**Hello: I oppose this rezoning and development permit.
I can't believe you are even considering this proposal.
I know the city needs more tax dollars. This project does not even fit in. Just like the building at the top of the street. This will block quite a few places light. Have any of you checked out the area on the other side of 200th Street? There is no sense of community. Is this what you really want for Langley City? I am sure it will go ahead even if people don't want it to and Langley will become like other small cities. Sad to see this happening.
And to move seniors and other low income people from their homes when affordability isn't available.
I guess the developers are running the show. Do any of you actually live in Langley City? I just shake my head in disbelief.
Sincerely and good luck. Leslie Summers 22 (1) -54th Ave. Langley, BC**
