replaced, at the Developer's cost.
- 6. The existing pavement on the 199A Street and Brydon Crescent frontages requires final overlay. This requirement will be fulfilled by a cash-in-lieu payment.
- 7. The street lighting fronting the site shall be analyzed and, if necessary, upgraded to City of Langley Standards.
- 8. A stormwater management plan for the site is required. Rainwater management measures used on site shall limit the release rate to mitigate flooding and environmental impacts as detailed in the Subdivision and Development Bylaw.

- 9. The site layout shall be designed by a civil engineer to ensure that the parking and access layout meets minimum design standards, including setbacks from property lines. Appropriate turning templates should be used to prove parking stalls and drive-aisles are accessible by the design vehicle.
- 10. The condition of the existing pavement surrounding the site shall be assessed by a geotechnical engineer. Pavements shall be adequate for an expected road life of 20 years under the expected traffic conditions for the class of road. Road construction and asphalt overlay designs shall be based on the analysis of the results of Benkelman Beam tests and test holes carried out on the existing road which is to be upgraded. If the pavement is inadequate it shall be remediated, at developer's cost. Additionally, any widening of the pavement structure, required to meet the design road width, will need to be designed by a geotechnical engineer.
- 11. To improve site lines corner truncations are required at the southeast and southwest property corners.

B) The developer is required to deposit the following bonding and connection fees:

- 1. A Security Deposit of 110% of the estimated offsite works, as approved by the Director of Engineering, Parks and Environment, will be required.
- Inspection and administration fees in accordance to the Subdivision Bylaw based on a percentage of the estimated construction costs. (See Schedule A – General Requirement - GR5.1 for details).
- 3. A deposit for storm, sanitary and water connections is required, which will be determined after detailed civil engineering drawings are submitted, sealed by a Professional Engineer.
- 4. A \$20,000 bond for the installation of a water meters to current standards.

C) The developer is required to adhere to the following conditions:

- 1. Underground hydro and telephone, and cable services to the development site are required.
- 2. All survey costs and registration of documents with the Land Titles Office are the responsibility of the developer/owner.
- 3. Water meters are required for each water connection and are to be installed outside in a vault away from any structure, in accordance with the City's water meter specifications, at the developer's cost.

- 4. An approved backflow prevention assembly must be installed on the domestic water connection immediately upon entering the building to provide premise isolation.
- 5. A complete set of "as-built" drawings sealed by a Professional Engineer shall be submitted to the City after completion of the works. Digital drawing files in *.pdf* and *.dwg* format shall also be submitted.
- The selection, location and spacing of street trees and landscaping shall be in accordance with the City of Langley's Official Community Plan Bylaw, 2005, No. 2600 and Street Tree Program, November, 1999 manual.
- 7. Stormwater run-off generated on the site shall not impact adjacent properties, or roadways.
- 8. Garbage and recycling enclosures shall be designed to meet Metro Vancouver's "Technical Specifications for Recycling and Garbage Amenities in Multi-family and Commercial Developments June 2015 Update".

Discussion:

The applicant is proposing to redevelop five existing single family residential properties with an attractive, 77 unit, 4 -Storey condominium apartment building. Access to the underground parkade for tenant parking is off 199A Street, with convenient surface parking for visitors off Brydon Crescent.

The proposed condominium offers a wide variety of suites, with 32 one – bedroom, 37 two-bedroom, and 8 three bedroom suites. A variety of architectural elements are incorporated into the design, such as corner windows, bay windows and vaulted ceilings, contribute to the architectural form and character of the building.

The proposed development benefited from a Comprehensive Crime Prevention Through Environmental Design (CPTED) review by a qualified consultant whose recommendations were incorporated into the plans.

The subject application complies with the Official Community Plan's Development Permit Area Guidelines for Multifamily Residential Areas.

Fire Department Comments:

Langley City Fire-Rescue Service has reviewed the attached plans and provided preliminary comments to the applicant. The department will review, and make further comment, as the project continues to the building permit design stage.

Advisory Planning Commission:

In accordance with Development Application Procedures Bylaw No. 2488, the subject applications will be reviewed by the Advisory Planning Commission at the December 13[,] 2017 meeting. A copy of the APC minutes will be presented to Langley City Council at the January 15, 2018 Regular Council meeting.

BUDGET IMPLICATIONS:

In accordance with Bylaw No. 2482, the proposed development would contribute \$ 753,950.75 to Development Cost Charge accounts, and \$154,000 in Community Amenity Charges.

ALTERNATIVES:

- 1. Require changes to the applicant's proposal.
- 2. Deny application.

ZONING BYLAW, 1996, NO. 2100 Amendment No. 142

BYLAW NO. 3036

A Bylaw to amend City of Langley Zoning Bylaw, 1996, No. 2100 to add a new Comprehensive Development Zone (CD51) and to rezone the property located at 19607, 19619, 19629, 19649, 19655 -55A Avenue to the new zone.

WHEREAS the *Local Government Act* authorizes a local government to zone areas of a municipality and to make regulations pursuant to zoning;

NOW THEREFORE the Council of the City of Langley, in open meeting assembled, enacts as follows:

1. **Title**

This bylaw shall be cited as the "Zoning Bylaw 1996, No. 2100 Amendment No. 142, 2018, No. 3036".

2. Amendment

 Bylaw No. 2100, cited as the "Zoning Bylaw, 1996, No. 2100" is hereby amended by adding in Part VII Comprehensive Development Zones the following as the new Zone classification of Comprehensive Development – 51 (CD51) Zone: immediately after Comprehensive Development -50 (CD50) Zone:

"VV. CD51 COMPREHENSIVE DEVELOPMENT ZONE

1. Intent

This Zone is intended to accommodate and regulate a 3-storey, 33-unit townhouse development.

2. Permitted Uses

The Land, buildings and structures shall only be used for the following uses only:

(a) Multiple-Unit Residential; and

- (b) Accessory uses limited to the following:
 - (i) *Home Occupations* excluding bed and breakfast and *child care centre*.

3. Site Dimensions

The following lot shall form the site and shall be zoned CD 51 Comprehensive Development Zone on the Zoning Map, City of Langley Zoning Bylaw, 1996, No. 2100, Schedule "A":

- (a) PID: 002-167-948Lot 69, Section 3, Township 8, New Westminster District Plan 29479
- (b) PID: 009-021-116Lot 70, Section3, Township 8, New Westminster District Plan 29479
- (c) PID: 007-733-381
 Lot 71, Section 3, Township 8, New Westminster District Plan 29479
 Except Plan BCP50018
- (d) PID: 004-492-498 Lot "A", Section 3, Township 8, New Westminster District Plan 19555
- (e) PID: 010-519-386Lot "B", Section 3, Township 8, New Westminster District Plan 19555

(c) Siting and Size of Buildings and Structures and Site Coverage

The location, size and site coverage of the buildings and structures of the Development shall generally conform to the plans and specifications comprising 30 pages and November, 2017 prepared by F. Adab Architects Inc. and PMG Landscape Architects 1 copy of which is attached to Development Permit 15-17.

(d) Special Regulations

Special regulations shall comply with subsection 9 Special Regulations prescribed in the respective zones under different Parts of this bylaw.

(e) **Other Regulations**

In addition, land use regulations including the following are applicable:

(i) General provisions on use are set out in Section I.D. of this bylaw;

- (ii) Building Permits shall be subject to the City of Langley Building and Plumbing Regulation Bylaw and the Development Cost Charge Bylaw; and
- (iii) Subdivisions shall be subject to the City of Langley Subdivision and Development Servicing Bylaw, and the *Land Title* Act."

READ A FIRST AND SECOND TIME this twenty-ninth day of January, 2018.

A PUBLIC HEARING, pursuant to Section 464 of the "Local Government Act" was held this nineteenth day of February, 2018.

READ A THIRD TIME this nineteenth day of February, 2018.

APPROVED PURSUANT TO SEC 52 (3)(a) OF THE TRANSPORTATION ACT this twenty sixth day of February, 2018.

FINALLY ADOPTED this -- day of --, 2018.

Site Area:	4,998 m ² (53,800 ft ²)
Lot Coverage:	44%
Total Parking Required:	75 stalls (including 7 visitor stalls)
Total Parking Provided:	75 stalls (including 7 visitor stalls)
Existing Zoning:	RS1 Single Family Residential Zone
Proposed Zoning:	CD 51 Comprehensive Development Zone
OCP Designation:	Medium Density Residential
Variances Requested:	None
Development Cost Charges:	\$446,110.25 (includes 5 SF credits)
Community Amenity Charge:	\$66,000

Engineering Requirements:

These requirements have been issued for a rezoning and development permit for a proposed **33 unit townhouse development.** These requirements may be subject to change upon receipt of a development application.

The City's Zoning Bylaw, 1996, #2100 has requirements concerning landscaping for buffer zones, parking, loading areas, and garbage / recycling areas, all of which apply to this Development.

A) <u>The developer is responsible for the following work which shall be designed</u> and approved by a Professional Engineer:

- 1. Implement erosion and sediment control measures designed and approved by a qualified professional in accordance with the City of Langley Watercourse Protection Bylaw #2518.
- 2. Conduct a water flow test and provide fire flow calculations by a Professional Engineer to determine if the existing water network is adequate for fire flows. Replacement of the existing watermain may be necessary to achieve the necessary pressure and flows to conform to Fire Underwriters Survey (FUS) "Water Supply for a Public Fire Protection, a Guide to Recommended Practice, 1995".
- 3. Additional C71P fire hydrants may be required to meet bylaw and firefighting requirements. Hydrant locations must approved by the City of Langley Fire Department. A hydrant is required within a ROW in the lane north of the site.
- 4. Design and construct a half-width road on 55A Avenue along the property frontage to a City of Langley Collector standard; including pavement, barrier curb and gutter, sidewalk, boulevard, street lighting, street trees and storm drainage. Additionally, any widening of the pavement structure, required to meet the design road width, will need to be designed by a geotechnical engineer. A cash-in-lieu amount for the top lift of pavement will be paid to the City, amount to be calculated by the developer's engineer.
- 5. The full construction of the rear lane north of the site and construction of an 8.0m wide lane along the west side of the site, to 55A Avenue, is required. A corner truncation is required at the intersection of the lanes. A decorative concrete wall along the 196 Street fence line, adjacent the lane, is required. Drainage infrastructure shall be provided to collect and convey runoff generated within the lanes. There will be no vehicle access to the site from 55A Avenue.
- 6. New water, sanitary and storm sewer service connections are required. The developer's engineer will determine the appropriate main tie in locations and size the connections for the necessary capacity. The capacity of the existing water and sewer mains should be assessed and any upgrades required to service the site shall be designed and installed at the Developer's expense. All existing services shall be capped at the main, at the Developer's expense, upon application for Demolition permit.
- 7. Undergrounding of the existing overhead Hydro and Telus is required along the 55A Avenue frontage.
- 8. A stormwater management plan for the site, including 55A Avenue and the lanes, is required. Rainwater management measures used on site shall

limit the release rate to mitigate flooding and environmental impacts as detailed in the Subdivision and Development Bylaw.

- 9. A Qualified Environmental Professional (QEP) must be engaged to complete an assessment of the proposed development to ensure compliance with the Riparian Area Regulations. The QEP shall propose measures to mitigate environmental impacts and compensate for lost habitat due to the infilling of the ditches along 55A Avenue and the lane, and must apply to DFO for approval.
- 10. The site layout shall be designed by a civil engineer to ensure that the parking and access layout meets minimum design standards, including setbacks from property lines. Appropriate turning templates should be used to prove parking stalls and drive-aisles are accessible by the design vehicle.
- 11. Upgrade existing 150mm AC watermain on 55A Avenue to 200mm PVC for the full property frontage and tie-in at 196 Street. Replace existing fire hydrant.

B) The developer is required to deposit the following bonding and connection fees:

- 1. A Security Deposit of 110% of the estimated offsite works construction costs of installing civil works, as approved by the Director of Engineering, Parks and Environment.
- Inspection and administration fees in accordance to the Subdivision Bylaw based on a percentage of the estimated construction costs. (See Schedule A – General Requirement - GR5.1 for details).
- 3. A deposit for a storm, sanitary and water connection is required, which will be determined after detailed civil engineering drawings are submitted, sealed by a Professional Engineer.
- 4. A \$20,000 bond for the installation of a water meter to current standards.

C) The developer is required to adhere to the following conditions:

- 1. Underground hydro and telephone, and cable services to the development site are required.
- 2. All survey costs and registration of documents with the Land Titles Office are the responsibility of the developer/owner.
- 3. A water meter is required to be installed outside in a vault away from any structures in accordance to the City's water meter specifications at the developer's cost. A double detector check valve assembly is required to

be installed outside away from any structure in a vault as per the City's specifications.

- 4. An approved backflow prevention assembly must be installed on the domestic water connection immediately upon entering the building to provide premise isolation.
- 5. A "Stormceptor" or equivalent oil separator is required to treat site surface drainage.
- 6. A complete set of "as-built" drawings sealed by a Professional Engineer shall be submitted to the City after completion of the works. Digital drawing files in *.pdf* and *.dwg* format shall also be submitted.
- The selection, location and spacing of street trees and landscaping shall be in accordance with the City of Langley's Official Community Plan Bylaw, 2005, No. 2600 and Street Tree Program, November, 1999 manual.
- 8. Stormwater run-off generated on the site shall not impact adjacent properties, or roadways.
- 9. The development falls within the area requiring approval from the Ministry of Transportation and Infrastructure for rezoning. The developer agrees to comply with any requirements that the Ministry may impose on the development.
- 10. Garbage and recycling enclosures shall be designed to meet Metro Vancouver's "Technical Specifications for Recycling and Garbage Amenities in Multi-family and Commercial Developments - June 2015 Update"

Discussion:

The applicant is proposing to redevelop the last five existing single family residential properties at the north-west corner of 55A Avenue with an attractive, 3 storey, 33 unit townhouse development. Vehicular access is provided from the rear lane and internal roads. Units are oriented toward the 55 A Avenue where possible. Resident parking is provided in enclosed secure garages with a combination of tandem parking and side by side double garages.

The current unconstructed gravel lane to the north will be upgraded and constructed by the developer. In addition, an 8.0m wide lane will be dedicated and constructed along the western side of the site in order to allow for the lane to be connected to 55A Avenue.

The form and character of the townhouse complex integrates a variety of exterior finishes, including cultured stone, hardie siding/board and horizontal siding, providing a contemporary west coast architectural expression. All units will have private root top decks providing desired outdoor amenity space.

The proposed development benefited from a Crime Prevention Through Environmental Design (CPTED) report by a qualified consultant whose recommendations are incorporated in the plans.

The subject application complies with the Official Community Plan's Development Permit Area Guidelines for Townhouse Developments.

Fire Department Comments:

Langley City Fire-Rescue Service has reviewed the attached plans and provided preliminary comments to the applicant. The department will review, and make further comment, as the project continues to the building permit design stage.

Advisory Planning Commission:

In accordance with Development Application Procedures Bylaw No. 2488, the subject applications will be reviewed by the Advisory Planning Commission at their January 10, 2018 meeting. A copy of the APC minutes will be presented to Langley City Council at the January 29, 2018 Regular Council meeting.

BUDGET IMPLICATIONS:

In accordance with Bylaw No. 2482, the proposed development would contribute \$446,110.25 to Development Cost Charge accounts and \$66,000 in Community Amenity Charges.

ALTERNATIVES:

- 1) Require changes to the applicant's proposal.
- 2) Deny application.

Sustainability and Green Measures.

Many green building strategies have been incorporated into the project design including the following items:

- 1. An attempt has been made to create a friendly and vibrant environment introducing a pedestrian friendly development with Identifiable entries and Individual canopies, creating active engaging interest and fostering vitality
- 2. Variety of unit types and sizes are introduced for both small and large families with children
- 3. Where possible, operating windows are located on the opposite walls to draw ventilation across the occupied aces. Overhangs provided at the roof level and ر intermediate windows as shading device
- 4. The site is located in the urban fabric of the City and is close to the public transportation and amenities
- 5. Selection of the material is based on the use of low / non-toxic, low-maintenance, durable and sustainable products. Selection of materials is based on focusing on durability and sustainability with the use of building materials with high recycled content and from local sources. Low emission adhesives paint and flooring will also be used throughout the units
- 6. The building envelope, glazing, and mechanical system will be design based on the new code and incompliance with ASHRE 90, 2010

- 7. Water efficient fixtures, energy efficient appliances and drought tolerance plants will be used to minimize the use of potable water
- 8. All units have private patios at grade and decks on 2nd floor contributing to livability of the units and creating a family oriented environment
- 9. The water consumption strategy in enforced through the use of alternate solution for sprinkler system by utilizing the domestic cold water system instead of a separate sprinkler line

Crime Prevention Through Environmental Design. "CPTED"

Liahona Security has been hired by the developer and provided a CPTED report for the proposed development.

The rationale behind the CPTED strategy follows the principles introduced by Liahona Security and It takes into account standard measures as well as items specifically related to this proposal. These provisions are aimed to enhance safety and strengthen the perception of security.

The proposed CPTED measure fall into the following categories:

Provision of identifiable territoriality Provision of natural surveillance Defining the hierarchy of space Provision of access and perimeter control

- Identifiable entries to the units with direct access to the street along with identifiable private and semi private patios along with the presence of the balconies on the 2nd floor creates a clear definition of hierarchy of space, a sense of territorial identity and sense of ownership
- The windows and the balconies along the 55A Avenue ensure the outdoor presence of the people, which provide "eyes on the street" and security for the private and public spaces
- Lights would be installed on both sides of the townhouse entries and garage doors illuminating the entire buildings and internal road. Outdoor lights are regulated by photo cell system

- The simplicity of the massing and it's orientation of open space environment visible from every angle enclave or semi enclosed spaces for strangers ar wandering people
- The access control is achieved by ensuring visible entrances overlooked by windows and balconies defining the entrance ways and controlling the po access to the site
- Stone has been introduced at the base of the bui blocks presenting a durable and high quality base graffiti
- Landscaping, plants, and fences are designed to with Liahona Security recommendations. The Str Corporation should implement a maintenance ma

Exterior Finishes and Colour

The selection of the exterior finishes has been based on enhanced durability / longevity of the construction materials as part of a sustainable approach.

A variety of building materials is used with emphasis on richer and urban elements with stone at the base of the buildings, prefabricated panels and hardie siding. No vinyl siding is introduced on any facades of the buildings.

The colours are selected with emphasis on dark and light grey panels, off-white siding and the natural wood colour in selected areas.

Windows and railings are back resulting in further contrast between the exterior finishing materials.

Development Permit No. 15-17

THAT Development Permit Application DP 15-17 to accommodate a 33 unit, 3-Storey townhouse development located at 19607, 19619, 19629, 19649, 19655 55A Avenue be approved subject to execution of a Development Servicing Agreement in compliance with the conditions outlined in the Director of Development Services & Economic Development report.

Advisory Planning Commission Report

To: Advisory Planning Commission

Subject Rezoning Application RZ 09-17 Development Permit Application DP 15-17

From: Development Services & Economic Development Department File #: 6620.00 Doc #:

Date: December 15, 2017

COMMITTEE RECOMMENDATION:

THAT Rezoning Application RZ 09-17/Development Permit Application DP 15-17 to accommodate a 33 unit, 3-Storey townhouse development located at 19607, 19619, 19629, 19649, 19655-55A Avenue be approved subject to execution of a Development Servicing Agreement in compliance with the conditions outlined in the Director of Development Services & Economic Development report.

PURPOSE OF REPORT:

To consider a Rezoning Application and Development Permit Application by F. Adab Architects Inc. to accommodate a 33 unit, 3 Storey townhouse development.

POLICY:

The subject properties are zoned RS1 Single Family Residential Zone in Zoning Bylaw No. 2100 and designated as Medium Density Residential in the Official Community Plan. All lands designated Medium Density Residential are subject to a Development Permit to address building form and character.

COMMENTS/ANALYSIS:

Background Information:

Applicant: Owners: Civic Addresses:	F. Adab Architects Inc. 1126337 BC Ltd. 19607, 19619, 19629, 19649, 19655 -55A Avenue
Legal Description:	Lots 69,70,71, Section 3, Township 8, Except Plan BCP50018, New Westminster District Plan 29479 and Lots A and B, Section 3, Township 8, New Westminster District Plan 19555
Site Area:	4,998 m ² (53,800 ft ²)
Lot Coverage:	44%
Total Parking Required:	75 stalls (including 7 visitor stalls)
Total Parking Provided:	75 stalls (including 7 visitor stalls)
Existing Zoning:	RS1 Single Family Residential Zone
Proposed Zoning:	CD 51 Comprehensive Development Zone
OCP Designation:	Medium Density Residential
Variances Requested:	None
Development Cost Charges:	\$446,110.25 (includes 5 SF credits)
Community Amenity Charge:	\$66,000

Engineering Requirements:

These requirements have been issued for a rezoning and development permit for a proposed **33 unit townhouse development.** These requirements may be subject to change upon receipt of a development application.

The City's Zoning Bylaw, 1996, #2100 has requirements concerning landscaping for buffer zones, parking, loading areas, and garbage / recycling areas, all of which apply to this Development.

A) <u>The developer is responsible for the following work which shall be designed</u> and approved by a Professional Engineer:

- 1. Implement erosion and sediment control measures designed and approved by a qualified professional in accordance with the City of Langley Watercourse Protection Bylaw #2518.
- 2. Conduct a water flow test and provide fire flow calculations by a Professional Engineer to determine if the existing water network is adequate for fire flows. Replacement of the existing watermain may be necessary to achieve the necessary pressure and flows to conform to Fire Underwriters Survey (FUS) "Water Supply for a Public Fire Protection, a Guide to Recommended Practice, 1995".
- 3. Additional C71P fire hydrants may be required to meet bylaw and firefighting requirements. Hydrant locations must approved by the City of Langley Fire Department. A hydrant is required within a ROW in the lane north of the site.
- 4. Design and construct a half-width road on 55A Avenue along the property frontage to a City of Langley Collector standard; including pavement, barrier curb and gutter, sidewalk, boulevard, street lighting, street trees and storm drainage. Additionally, any widening of the pavement structure, required to meet the design road width, will need to be designed by a geotechnical engineer. A cash-in-lieu amount for the top lift of pavement will be paid to the City, amount to be calculated by the developer's engineer.
- 5. The full construction of the rear lane north of the site and construction of an 8.0m wide lane along the west side of the site, to 55A Avenue, is required. A corner truncation is required at the intersection of the lanes. A decorative concrete wall along the 196 Street fence line, adjacent the lane, is required. Drainage infrastructure shall be provided to collect and convey runoff generated within the lanes. There will be no vehicle access to the site from 55A Avenue.
- 6. New water, sanitary and storm sewer service connections are required. The developer's engineer will determine the appropriate main tie in locations and size the connections for the necessary capacity. The capacity of the existing water and sewer mains should be assessed and any upgrades required to service the site shall be designed and installed at the Developer's expense. All existing services shall be capped at the main, at the Developer's expense, upon application for Demolition permit.
- 7. Undergrounding of the existing overhead Hydro and Telus is required along the 55A Avenue frontage.
- 8. A stormwater management plan for the site, including 55A Avenue and the lanes, is required. Rainwater management measures used on site shall

limit the release rate to mitigate flooding and environmental impacts as detailed in the Subdivision and Development Bylaw.

- 9. A Qualified Environmental Professional (QEP) must be engaged to complete an assessment of the proposed development to ensure compliance with the Riparian Area Regulations. The QEP shall propose measures to mitigate environmental impacts and compensate for lost habitat due to the infilling of the ditches along 55A Avenue and the lane, and must apply to DFO for approval.
- 10. The site layout shall be designed by a civil engineer to ensure that the parking and access layout meets minimum design standards, including setbacks from property lines. Appropriate turning templates should be used to prove parking stalls and drive-aisles are accessible by the design vehicle.
- 11. Upgrade existing 150mm AC watermain on 55A Avenue to 200mm PVC for the full property frontage and tie-in at 196 Street. Replace existing fire hydrant.

B) The developer is required to deposit the following bonding and connection fees:

- 1. A Security Deposit of 110% of the estimated offsite works construction costs of installing civil works, as approved by the Director of Engineering, Parks and Environment.
- Inspection and administration fees in accordance to the Subdivision Bylaw based on a percentage of the estimated construction costs. (See Schedule A – General Requirement - GR5.1 for details).
- 3. A deposit for a storm, sanitary and water connection is required, which will be determined after detailed civil engineering drawings are submitted, sealed by a Professional Engineer.
- 4. A \$20,000 bond for the installation of a water meter to current standards.

C) The developer is required to adhere to the following conditions:

- 1. Underground hydro and telephone, and cable services to the development site are required.
- 2. All survey costs and registration of documents with the Land Titles Office are the responsibility of the developer/owner.
- 3. A water meter is required to be installed outside in a vault away from any structures in accordance to the City's water meter specifications at the developer's cost. A double detector check valve assembly is required to

be installed outside away from any structure in a vault as per the City's specifications.

- 4. An approved backflow prevention assembly must be installed on the domestic water connection immediately upon entering the building to provide premise isolation.
- 5. A "Stormceptor" or equivalent oil separator is required to treat site surface drainage.
- 6. A complete set of "as-built" drawings sealed by a Professional Engineer shall be submitted to the City after completion of the works. Digital drawing files in *.pdf* and *.dwg* format shall also be submitted.
- The selection, location and spacing of street trees and landscaping shall be in accordance with the City of Langley's Official Community Plan Bylaw, 2005, No. 2600 and Street Tree Program, November, 1999 manual.
- 8. Stormwater run-off generated on the site shall not impact adjacent properties, or roadways.
- 9. The development falls within the area requiring approval from the Ministry of Transportation and Infrastructure for rezoning. The developer agrees to comply with any requirements that the Ministry may impose on the development.
- 10. Garbage and recycling enclosures shall be designed to meet Metro Vancouver's "Technical Specifications for Recycling and Garbage Amenities in Multi-family and Commercial Developments - June 2015 Update"

Discussion:

The applicant is proposing to redevelop the last five existing single family residential properties at the north-west corner of 55A Avenue with an attractive, 3 storey, 33 unit townhouse development. Vehicular access is provided from the rear lane and internal roads. Units are oriented toward the 55 A Avenue where possible. Resident parking is provided in enclosed secure garages with a combination of tandem parking and side by side double garages.

The current unconstructed gravel lane to the north will be upgraded and constructed by the developer. In addition, an 8.0m wide lane will be dedicated and constructed along the western side of the site in order to allow for the lane to be connected to 55A Avenue.

The form and character of the townhouse complex integrates a variety of exterior finishes, including cultured stone, hardie siding/board and horizontal siding, providing a contemporary west coast architectural expression. All units will have private root top decks providing desired outdoor amenity space.

The proposed development benefited from a Crime Prevention Through Environmental Design (CPTED) report by a qualified consultant whose recommendations are incorporated in the plans.

The subject application complies with the Official Community Plan's Development Permit Area Guidelines for Townhouse Developments.

Fire Department Comments:

Langley City Fire-Rescue Service has reviewed the attached plans and provided preliminary comments to the applicant. The department will review, and make further comment, as the project continues to the building permit design stage.

Advisory Planning Commission:

In accordance with Development Application Procedures Bylaw No. 2488, the subject applications will be reviewed by the Advisory Planning Commission at their January 10, 2018 meeting. A copy of the APC minutes will be presented to Langley City Council at the January 29, 2018 Regular Council meeting.

BUDGET IMPLICATIONS:

In accordance with Bylaw No. 2482, the proposed development would contribute \$446,110.25 to Development Cost Charge accounts and \$66,000 in Community Amenity Charges.

ALTERNATIVES:

- 1) Require changes to the applicant's proposal.
- 2) Deny application.

ZONING BYLAW, 1996, NO. 2100 AMENDMENT NO. 154

BYLAW No. 3077

A Bylaw to amend City of Langley Zoning Bylaw, 1996, No. 2100 to add a new Comprehensive Development Zone (CD62) and to rezone the property located at 5423. 5433, 19900, 19910, 19920, 19930 Brydon Crescent and .103 hectare portion of closed road shown as Parcel A on Reference Plan EPP73909 to the new zone.

WHEREAS the *Local Government Act* authorizes a local government to zone areas of a municipality and to make regulations pursuant to zoning;

NOW THEREFORE the Council of the City of Langley, in open meeting assembled, enacts as follows:

1. Title

This bylaw shall be cited as the "Zoning Bylaw 1996, No. 2100 Amendment No. 154, 2018, No. 3077".

2. Amendment

 Bylaw No. 2100, cited as the "Zoning Bylaw, 1996, No. 2100" is hereby amended by adding in Part VII Comprehensive Development Zones the following as the new Zone classification of Comprehensive Development – 62 (CD62) Zone: immediately after Comprehensive Development - 61 (CD61) Zone:

"GGG. CD62 COMPREHENSIVE DEVELOPMENT ZONE

1. Intent

This Zone is intended to accommodate and regulate a 4-storey, 127-unit condominium development.

2. Permitted Uses

The Land, buildings and structures shall only be used for the following uses only:

(a) Multiple-Unit Residential; and

- 1. Accessory uses limited to the following:
 - (i) *Home Occupations* excluding bed and breakfast and *child care centre*.

3. Site Dimensions

The following lot shall form the site and shall be zoned CD62 Comprehensive Development Zone on the Zoning Map, City of Langley Zoning Bylaw, 1996, No. 2100, Schedule "A":

(a) PID: 016-718-496

Parcel One, Section 3, Township 8, New Westminster District, Reference Plan 87123

- (b) PID: 004-457-251 Lot 96, Section 3, Township 8, New Westminster District, Plan 31842
- (c) PID: 005-440-114 Lot 229, Section 3, Township 8, New Westminster District Plan 56234
- (d) PID: 004-828-798
 Lot 230, Section 3, Township 8, New Westminster District Plan 56234
- (e) PID: 005-440-483 Lot 231, Section 3, Township 8, New Westminster District Plan 56234
- (f) PID: 005-440-505
 Lot 232, Section 3, Township 8, New Westminster District Plan 56234
- (g) 0.103 Ha portion of closed road shown as Parcel A on Reference Plan EPP73909

4. Siting and Size of Buildings and Structures and Site Coverage

The location, size and site coverage of the buildings and structures of the Development shall generally conform to the plans and specifications comprising 22 pages and dated July 6, 2018 prepared by Points West Architecture Ltd. and Van Der Zalm & Associates Inc. Landscape Architecture one copy of which is attached to Development Permit No. 12-18.

5. Special Regulations

Special regulations shall comply with subsection 9 Special Regulations prescribed in the respective zones under different Parts of this bylaw.

6. Other Regulations

In addition, land use regulations including the following are applicable:

- a. General provisions on use are set out in Section I.D. of this bylaw;
- b. Building Permits shall be subject to the City of Langley Building and Plumbing Regulation Bylaw and the Development Cost Charge Bylaw; and
- c. Subdivisions shall be subject to the City of Langley Subdivision and Development Servicing Bylaw, and the *Land Title* Act."

READ A FIRST AND SECOND TIME this twenty third day of August, 2018.

A PUBLIC HEARING, pursuant to Section 464 of the "Local Government Act" was held this twenty fourth day of September, 2018.

READ A THIRD TIME this fifteenth day of October, 2018.

FINALLY ADOPTED this -- day of --, 2018.

ADVISORY PLANNING COMMISSION REPORT

To: Advisory Planning Commission

Subject Rezoning Application No. RZ 10-18 Development Permit Application DP 12-18

From: Development Services & Economic Development Department File #: 6620.00 Doc #:

Date: July 20, 2018

COMMITTEE RECOMMENDATION:

THAT Rezoning Application RZ 10-18 and Development Permit Application DP 12-18 to accommodate a 127 unit, four storey condominium apartment located at 5423, 5433, 19900, 19910, 19920, 19930 Brydon Crescent be approved subject to execution of a Development Servicing Agreement in compliance with the conditions outlined in the Director of Development Services & Economic Development report.

PURPOSE OF REPORT:

To consider a Rezoning Application and Development Permit Application by Points West Architecture for a 127 unit, four storey condominium apartment development.

POLICY:

The subject properties are designated "High Density Residential" in the Official Community Plan and are part of the Multifamily Residential Development Permit Area to address building form and character.

COMMENTS/ANALYSIS:

Background Information:

Applicant: Owner: Civic Addresses: Legal Description: Site Area: Lot Coverage:	Points West Architecture Oaken Developments (Brydon) Inc. 5423. 5433, 19900, 19910, 19920, 19930 Brydon Crescent Lot 96, Section3, Township 8, New Westminster District Plan 31842; Parcel One, Section 3, Township 8, New Westminster District Reference Plan 87123; Lot 229, Section 3, Township 8, New Westminster District Plan 56234; Lot 230, Section 3, Township 8, New Westminster District Plan 56234; Lot 231, Section 3, Township 8, New Westminster District Plan 56234; Lot 232, Section 3, Township 8, New Westminster District Plan 56234; Lot 232, Section 3, Township 8, New Westminster District Plan 56234; .103 Ha portion of un-zoned closed road shown as parcel A on Reference Plan EPP73909 2.54 Acres 29%

OCP Designation: Variances Requested: Development Cost Charges: Community Amenity Charge:	High Density Residential None \$1,579,149.75 (Includes \$147,447.00 DCC Credit) \$254,000.00

Engineering Requirements:

These requirements have been issued for a rezoning and development permit for a proposed **127 Unit Condominium Apartment.** These requirements may be subject to change upon receipt of a development application.

The City's Zoning Bylaw, 1996, #2100 has requirements concerning landscaping for buffer zones, parking, loading areas, and garbage / recycling areas, all of which apply to this Development.

A) <u>The developer is responsible for the following work which shall be designed</u> by a Professional Engineer:

- A Qualified Environmental Professional (QEP) must be engaged to complete an assessment of the proposed development to ensure compliance with the Riparian Area Regulations. Setbacks from Brydon/Baldi Creek should be shown on all plans, and protection of the riparian area must be part of the Erosion and Sediment control plan for all phases of work in accordance with the City of Langley Watercourse Protection Bylaw #2518.
- 2. Design and construct a 3m wide pedestrian walkway and clear span bridge connecting Brydon Crescent and the Baldi Creek Trail.
- 3. Conduct a water flow test and provide fire flow calculations by a Professional Engineer to determine if the existing water network is adequate for fire flows. Replacement of the existing watermain may be necessary to achieve the necessary pressure and flows to conform to Fire Underwriters Survey (FUS) "Water Supply for a Public Fire Protection, a Guide to Recommended Practice, 1995".
- 4. Additional C71P fire hydrants may be required to meet bylaw and firefighting requirements. Hydrant locations must approved by the City of Langley Fire Department.
- 5. New water, sanitary and storm sewer service connections are required. The developer's engineer will determine the appropriate main tie in locations and size the connections for the necessary capacity. The capacity of the existing water and sewer mains must be assessed and any upgrades required to service the site shall be designed and installed at the Developer's expense. All existing services shall be capped at the main, at the Developer's expense, upon application for Demolition permit.

- 6. The Developer must replace the existing 450mm AC sanitary sewer main through the site in the statutory right-of-way. The 100mm AC sanitary service is to be abandoned. Works to be designed by the Developers engineer and approved by the City Engineer.
- 7. New driveway crossing, removal of existing driveway crossings, and street trees are required on Brydon Crescent.
- 8. The street lighting fronting the site shall be analyzed and, if necessary, upgraded to City of Langley Standards.
- 9. A stormwater management plan for the site is required. Rainwater management measures used on site shall limit the release rate to mitigate flooding and environmental impacts as detailed in the Subdivision and Development Bylaw.
- 10. The condition of the existing pavement surrounding the site shall be assessed by a geotechnical engineer. Pavements shall be adequate for an expected road life of 20 years under the expected traffic conditions for the class of road. Road construction and asphalt overlay designs shall be based on the analysis of the results of Benkelman Beam tests and test holes carried out on the existing road which is to be upgraded. If the pavement is inadequate it shall be remediated, at developer's cost.
- 11. The condition of the existing pavement on the Brydon Crescent frontage requires final overlay. This requirement will be fulfilled by a cash-in-lieu payment.
- 12. Eliminate the existing overhead hydro/tel wiring and poles along the frontage by replacing with underground hydro/tel infrastructure.
- 13. The selection, location and spacing of street trees and landscaping shall be in accordance with the City of Langley's Official Community Plan Bylaw, 2005, No. 2600 and Street Tree Program, November, 1999 manual.

B) The developer is required to deposit the following bonding and connection fees:

- 1. The City requires a Security Deposit based on the estimated construction costs of installing civil works, as approved by the Director of Engineering, Parks and Environment.
- The City would require inspection and administration fees in accordance to the Subdivision Bylaw based on a percentage of the estimated construction costs. (See Schedule A – General Requirement - GR5.1 for details).

- 3. A deposit for a storm, sanitary and water connection is required, which will be determined after detailed civil engineering drawings are submitted, sealed by a Professional Engineer.
- 4. The City would require a \$20,000 bond for the installation of a water meter to current standards.

C) The developer is required to adhere to the following conditions:

- 1. Building and site plans must adhere to the setbacks as determined by a Qualified Environmental Professional and approved through the RAR process.
- 2. Undergrounding of the existing overhead hydro and Telephone poles along the Brydon Crescent frontage is required.
- 3. Undergrounding of hydro, telephone and cable services to the development site are required.
- 4. All survey costs and registration of documents with the Land Titles Office are the responsibility of the developer/owner.
- 5. A water meter is required to be installed outside in a vault away from any structures in accordance to the City's water meter specifications at the developer's cost. A double detector check valve assembly is required to be installed outside away from any structure in a vault as per the City's specifications.
- 6. A "Stormceptor" or equivalent oil separator is required to treat parkade drainage.
- 7. A complete set of "as-built" drawings sealed by a Professional Engineer shall be submitted to the City after completion of the works. Digital drawing files in *.pdf* and *.dwg* format shall also be submitted.
- The selection, location and spacing of street trees and landscaping shall be in accordance with the City of Langley's Official Community Plan Bylaw, 2005, No. 2600 and Street Tree Program, November, 1999 manual.
- 9. Stormwater run-off generated on the site shall not impact adjacent properties, or roadways.
- 10. Garbage and recycling enclosures shall accommodated on the site and be designed to meet Metro Vancouver's "Technical Specifications for Recycling and Garbage Amenities in Multi-family and Commercial Developments - June 2015 Update"

Discussion:

The applicant is proposing to redevelop six existing single family residential properties with an attractive, 4 storey, 127 unit condominium apartment building. In addition, the City has executed a Road Closure and Sale Agreement with the owner, Oaken Developments (Brydon) Inc. for surplus right of way located in between two lots that will be consolidated within the development. Access to the underground parkade for tenant parking and designated visitor parking is off Brydon Crescent.

The proposed condominium offers a wide variety of suites, ranging from 578 ft^2 to 1,325 ft^2 to meet the needs of a wide range of homeowners. A wide variety of architectural elements are incorporated into the contemporary building design, such as heavy timber columns and brackets, dramatic sloped gables on roof, horizontal and vertical siding, cultured stone, and generous landscape decks above the parking structure providing private and comment outdoor space, contribute to the architectural form and character of the building.

In addition, the applicant has accommodated a 8m wide fire lane off Brydon Crescent that will link with a 3m wide pedestrian walkway and clear span bridge connecting Brydon Crescent and the Baldi Creek Trail network.

The proposed development benefited from a Crime Prevention Through Environmental Design (CPTED) review by a qualified consultant whose recommendations were incorporated into the plans.

The subject application complies with the Official Community Plan's Development Permit Area Guidelines for Multifamily Residential Areas.

Fire Department Comments:

Langley City Fire-Rescue Service has reviewed the attached plans and provided preliminary comments to the applicant. The department will review, and make further comment, as the project continues to the building permit design stage.

Advisory Planning Commission:

In accordance with Development Application Procedures Bylaw No. 2488, the subject applications will be reviewed by the Advisory Planning Commission at

the August 8, 2018 meeting. A copy of the APC minutes will be presented to Langley City Council at the August 23, 2018 Special Council meeting.

BUDGET IMPLICATIONS:

In accordance with Bylaw No. 2482, the proposed development would contribute \$1,579,149.75 to Development Cost Charge accounts and \$254,000 in Community Amenity Charges.

ALTERNATIVES:

- 1. Require changes to the applicant's proposal.
- 2. Deny application.

Prepared by:

Gerald Minchuk, MCIP Director of Development Services & Economic Development

MINUTES OF THE ADVISORY PLANNING COMMISSION MEETING

HELD IN LANGLEY CITY HALL CKF COMMUNITY BOARDROOM

WEDNESDAY, AUGUST 8, 2018 7:00 PM

- Present: Councillor Jack Arnold, Chairman Councillor Paul Albrecht, Vice-Chairman John Beimers Trish Buhler Shelley Coburn, School District No. 35 Kimberley Lubinich Ron Madsen Dan Millsip
- Staff: Gerald Minchuk, Director of Development Services & Economic Development
- Absent: Constable Lisa Cormier, Langley RCMP Kim Mullin Jamie Schreder

1) <u>RECEIPT OF MINUTES</u>

MOVED BY Commission Member Buhler SECONDED BY Commission Member Madsen

THAT the minutes for the June 13, 2018 Advisory Planning Commission meeting be received.

CARRIED

2) <u>REZONING APPLICATION RZ 11-18/DEVELOPMENT PERMIT</u> <u>APPLICATION DP 13-18- 19610, 19618-19626, 19630-19632, 19638,</u> <u>19648-19650 -55A AVENUE & UNZONED PORTION OF CLOSED</u> <u>ROAD ON PLAN EPP83409</u>

The Director Development Services & Economic Development provided a brief overview of the planning context for the proposed Rezoning/Development Permit applications, and introduced Fred Adab, F..Adab Architects Inc. and Marlene Messer, PMG Landscape Architects who presented the proposed applications. Following discussion on building form and character, architectural design, lane closure, tandem parking, landscaping, Sustainability features, and CPTED security measures, it was:

MOVED BY Commission Member Madsen SECONDED BY Commission Member Lubinich

OPPOSED BY Commission Member Millsp, Member Buhler

That Rezoning Application RZ 11-18/Development Permit Application DP 13-18 to accommodate a 3-storey, 41-unit townhouse development located at 19610, 19618-19626, 19630-19632, 19638, 19648-19650-55A Avenue & Un-zoned Portion of Closed Road On Plan EPP83409 be approved, subject to execution of a Development Servicing Agreement and compliance with the conditions outlined in the Director of Development Services & Economic Development's report be approved.

<u>CARRIED</u>

3)

REZONING APPLICATION RZ 10-18/DEVELOPMENT PERMIT APPLICATION DP 12-18- 5423, 5433, 19900, 19910, 19920, 19930 BRYDON CRESCENT & UNZONED PORTION OF CLOSED ROAD ON PLAN EPP73909

The Director Development Services & Economic Development provided a brief overview of the planning context for the proposed Rezoning/Development Permit applications, and introduced Wes Freisen, Points West Architecture, who presented the proposed applications. Following discussion on site plan, building form and character, building exterior, parking, lane closure, new pedestrian walkway and bridge, site landscaping, sustainability features and CPTED security measures, it was:

MOVED BY Commission Member Buhler SECONDED BY Commission Member Millsip

That Rezoning Application RZ 10-18/Development Permit Application DP 12-18 to accommodate a 127 unit, four-story condominium apartment located at 5423, 5433, 19900, 19910, 19920, 19930 Brydon Crescent & Un-zoned Portion of Closed Road on Plan EPP73909 be approved subject to execution of a Development Servicing Agreement and compliance with the conditions outlined in the Director of Development Services & Economic Development's report be approved.

CARRIED

4) <u>REZONING APPLICATION RZ 13-18 - 20555-56 AVENUE</u>

The Director Development Services & Economic Development provided a brief overview of the planning context for the proposed "microbrewery" Rezoning application, and introduced Bill Ulrich, Simcic & Ulrich Architects who presented the proposed application. Following discussion on proposed building tenant improvements, hours of operation, outdoor patio, occupant capacity, Provincial liquor licensing, it was:

MOVED BY Commission Member Millsip SECONDED BY Commission Member Buhler

That Rezoning Application RZ 13-18 to accommodate a 'microbrewery" located at 20555-56th Avenue be approved subject to execution of a Development Servicing Agreement and compliance with the conditions outlined in the Director of Development Services & Economic Development's report be approved.

CARRIED

5) <u>REZONING APPLICATION RZ 14-18/DEVELOPMENT PERMIT</u> <u>APPLICATION DP 14-18- 5475, 5483, 5493-BRYDON CRESCENT</u>

The Director Development Services & Economic Development provided a brief overview of the planning context for the proposed Rezoning/Development Permit applications, and introduced Lukas Wykpis and Eric Poxleitner, Keystone Architecture & Planning Ltd. who presented the proposed applications. Following discussion on site plan, building form and character, landscaping, sustainability features and CPTED security measures, it was:

MOVED BY Commission Member Beimers SECONDED BY Commission Member Lubinich

That Rezoning Application RZ 14-18/Development Permit Application DP 14-18 to accommodate a 78 unit, 5-storey townhouse development located at 5475, 5483, 5493- Brydon Crescent be approved subject to execution of a Development Servicing Agreement and compliance with the conditions outlined in the Director of Development Services & Economic Development's report be approved.

CARRIED

Discussion:

Discussion ensued regarding the Council decision relating to tandem parking and that staff report back to the Advisory Planning Committee on action items arising from Committee motions.

Shelley Coburn, School District No. 35 Trustee expressed concerns the School District is facing due to significant development activity, reduced classroom sizes, and Provincial school funding.

6) <u>Next Meetings:</u>

Wednesday, September 12, 2018

7) <u>ADJOURNMENT</u>

MOVED BY Commission Member Coburn SECONDED BY Commission Member Buhler

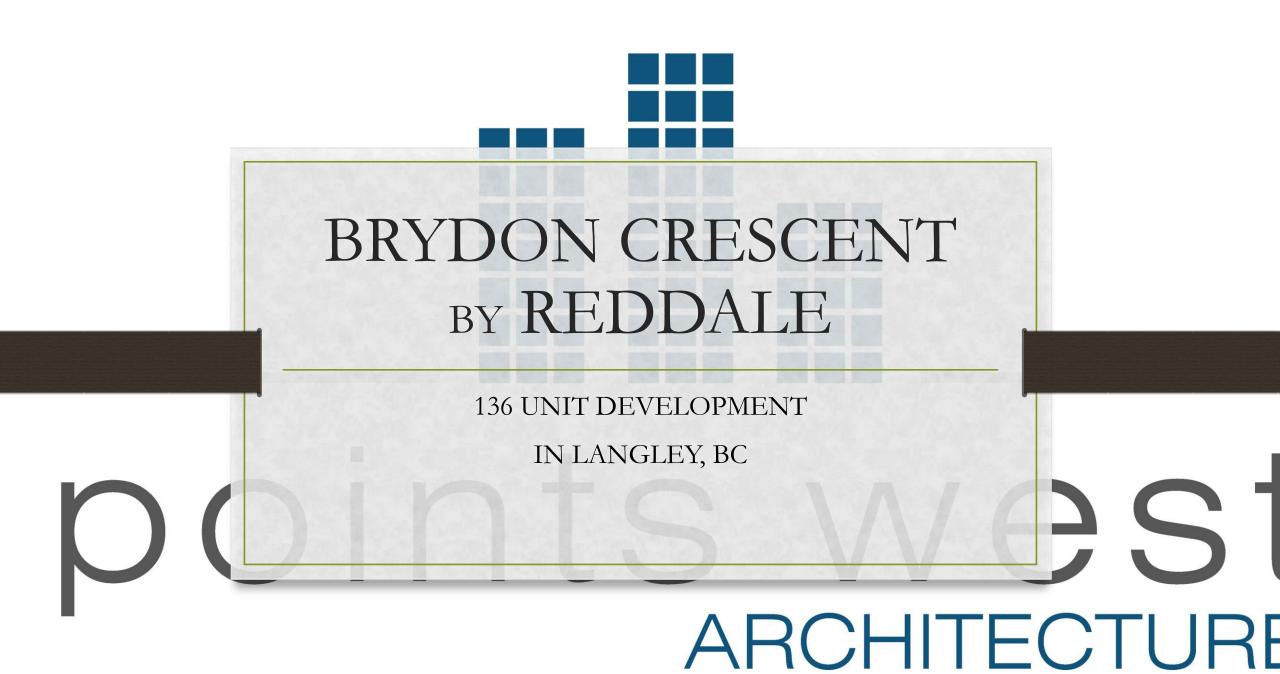

THAT the meeting adjourn at 9:15 P.M.

CPTED PRINCIPLES

CPTED Report Prepared By Liahona Security Consortium Inc.

Natural Surveillance:

- Clear viewing points of the entire property from the residential unit windows & balconies.
- Secure underground parking for residents.
- Site lighting will evenly illuminate all public areas.

Natural Access Control:

- There are two clearly defined main entry points.
- The raised platform stops unwanted access from the perimeter of the property.

Maintenance & Management (Owner will initial programs such as):

- Landscape maintenance program to avoid overgrowth.
- Building maintenance program to repair/remove any vandalism or graffiti within 24-48 hours.

CPTED REVIEW REPORT

REDDALE ENTERPRISES LTD.

LIAHONA SECURITY CONSORTIUM INC

ne: (250) 743-8948

Report Date: 07/June/201

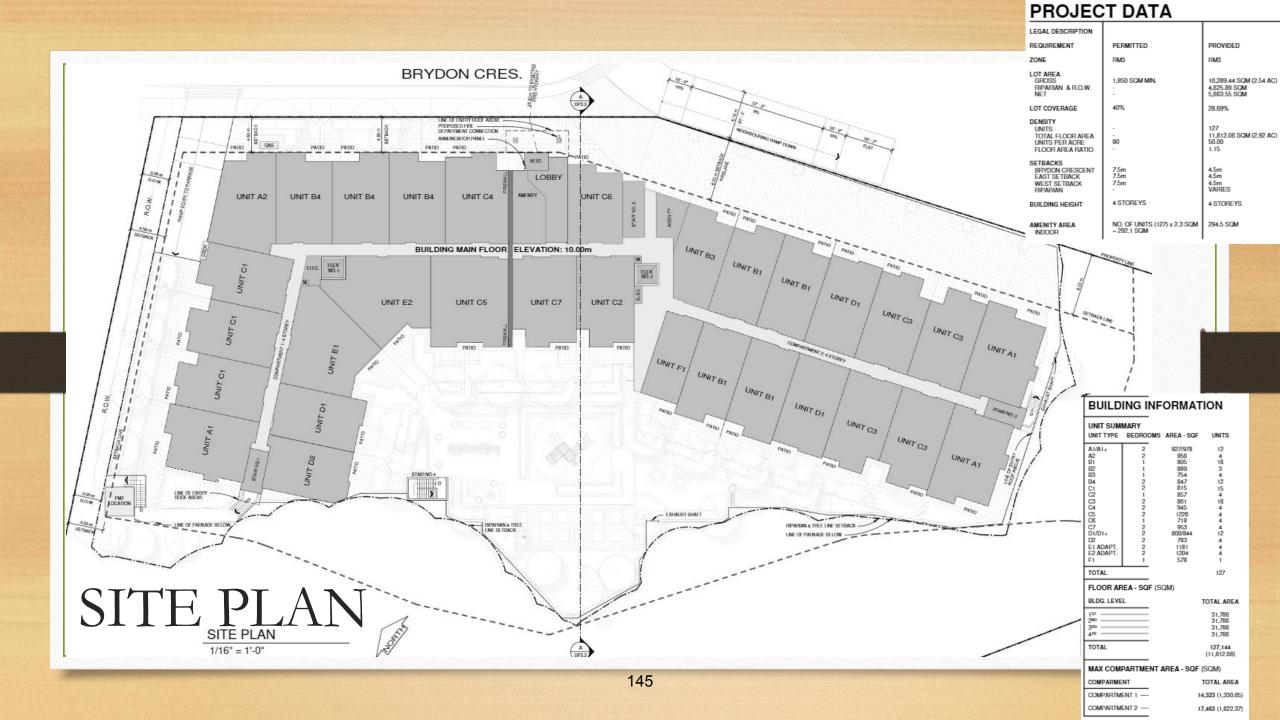

Territoriality:

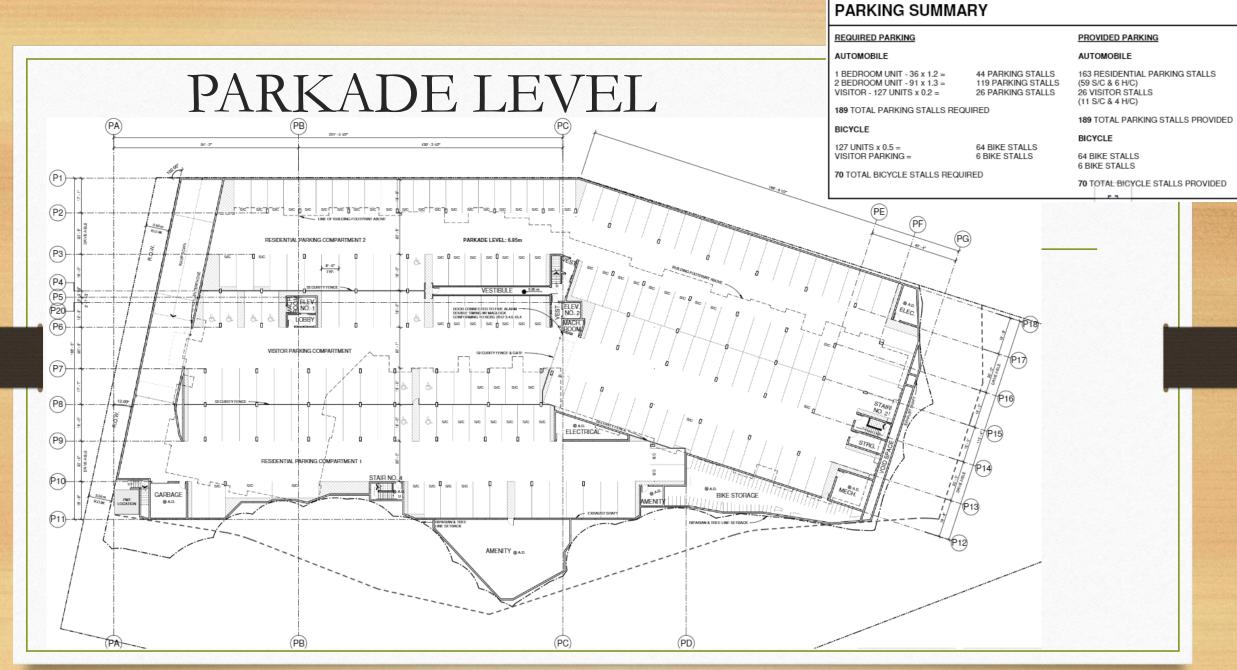

• Each 1st floor unit has a private, grassed yard area, which increases the sense of ownership.

SUSTAINABILITY

Sustainability for the building has been addressed with the following items:

- Large decks and substantial overhangs create shade in the summer months.
- All outdoor lights are ground-oriented.
- Energy efficient lighting will be used.
- Low v.o.c. paints will be used.
- Renewable wood is a major building component.
- Low maintenance materials will contribute to low life-cycle costs.

Development Permit No. 12-18

THAT Development Permit Application DP 12-18 to accommodate a 127 unit, four storey condominium apartment located at 5423, 5433, 19900, 19910, 19920, 19930 Brydon Crescent be approved subject to execution of a Development Servicing Agreement in compliance with the conditions outlined in the Director of Development Services & Economic Development report.

Advisory Planning Commission Report

To: Advisory Planning Commission

Subject Rezoning Application No. RZ 10-18 Development Permit Application DP 12-18

From: Development Services & Economic Development Department File #: 6620.00 Doc #:

Date: July 20, 2018

COMMITTEE RECOMMENDATION:

THAT Rezoning Application RZ 10-18 and Development Permit Application DP 12-18 to accommodate a 127 unit, four storey condominium apartment located at 5423, 5433, 19900, 19910, 19920, 19930 Brydon Crescent be approved subject to execution of a Development Servicing Agreement in compliance with the conditions outlined in the Director of Development Services & Economic Development report.

PURPOSE OF REPORT:

To consider a Rezoning Application and Development Permit Application by Points West Architecture for a 127 unit, four storey condominium apartment development.

POLICY:

The subject properties are designated "High Density Residential" in the Official Community Plan and are part of the Multifamily Residential Development Permit Area to address building form and character.

COMMENTS/ANALYSIS:

Background Information:

Applicant: Owner: Civic Addresses: Legal Description: Site Area: Lot Coverage:	Points West Architecture Oaken Developments (Brydon) Inc. 5423. 5433, 19900, 19910, 19920, 19930 Brydon Crescent Lot 96, Section3, Township 8, New Westminster District Plan 31842; Parcel One, Section 3, Township 8, New Westminster District Reference Plan 87123; Lot 229, Section 3, Township 8, New Westminster District Plan 56234; Lot 230, Section 3, Township 8, New Westminster District Plan 56234; Lot 231, Section 3, Township 8, New Westminster District Plan 56234; Lot 232, Section 3, Township 8, New Westminster District Plan 56234; Lot 232, Section 3, Township 8, New Westminster District Plan 56234; .103 Ha portion of un-zoned closed road shown as parcel A on Reference Plan EPP73909 2.54 Acres 29%
Total Parking Required: Total Parking Provided: Existing Zoning: Proposed Zoning:	189 Stalls (including 26 visitor stalls) 189 Stalls (including 26 visitor stalls) RS1 Single Family Residential Zone CD 62 (Comprehensive Development Zone)
OCP Designation: Variances Requested: Development Cost Charges: Community Amenity Charge:	High Density Residential None \$1,579,149.75 (Includes \$147,447.00 DCC Credit) \$254,000.00

Engineering Requirements:

These requirements have been issued for a rezoning and development permit for a proposed **127 Unit Condominium Apartment.** These requirements may be subject to change upon receipt of a development application.

The City's Zoning Bylaw, 1996, #2100 has requirements concerning landscaping for buffer zones, parking, loading areas, and garbage / recycling areas, all of which apply to this Development.

A) <u>The developer is responsible for the following work which shall be designed</u> by a Professional Engineer:

- 1. A Qualified Environmental Professional (QEP) must be engaged to complete an assessment of the proposed development to ensure compliance with the Riparian Area Regulations. Setbacks from Brydon/Baldi Creek should be shown on all plans, and protection of the riparian area must be part of the Erosion and Sediment control plan for all phases of work in accordance with the City of Langley Watercourse Protection Bylaw #2518.
- 2. Design and construct a 3m wide pedestrian walkway and clear span bridge connecting Brydon Crescent and the Baldi Creek Trail.
- 3. Conduct a water flow test and provide fire flow calculations by a Professional Engineer to determine if the existing water network is adequate for fire flows. Replacement of the existing watermain may be necessary to achieve the necessary pressure and flows to conform to Fire Underwriters Survey (FUS) "Water Supply for a Public Fire Protection, a Guide to Recommended Practice, 1995".
- 4. Additional C71P fire hydrants may be required to meet bylaw and firefighting requirements. Hydrant locations must approved by the City of Langley Fire Department.
- 5. New water, sanitary and storm sewer service connections are required. The developer's engineer will determine the appropriate main tie in locations and size the connections for the necessary capacity. The capacity of the existing water and sewer mains must be assessed and any upgrades required to service the site shall be designed and installed at the Developer's expense. All existing services shall be capped at the main, at the Developer's expense, upon application for Demolition permit.

- 6. The Developer must replace the existing 450mm AC sanitary sewer main through the site in the statutory right-of-way. The 100mm AC sanitary service is to be abandoned. Works to be designed by the Developers engineer and approved by the City Engineer.
- 7. New driveway crossing, removal of existing driveway crossings, and street trees are required on Brydon Crescent.
- 8. The street lighting fronting the site shall be analyzed and, if necessary, upgraded to City of Langley Standards.
- 9. A stormwater management plan for the site is required. Rainwater management measures used on site shall limit the release rate to mitigate flooding and environmental impacts as detailed in the Subdivision and Development Bylaw.
- 10. The condition of the existing pavement surrounding the site shall be assessed by a geotechnical engineer. Pavements shall be adequate for an expected road life of 20 years under the expected traffic conditions for the class of road. Road construction and asphalt overlay designs shall be based on the analysis of the results of Benkelman Beam tests and test holes carried out on the existing road which is to be upgraded. If the pavement is inadequate it shall be remediated, at developer's cost.
- 11. The condition of the existing pavement on the Brydon Crescent frontage requires final overlay. This requirement will be fulfilled by a cash-in-lieu payment.
- 12. Eliminate the existing overhead hydro/tel wiring and poles along the frontage by replacing with underground hydro/tel infrastructure.
- 13. The selection, location and spacing of street trees and landscaping shall be in accordance with the City of Langley's Official Community Plan Bylaw, 2005, No. 2600 and Street Tree Program, November, 1999 manual.

B) The developer is required to deposit the following bonding and connection fees:

- 1. The City requires a Security Deposit based on the estimated construction costs of installing civil works, as approved by the Director of Engineering, Parks and Environment.
- The City would require inspection and administration fees in accordance to the Subdivision Bylaw based on a percentage of the estimated construction costs. (See Schedule A – General Requirement - GR5.1 for details).

- 3. A deposit for a storm, sanitary and water connection is required, which will be determined after detailed civil engineering drawings are submitted, sealed by a Professional Engineer.
- 4. The City would require a \$20,000 bond for the installation of a water meter to current standards.

C) The developer is required to adhere to the following conditions:

- 1. Building and site plans must adhere to the setbacks as determined by a Qualified Environmental Professional and approved through the RAR process.
- 2. Undergrounding of the existing overhead hydro and Telephone poles along the Brydon Crescent frontage is required.
- 3. Undergrounding of hydro, telephone and cable services to the development site are required.
- 4. All survey costs and registration of documents with the Land Titles Office are the responsibility of the developer/owner.
- 5. A water meter is required to be installed outside in a vault away from any structures in accordance to the City's water meter specifications at the developer's cost. A double detector check valve assembly is required to be installed outside away from any structure in a vault as per the City's specifications.
- 6. A "Stormceptor" or equivalent oil separator is required to treat parkade drainage.
- 7. A complete set of "as-built" drawings sealed by a Professional Engineer shall be submitted to the City after completion of the works. Digital drawing files in *.pdf* and *.dwg* format shall also be submitted.
- 8. The selection, location and spacing of street trees and landscaping shall be in accordance with the City of Langley's Official Community Plan Bylaw, 2005, No. 2600 and Street Tree Program, November, 1999 manual.
- 9. Stormwater run-off generated on the site shall not impact adjacent properties, or roadways.
- 10. Garbage and recycling enclosures shall accommodated on the site and be designed to meet Metro Vancouver's "Technical Specifications for Recycling and Garbage Amenities in Multi-family and Commercial Developments - June 2015 Update"

Discussion:

The applicant is proposing to redevelop six existing single family residential properties with an attractive, 4 storey, 127 unit condominium apartment building. In addition, the City has executed a Road Closure and Sale Agreement with the owner, Oaken Developments (Brydon) Inc. for surplus right of way located in between two lots that will be consolidated within the development. Access to the underground parkade for tenant parking and designated visitor parking is off Brydon Crescent.

The proposed condominium offers a wide variety of suites, ranging from 578 ft^2 to 1,325 ft^2 to meet the needs of a wide range of homeowners. A wide variety of architectural elements are incorporated into the contemporary building design, such as heavy timber columns and brackets, dramatic sloped gables on roof, horizontal and vertical siding, cultured stone, and generous landscape decks above the parking structure providing private and comment outdoor space, contribute to the architectural form and character of the building.

In addition, the applicant has accommodated a 8m wide fire lane off Brydon Crescent that will link with a 3m wide pedestrian walkway and clear span bridge connecting Brydon Crescent and the Baldi Creek Trail network.

The proposed development benefited from a Crime Prevention Through Environmental Design (CPTED) review by a qualified consultant whose recommendations were incorporated into the plans.

The subject application complies with the Official Community Plan's Development Permit Area Guidelines for Multifamily Residential Areas.

Fire Department Comments:

Langley City Fire-Rescue Service has reviewed the attached plans and provided preliminary comments to the applicant. The department will review, and make further comment, as the project continues to the building permit design stage.

Advisory Planning Commission:

In accordance with Development Application Procedures Bylaw No. 2488, the subject applications will be reviewed by the Advisory Planning Commission at

the August 8, 2018 meeting. A copy of the APC minutes will be presented to Langley City Council at the August 23, 2018 Special Council meeting.

BUDGET IMPLICATIONS:

In accordance with Bylaw No. 2482, the proposed development would contribute \$1,579,149.75 to Development Cost Charge accounts and \$254,000 in Community Amenity Charges.

ALTERNATIVES:

- 1. Require changes to the applicant's proposal.
- 2. Deny application.

Variances Requested:	None

ZONING BYLAW, 1996, NO. 2100 Amendment No. 147 Bylaw No. 3055

A Bylaw to amend City of Langley Zoning Bylaw, 1996, No. 2100 to add a new Comprehensive Development Zone (CD56) and to rezone the property located at 19868 Langley Bypass to the new zone.

WHEREAS the *Local Government Act* authorizes a local government to zone areas of a municipality and to make regulations pursuant to zoning;

NOW THEREFORE the Council of the City of Langley, in open meeting assembled, enacts as follows:

1. **Title**

This bylaw shall be cited as the "Zoning Bylaw 1996, No. 2100 Amendment No. 147, 2018, No. 3055".

2. Amendment

(1) Bylaw No. 2100, cited as the "Zoning Bylaw, 1996, No. 2100" is hereby amended by adding in Part VII Comprehensive Development Zones the following as the new Zone classification of Comprehensive Development – 56 (CD56) Zone: immediately after Comprehensive Development -55 (CD55) Zone:

"AAA. CD56 COMPREHENSIVE DEVELOPMENT ZONE

1. Intent

This Zone is intended to accommodate and regulate a commercial development consisting of approximately 49,962 m^2 (537,791 ft²) of floor area.

2. Permitted Uses

The Land, buildings and structures shall only be used for the following uses only:

(a) Uses permitted in the Service Commercial (C2) Zone; however:

- i. Retail Store uses are limited to 25% of the total gross floor building area to be constructed on the site; and
- (b) Retail Warehouse uses with an individual commercial retail unit less than $371.6m^2$ (4,000 ft²) are not permitted.

3. Site Dimensions

The following lot shall form the site and shall be zoned CD 56 Comprehensive Development Zone on the Zoning Map, City of Langley Zoning Bylaw, 1996, No. 2100, Schedule "A":

(a) PID: 002-161-877

Lot 69, Section 10, Township 8, District Lot 310, Group 2,New Westminster District Plan 39945 Except: Firstly: Part Subdivided By Plan 53640 Secondly: Part on Statutory Right Of Way Plan 40248 Thirdly: Part Road On Plan NWP88141 And Fourthly: Part Now Road On Plan EPP48107

4. Siting and Size of Buildings and Structures and Site Coverage

The location, size and site coverage of the buildings and structures of the Development shall generally conform to the plans and specifications attached to Development Permit 07-14.

5. Special Regulations

Special regulations shall comply with subsection 9 Special Regulations prescribed in the respective zones under different Parts of this bylaw.

6. Other Regulations

In addition, land use regulations including the following are applicable:

- (a) General provisions on use are set out in Section I.D. of this bylaw;
- (b) Building Permits shall be subject to the City of Langley Building and Plumbing Regulation Bylaw and the Development Cost Charge Bylaw; and;
- (c) Subdivisions shall be subject to the City of Langley Subdivision and Development Servicing Bylaw, and the *Land Title* Act."

READ A FIRST AND SECOND TIME this nineteenth day of March, 2018.

A PUBLIC HEARING, pursuant to Section 464 of the "Local Government Act" was held this 9th day of April, 2018.

READ A THIRD TIME this 9th day of April, 2018.

APPROVED PURSUANT TO SEC 52 (3)(a) OF THE TRANSPORTATION ACT this nineteenth day of October, 2018.

FINALLY ADOPTED this -- day of , 2018.

	Statutory Right of Way Plan 40248; Thirdly: Part Road on Plan NWP88141; Fourthly: Part Now Road On Plan EPP48107		
Applicant:	Wesgroup		
Owner:	Langley City Square Properties Ltd.		

Advisory Planning Commission Report

To: Advisory Planning Commission

Subject Rezoning Application RZ 04-18 -19868 Langley Bypass -Wesgoup

From: Development Services & Economic Development Department File #: 6620.00 Doc #:

Date: March 2, 2018

COMMITTEE RECOMMENDATION:

THAT Rezoning Application RZ 04-18 to permit a maximum of 25% of the total gross floor building area for individual commercial tenants to be less than 371.6 m^2 (4,000 ft²) for the development located at 19868 Langley Bypass be approved.

PURPOSE OF REPORT:

To consider a Rezoning Application by *Wesgroup* to amend the Zoning Bylaw regulation for "retail warehouse" use as it relates to the commercial shopping centre located a 19868 Langley Bypass to permit a maximum of 25% of the total gross floor building area for individual tenants to be less than 371.6 m² (4,000 ft²).

POLICY:

The subject property is zoned C2 Service Commercial Zone and designated as Service Commercial in the Official Community Plan.

COMMENTS/ANALYSIS:

Background Information:

Applicant: Owner: Civic Addresses: Legal Description:	Wesgroup Langley City Square Properties Ltd. 19868 Langley Bypass Lot 69 Section 10 Township 8 District Lot 310 Group 2 New Westminster District Plan 39945 Except; Firstly: Part Subdivided By Plan 53640, Secondly: Part On Statutory Right Of Way Plan 40248, Thirdly: Part Road On Plan NWP88141 And Fourthly: Part Now Road On Plan EPP48107
Site Area:	49,962 m ²
Lot Coverage:	34%
Total Parking Required:	546 spaces
Total Parking Provided:	548 spaces
Existing Zoning:	C2 Service Commercial Zone
Proposed Zoning:	CD56 Comprehensive Development Zone
OCP Designation:	Service Commercial
Variances Requested:	None

Engineering Requirements:

Conduct safety audit of the access on the west side of the site at intersecting lanes from the Langley Bypass and Fraser Highway. The construction of any of the recommended safety improvements should be completed by the developer.

Discussion:

The subject property is currently zoned C2 Service Commercial Zone. This zone is intended to accommodate and regulate the development of commercial uses which require large format sites, and are generally not accommodated in downtown core commercial areas. To differentiate retail activity within the C2 Zone, retailing is defined as Retail Warehouse which

only permits retailing of good and services provided that individual commercial retail units (CRU's) are not less than 371.6 m² (4,000 ft²).

The owner of Langley City Square, *Wesgroup*, has successfully attracted and created an outstanding large format retail development prominently located along the Langley Bypass, consisting of 537,791 ft². In doing so, it has fulfilled the original vision and intent of the City's C2 Zone. Despite the success of the overall development, there remain a few vacant spaces on the site that they believe would be ideally suited for smaller scale tenants and complement to the vibrancy of the site, occupying less than 4,000 ft².

As a result, the owner's are requesting exemption of the $4,000 \text{ ft}^2$ requirement for retail warehouse tenants, that would only be applicable to a maximum of 25% of the total leasable area of the site.

Staff support this request which is consistent how the City regulated other large format retail developments located along the Langley Bypass.

CD1 Zone 20075 Langley Bypass	140,000 ft ²	25% Small Format Retail
CD8 Zone 20155 Langley Bypass	13,000 ft ²	10% Small Format Retail
CD10 Zone 20100 Langley Bypass	233,000 ft ²	25% Small Format Retail
Proposed CD56 Zone 19868 Langley Bypass	182,119 ft ²	25% Small Format Retail

Fire Department Comments:

Langley City Fire-Rescue Service has reviewed the attached plans and provided preliminary comments to the applicant. The department will review, and make further comment, as the project continues to the building permit design stage.

Advisory Planning Commission:

In accordance with Development Application Procedures Bylaw No. 2488, the subject applications will be reviewed by the Advisory Planning Commission at

the March 14, 2018 meeting. A copy of the APC minutes will be presented to Langley City Council at the March 19, 2018 Regular Council meeting.

BUDGET IMPLICATIONS:

No additional DCC's are applicable to this request.

ALTERNATIVES:

- 1. Require changes to the applicant's proposal.
- 2. Deny application.

FEBRUARY, 2018

ZONING BYLAW, 1996 NO. 2100, AMENDMENT NO. 156, 2018, NO. 3081

A Bylaw to amend City of Langley Zoning Bylaw, 1996, No. 2100 to add a new Comprehensive Development Zone (CD64) and rezone the property located 20555 -56th Avenue to that new zone.

WHEREAS Bylaw No. 2100, cited as the "Zoning Bylaw, 1996, No. 2100" was enacted by the Council of the City of Langley on the Tenth day of June, 1996;

AND WHEREAS Simcic & Urich Architects has made application to amend the said Bylaw No. 2100 to include a new Comprehensive Development (CD64) zone and to rezone Lot 54, Except; Part on Bylaw Plan 58428; District Lot 37, Group 2, New Westminster District Plan 35362 ("the said Lands") from the Downtown Commercial (C-1) Zone to the Comprehensive Development – 64 (CD64) Zone;

NOW THEREFORE, the Council of the City of Langley, in open meeting assembled, enacts as follows:

1) Bylaw No. 2100, cited as the "Zoning Bylaw, 1996, No. 2100" is hereby amended by including the following as the new Zone classification of Comprehensive Development - 64 (CD64) Zone:

III. CD64 COMPREHENSIVE DEVELOPMENT ZONE

1. Intent

This Zone is intended to accommodate and regulate the development of a microbrewery use with downtown oriented commercial uses and facilities.

2. Permitted Land Uses

Land, buildings and structures shall be used for the uses as permitted in the following Zone only:

- (a) Uses permitted in the C1 Zone.
- (b) Microbrewery Use.

Bylaw No. 3081 Page 2

3. Lot Dimensions

The minimum size and width of lots which may be created by subdivision in this Zone are as follows:

Minimum				
Lot Size	Lot Width			
222 m ²	n/a			
[2,389.66 ft ²]				

4. Size of Buildings and Structures

_	Maximum		
Building Type	# Units	Height	
Principal Building	371 unit/ha ⁽ⁱ⁾	46.0 m [150.91 ft]	
Accessory Buildings and Structures	n/a	n/a	

5. Lot Coverage

All buildings and structures combined shall not cover more than ninety (95) percent of the lot area.

6. Siting of Buildings and Structures

	Minimum Lot Line Setback			
Building Type	Front	Rear	Interior	Exterior
Principal Building	1.8 m 5.90 ft.	0.0 m 0.0 ft	0.0 m 0.0 ft	1.8 m 5.90ft.
Accessory Buildings and Structures	n/a	n/a	n/a	n/a

(i) Where storeys are used for residential purposes, all lot line setbacks shall be

a minimum of 6.0m (19.69 ft) with respect to such storeys.

7. Off-Street Parking and Loading

Off-street parking and loading shall be provided and maintained in accordance with Section I.E. of this Bylaw with the following exception:

Bylaw No. 3081 Page 3

8. Landscaping

Landscaping, Screening and Fencing shall be provided and maintained in accordance with Section I.F. of this Bylaw.

9. Special Regulations

(a) *Microbrewery Use* means a facility for the brewing of beer licensed by the Province of British Columbia: includes the following as accessory uses: lounge area for sampling product made on site, retail display and retail sales area.

10. Other Regulations

In addition, land use regulations including the following are applicable:

- (a) General provisions on use are set out in Section I.D. of this Bylaw.
- (b) Building Permits shall be subject to the City of Langley Building Bylaw and the Development Cost Charge Bylaw.
- (c) Subdivisions shall be subject to the City of Langley Subdivision Control Bylaw and the Development Cost Charge Bylaw.
- (d) Development Permits may be required in accordance with the Official Community Plan.
- (e) Sign Permits shall be subject to the City of Langley Sign Bylaw.
- 2) The said Bylaw No. 2100 is further amended to rezone "Lot 54, Except: Part on Bylaw Plan 58428; District Lot 37, Group 2, New Westminster District Plan 35362 the said lands contained within the heavy black outline appearing on Schedule "A", attached hereto and forming a part of this Bylaw, from Downtown Commercial (C1) Zone to the Comprehensive Development - 64 (CD64) Zone herein as the said lands.

3) This Bylaw may be cited for all purposes as the "City of Langley Zoning Bylaw, 1996 No. 2100, Amendment No. 156, 2018, No. 3081."

READ A FIRST AND SECOND TIME this twenty third day of August , 2018.

A PUBLIC HEARING, pursuant to Section 890 of the "Local Government Act" was held this seventeenth day of September, 2018.

THIRD READING of the Bylaw was given this seventeenth day of September, 2018.

APPROVAL OF THE MINISTRY OF TRANSPORTATION was received this eleventh day of October, 2018.

Advisory Planning Commission Report

To: Advisory Planning Commission

Subject Rezoning Application RZ 13-18

From: Development Services & Economic Development Department File #: 6620.00 Doc #:

Date: July 20, 2018

COMMITTEE RECOMMENDATION:

THAT Rezoning Application RZ 13-18 to accommodate a "Microbrewery" at 20555-56th Avenue be approved subject to execution of a Development Servicing Agreement in compliance with the conditions outlined in the Director of Development Services & Economic Development report.

PURPOSE OF REPORT:

To consider a Rezoning Application and Development Permit Application by Simcic Uhrich Architects to accommodate a "Microbrewery" at 20555-56th Avenue.

POLICY:

The subject property is zoned C1 Downtown Commercial Zone pursuant to Zoning Bylaw No. 2100, which currently does not permit "microbrewery use". In addition, the subject property is designated as Downtown Commercial in our Official Community Plan. One of the "Fundamental Objectives" articulated within our OCP under 'Economic Development' is "to facilitate the strengthening and diversification of the local economy".

COMMENTS/ANALYSIS:

Background Information:

Applicant: Owner: Civic Addresses: Legal Description:	Simcic & Ulrich Architects Eurocan Industries Inc. 20555-56 th Avenue Lot 54, Except: Part on Bylaw Plan 58428; District Lot 37, Group 2, New Westminster District Plan 35362
Site Area:	7,333 m2
Total Building Area:	31,124 ft ²
Total Parking Required:	93 spaces, including 3 handicap
Total Parking Provided:	designated stalls 106 spaces, including 3 handicap designated stalls
Existing Zoning:	C1 Downtown Commercial Zone
Proposed Zoning:	CD 64 Comprehensive Development Zone
OCP Designation:	Downtown Commercial
Variances Requested:	None
Development Cost	Not Applicable
Charges:	
Community Amenity	Not Applicable
Charge:	

Engineering Requirements:

These requirements have been issued for a rezoning for a proposed **Microbrewery Use.** These requirements may be subject to change upon receipt of a development application.

a) <u>The developer is responsible for the following work which shall be</u> <u>designed and approved by a Professional Engineer:</u>

1. If a new water service connection and meter is required for the proposed microbrewery use. The developer's engineer will determine the appropriate main tie in locations and size the connections for the necessary capacity.

2. Water meters are required for each water connection and are to be installed outside in a vault away from any structure, in accordance with the City's water meter specifications, at the developer's cost.

Discussion:

The applicant is proposing to locate a "microbrewery" in the former Thrift Store space at *Highland Village Shopping Centre* Unit #5 -20555 -56th Avenue. "*Microbrewery*" is not currently permitted in the C1 Downtown Commercial Zone. Since the applicant is proposing to utilize an existing building without an addition, no Development Permit is required.

In addition to City of Langley approval, a microbrewery is licensed as a *"Manufacturer's License"* by the Provincial Liquor Control and Licensing Branch (LCBC) and is defined as *"a facility for the brewing of beer licensed by the Province of British Columbia: includes the following accessory uses; lounge area for sampling product made on site, retail display area, and retail sales area".*

The proposed "*Farm Country Brewing*" proposes to operate its Lounge and Retail Sales Area from Sunday-Wednesday Noon-9pm, Thursday-Saturday Noon-11pm and employ 8-12 people.

Fire Department Comments:

Langley City Fire-Rescue Service has reviewed the attached plans and provided preliminary comments to the applicant. The department will review, and make further comment, as the project continues to the building permit design stage.

Advisory Planning Commission:

In accordance with Development Application Procedures Bylaw No. 2488, the subject applications will be reviewed by the Advisory Planning Commission at the August 8, 2018 meeting. A copy of the APC minutes will be presented to Langley City Council at the August 23, 2018 Special Council meeting.

BUDGET IMPLICATIONS:

N/A.

ALTERNATIVES:

- 1. Require changes to the applicant's proposal.
- 2. Deny application.

FARM COUNTRY BREWING

#5 - 20555 Sóth Avenue Langley BC SIMCIC + UHRICH ARCHITECTS

Our Story

Farm Country Brewing began as a dream between founders Travis and Arnold who wanted to share their love of craft beer with the community they grew up in. Langley was and still largely is farm country! Growing up here taught us the values of putting in a hard days work and helping out your fellow neighbour to get the job done. In the country when the work day is over and the weekend has arrived time well spent with family and friends is what life's all about!

Here at Farm Country Brewing we were drawn to craft beer for the **high quality handcrafted flavourful brews**, but we found out that craft beer is so much more. It's about creativity and collaboration, supporting your local community, and getting back to friendly customer service from days gone by. It's these values that we look forward to sharing with the good people of Langley and the surrounding Fraser Valley. We hope our beers join you as you gather with friends and family to celebrate life's many achievements.

Our Brewing Style

Langley has historic roots as a farming community and is now one of the fastest growing areas in B.C. for young families. It's this unique blend of tradition and youthful enthusiasm that inspires us to create beers that are fresh, flavourful and innovative, yet still stay true to the traditions of old world styles. Whether you're a craft beer enthusiast or new to the game, we've handcrafted a beer for you. Farm Country beers are brewed to reward hard work and accompany good times!

REPORT TO COUNCIL

To: Mayor Schaffer and Councillors

Subject	Results of 2018 Local Government and School Trustee Elections	Report #:	
From:		File #: Doc #:	4200.00
Date:	October 24, 2018		

RECOMMENDATION:

THAT the report of the Chief Election Officer dated October 24, 2018 regarding results of the 2018 Local Government and School Trustee Elections be received for information.

PURPOSE:

To submit to Council the results of the 2018 Local Government and School Trustee Elections.

POLICY:

Section 158 of the Local Government Act reads as follows:

158(1) Within 30 days after the declaration of official results under section 98 for an election by acclamation or under section 146 for an election by voting, the chief election officer must submit a report of the election results to the local government.

(2) In case of an election by voting, the report under subsection (1) must include a compilation of the information on the ballot accounts for the elections.

(3) If the results of the election are changed by a judicial recount or on an application under section 153 [application to court] after the report under subsection (1) is submitted, the designated local government officer must submit to the local government a supplementary report reflecting the changed results.

COMMENTS/ANALYSIS:

The purpose of this report is to submit the Official Election Results and the Ballot Paper Account pertaining to the local government elections for Mayor, Councillors and School Trustees.

Voting opportunities were held as follows:

Advance Voting - Timms Community Centre – October 9, 10, 11 and 17 Special Voting - Evergreen Timbers Assisted Living/ Langley Senior Resources Society – October 18 General Voting - Nicomekl Elementary School – October 20

Ballot counting on Election Night (October 20) was slightly delayed as there were voters still in the polling station at 8:00 pm; however, after all electors had voted, the results tapes were run and the unofficial results were tabulated and projected for viewing by those in attendance by 8:30 pm.

The determination of election results was undertaken on October 22nd and concluded October 23, 2018 as it included re-counting of all ballots at the request of a candidate. The official election results were declared on Wednesday October 24, 2018.

4891 of 18,332 eligible voters (18,288 resident electors and 44 non- resident electors) cast their ballot which translates into a voter turnout of 26.7% compared to 24.1% in 2014, 20.9% in 2011 and 21.1% in 2008. Elections were held to elect the Mayor, Councillors and School Trustees at all four of these elections.

For your information, I have included a copy of the following documents with this report:

- a) Official Election Results
- b) Declaration of Official Election Results
- c) Ballot Accounts
- d) Historical Statistics

I would like to take this opportunity to recognize the superb efforts of the election staff on Election Day. Their professionalism and energy made things run very efficiently and effectively.

BUDGET IMPLICATIONS:

The election budget is \$50,000.
