To the Deputy Corporate Officer,

I support the City's financial plan to enhance our public safety within our community, especially increasing the manpower of the fire department to maintain a safe level of staffing. With the continued growth of the city and the eventual sky train extension, we have to increase both fire and police, to maintain safe operating conditions for both the first responders and the public! Sincerely Brent and Kellie Morgan ^{22 (1)} -209 A street Langley BC
