Dear Mayor Pachal:

Thank you for your correspondence of November 5, 2025, regarding your interest in the Homeless Encampment Action Response Team (HEART) and Homeless Encampment Action Response Temporary Housing (HEARTH) initiatives for the City of Langley. I appreciated the thoughtful discussion during UBCM and your commitment to fostering inclusive and compassionate communities. I apologize for the delay in responding.

I want to thank you for your interest in the HEART and HEARTH initiatives, and while we recognize the need for these services in Langley, we are unable to expand the program to your community at this time. However, your interest is acknowledged, and if there are future expansion opportunities, we will reconsider this request.

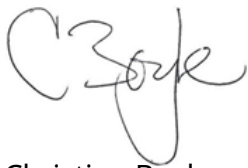

I also want to thank you for advocating for additional resources in your community, and I encourage you to work with your regional BC Housing representative to discuss other options for supporting people in your community who are experiencing, or at risk of, homelessness.

Please be assured that I value the City of Langley's interest in this important work, and we will continue to explore opportunities for collaboration. To that end, my office will reach out to schedule a meeting when an opportunity arises. I look forward to working together to create lasting solutions in your community and moving closer to ensuring that everyone in British Columbia has a place to call home – and a community where they feel they belong.

Thank you again for writing and for your continued commitment to building inclusive, resilient communities.

Sincerely,
