

CITY OF LANGLEY

COUNCIL MEMBER MOTION

“Light Up” Policy Change Request – Mayor van den Broek

BACKGROUND:

There are a number of occasions throughout the year for which the City receives requests to light up outdoor landmarks, bridges, buildings, stadiums, or other illuminated locations, with various colours of lights, depending on the occasion.

The light system at the Spirit Square has the ability to be lit up in any colour combination, and is on a timer system so minimal resources are required, with the exception of setting the timer and general maintenance.

MOTION:

THAT staff be directed to prepare a report to Council on implementation of a policy for the use of the Spirit Square lighting system in responding to requests to the City to light up outdoor City locations in recognition of various causes and occasions.
