## RECOMMENDATION:

THAT the Arts, Recreation, Culture and Heritage Committee recommends that council approve the three-panel mosaic mural by Jessica Fairweather be located on the exterior southwest corner of Douglas Recreation Centre.

---

## SUMMARY:

On June 17, 2024, council approved a mosaic mural designed by Jessica Fairweather to be installed on the north wall of the Rotary Centennial Park washroom building incorporating the theme of flight and movement.

Upon completion of the mosaic mural, the Arts, Recreation, Culture and Heritage committee reflected on the decision to place the mural at Rotary Centennial Park due to the size of the piece and lack of visibility in the park. Rotary Centennial Park has two painted murals on the east and west sides of the washroom building.

Douglas Park is home to many social events and is a vibrant social space. The renovation of Douglas Recreation Centre created an opportunity to have the mosaic mural placed on the southwest corner of the building where the lighting and visibility of the artwork creates more of a focal point.
