## RECOMMENDATION:

THAT the City of Langley acknowledge the receipt of \$475,823 from the Provincial Government to help fund the salary of three RCMP officers from the traffic fine revenue received in 2019.

---

## PURPOSE:

The Strategic Community Investment Fund Agreement the City has with the Provincial Government requires the City to annually report on the traffic fine revenues received in the prior year.

## POLICY:

None.

## COMMENTS/ANALYSIS:

The Provincial Government requires the City to publicly report on the amount of traffic fine revenues received. In 2019, \$475,823 in traffic fine revenues was received from the Province.

In 2004, the Province began returning 100% of the traffic fine revenues to municipalities and the City hired three RCMP officers that year funded by the increase in the traffic fine revenues. The annual grant continues to provide funding for these three RCMP officers.

In 2018, the Province advised the UBCM of its intention to consult with local governments about potential changes to the agreement. The Province introduced intersection safety cameras and proposed to recover the ongoing operating cost and capital upgrade costs from the traffic fine revenues. As a result of this change the traffic fine revenues have increased as follows:

2018 - \$452,388

2019 - \$475,823

2020 - \$600,619 (Provincial commitment)

#### **BUDGET IMPLICATIONS:**

The City's adopted 2019 Financial Plan anticipated \$450,000 in traffic fine revenue. The actual funding received of \$475,823 was \$25,823 higher than the budget based on the actual traffic fine revenues generated in the Province during the period. This revenue was generated between April 2017 to March 2018 as there is a time lag between when the revenue is generated and when it is disbursed to the municipalities.

#### **ALTERNATIVES:**

None.

#### **CHIEF ADMINISTRATIVE OFFICER'S COMMENTS:**

I support the recommendation.
