

APPENDIX A: TRANSCRIPTS ASKING: 'DO YOU KNOW WHAT NATURAL GAS IS?'

Conversation 1 (two people present):

Eddie: Do you know what natural gas is?

Person 1: I think natural gas is like the actual air gas

Person 2: No, not really. Why?

Eddie: I'm just curious, do you know what it is?

Person 1: I don't know if its like liquid or actual air gas

Person 2: I think it's like a fuel and you like, put it in a tank and burn it?

Eddie: Sure that's close enough

Person 2: Yes, nailed it!

Conversation 2:

Eddie: Do you know what natural gas is?

Person 3: Gas that comes from the earth naturally

Eddie: Could you tell me more about that?

Person 3: No I don't know

Eddie: Do you know where they get it from?

Person 3: No

Eddie: Do you know what it is?

Person 3: No I don't know, it's a long time since I've been in science class

Conversation 3:

Eddie: May I ask you the question I ask everyone who starts here?

Person 4: Yes

Eddie: Do you know what natural gas is?

Person 4: I don't want to say yes but I don't want to say no

Eddie: Say whatever you think

Person 4: No not really

Eddie: I keep telling everyone that people don't know what natural gas is.

Person 4: I don't think I really know, maybe if I looked it up.

Conversation 4:

Eddie: You seem like an informed fellow, I have a question that I have been asking people, do you know what natural gas is?

Person 5: Natural?

Eddie: Natural gas.

Person 5: Where it actually comes from, or what it actually is?

Eddie: Yeah, what is it?

Person 5: I know it's not propane, but I know it is something similar to it. But, I wouldn't actually know to tell you the truth what actual real natural gas is and where it comes from.

Eddie: That's a perfect, great answer. I'm finding most people don't know.

Person 5: I know natural gas is similar to propane, but I know it is not the same. I know that what we have in our houses is natural. Where they get it from and all that I don't know.

Eddie: Do you know what fossil gas is?

Person 5: No.

Eddie: Can you figure it out?

Person 5: Gas that's a fossil fuel?
