Subject: Letter of Support

Good morning, Mr. Pachal

I write to you today to request a meeting to discuss the Agri-Kids Society and the work we are doing in the Langley's. The Agri-Kids Society teaches children about:

- local agriculture
- eating healthy and locally grown food
- history of how food got to Canada and the nutrition of those food items
- preservation of agricultural lands
- how to prepare their own meals

At the end of the 2023/2024 school year there were over 2,100 children in our program. We also work closely with BGC South Coast, The Raphael House and many other community organizations.

We have applied for a few grants to give us the ability to scale and offer our program regionally from Vancouver to Chilliwack. My ask is for a letter of support/recommendation like the ones we have received and that are attached to this email, that we can use for our grant applications.

Thank you for your time and consideration while reading this email.

Have a wonderful day,

Blake
