

May 8, 2024

Mayor Nathan Pachal
City of Langley
20399 Douglas Crescent
Langley, BC V3A 4B3

Dear Mayor Pachal:

Re: 2024 LMLGA Resolution(s)

UBCM is in receipt of the attached resolution(s) endorsed by your Council. Your resolution(s) received endorsement at the 2024 LMLGA Spring Convention.

As such, the resolution(s) will be included in UBCM Resolutions Book for the 2024 UBCM Convention in September.

Please contact Jamee Justason, Resolutions and Policy Analyst, if you have any questions about this process, email: jjustason@ubcm.ca.

Sincerely,

A handwritten signature in black ink that reads "Mandewo".

Councillor Trish Mandewo
UBCM President

Medical Emergency Service Alarm Calls Cost Recovery

Langley City

Whereas gaps within the BC Ambulance Service (BCAS) service delivery continue to be filled by local government fire departments, by way of their regular response to a high-volume of Medical Emergency Service Alarm (MESA) calls; resulting in significant direct costs to local governments;

And whereas to date the solution provided by the Province of BC recommends that concerned local governments stop responding to select MESA calls; thus, failing to rectify the gap in service internally or financial impacts externally, and simultaneously shifting the accountability for health decisions onto local governments:

Therefore be it resolved that UBCM demand that the Province of BC immediately review their Resource Allocation Plan to implement an equitable cost recovery model to compensate local governments for responding to MESA calls.

Convention Decision:

Equitable Court Access

Langley City

Whereas gaps in service within the Provincial Courts continues to deny timely and equitable access to justice services for all British Columbians and will only be exacerbated by rapid population growth; thus, resulting in harms by prolonging closure for individuals awaiting court judgements, inefficient use of police time for travel, and greater challenges for those with limited access to public transit or transportation;

And whereas although recent investments made by the Ministry of Justice and Attorney General (JAG) have increased capacity at specific courthouses, the investments have not facilitated equitable access for all British Columbians or met service level requirements:

Therefore be it resolved that UBCM direct the Province of BC to identify and address current gaps in service in the Provincial Courts; and further, release an updated Courthouse Capital Asset Management Plan (CAMP) which reflects new growth projections and future service level needs.

Convention Decision:

Expansion of Homeless Response and Shelter Support (Heart and Hearth)

Langley City

Whereas the BC 2023 Homeless Point-in-Time count recorded the largest measured increase of individuals experiencing homelessness since 2005 (Metro Vancouver Regional District and Fraser Valley Regional District); with individuals experiencing homelessness for longer periods of time, and with more individuals in unsheltered environments due to insufficient permanent, temporary shelter or emergency beds throughout the regions;

And whereas the provincial government, having outlined the strategic plan “Belonging in BC: A collaborative plan to prevent and reduce homelessness”, has invested over 2 billion dollars since 2022 outlining commitments to “prioritized” communities, based on provincial qualifying assessments of local government homeless encampment impacts, to address immediate supports and shelter needs in those selected local governments:

Therefore be it resolved that the UBCM call on the provincial government to accelerate and expand its commitment beyond the qualifying limitations identified in “Belonging in BC” by including access for every community and expanding permanent, temporary shelters and associated program supports in all BC local governments.

Convention Decision:

**Bill 44, Bill 46, and Bill 47 - Financial Assistance for
Local Governments**

Langley City

Whereas local governments allocated the Building Community Funding to various community needs prior to the introduction of Bill 44, Bill 46, and Bill 47 and the Province has provided some limited funding support to assist local governments in implementing the housing initiatives;

And whereas local governments have limited staffing, resources, and budget capacity to undertake the required updates to their Official Community Plans (OCP), updates to their Engineering Servicing Plans (ESP), as well as review and analyze the impacts on all local government infrastructure with the implementation of Bill 44, Bill 46, and Bill 47 on communities:

Therefore be it resolved that UBCM demand the provincial government expand the scope and provide local governments additional financial support for the hiring of additional staff and or consultants to complete the required updates to Official Community Plans, Environmental Servicing Plans as well as to review the impacts on all community infrastructure, including but not limited to public amenities, recreation centres, hospitals, schools, first responders and aging infrastructure in order to comply with provincial mandates as stipulated in the legislation.

Convention Decision:
